## **Executive Summary**

SBRR Mahajana First Grade College is reputed for its myriad academic activities led by an enduring vision to achieve the topmost echelons of higher education. Rooted firmly in the time honoured values of our great nation, the institution has accepted the challenging task of creating an enlightened youth force who keep social interest blended with individual development as the goal of their careers.

All the stake holders are at their peak, working hard, consistently, to bring higher levels of recognition to the college from time to time. NAAC grading, CPE recognition, Community College in the last five years etc., are the natural outcomes of the symbiotic relationship between these groups and the common purpose with which they are driven.

Ever increasing demand for the courses, steady academic performance, multiple courses and programmes, social engagements, research and outreach, have enriched the institution over the last three decades.

The college is now planning to adopt a vision document for 2032, culminating in the Golden Jubilee year of the college. Many areas of focus, short term and long term strategies and identification of core areas are being worked out, keeping in mind the growth and development of the institution. In the long run the institution wants to transform itself into a Deemed University. But at the moment, securing Autonomy stands out as the predominant institutional goal.

The college with its highly competent staff, modern infrastructure, state-of-the-art research facility and supportive management, believes that securing autonomy is a realizable goal which matches with its natural aspirations to become a premier higher education institution in the country.

We have approached the UGC to seek autonomy. We sincerely hope and look forward to the initiation of first steps towards fulfilling that goal of securing autonomy. This bears a special appeal to all concerned, the UGC and the University of Mysore, to reckon SBRR Mahajana First Grade College for the Grant of Autonomy.

## PART - I

### BACKGROUND OF THE INSTITUTION

SBRR Mahajana First Grade College is at an epochal moment in its cherished history, since it was founded in **1982**, born as an offspring of Mahajana Education Society (1937). It started as a Women's College offering B.A and B.Com programmes and was admitted to the Grant-in-aid scheme in the year **1987**, and in **1988** became a co-educational institution. As the college made rapid strides, being committed to academic excellence and qualitative development, B.Sc. programme was introduced in the year 1988, BBM programme was started in 1994, followed by Biotechnology, Microbiology, Biochemistry combinations in B.Sc. in 2004. The BCA programme was introduced in 2008 and BTH programme in 2010.

From a modest beginning the college has today branched out into a well reputed institution with its multi-dimensional growth. As a logical perseverance of its primary desire, on the threshold of the 21<sup>st</sup> Century, the college started PG programmes in 1999 from a new campus situated five kms. away from the main Campus. The institution now offers post-graduate degree and diploma courses in thirteen disciplines, including Computer Application, Biotechnology, Microbiology, Biochemistry, Computer Science, Information Technology, Business Administration, Commerce, Social Work, Chemistry, Economics and Tourism Administration. It is poised to start more number of new programmes in the years to come. The institution has also signed MoUs with Karnataka State Open University, Punjab Technical University, the Central University of Pondicherry and the State of Karnataka to offer different courses. The college also serves as the study centre of the Karnataka State Open University, Mysuru. It is granted **Community College** under the UGC Scheme, offering Diploma in Hospitality & Catering and Diploma in Museology. This programme is meant for the general public as well as for the interested students of the college.

The institution has excelled both in terms of infrastructure development and in the quality of education that is imparted. It is affiliated to the University of Mysore and has been accredited thrice by the NAAC with **Four Star (2001)**, **B++ (2007)** and **'A' Grade (2015)** in First, Second and Third Cycles respectively. The college has been recognized by the UGC as **College with Potential for Excellence (CPE) in 2010**. The institution is one of the few prestigious colleges which was designated as the **Lead College** by the Government of Karnataka to carry out HRD/TQM related activities in the region.

During the past three and half decades, a stream of adept staff members have made a lasting impression upon the college. So far, more than 8496 students have passed out of the hallowed portals of the college. They are mainly responsible for the overall growth and the present position enjoyed by the institution. In the report period 37 PG ranks and 4 gold medals were secured by the students. Achievements from the fields of Sports, NCC, NSS, Talents Forum, Placement Cell and many other fora are outstanding and noteworthy.

All the departments of the college have been consistently doing well and have kept up high standards of performance. Faculty members comprising 38 Ph.D, 32 M.Phil, 31 NET, 26 SLET and others with abundant experience and enthusiasm have made great impact in carving a niche for the college.

Presently there are 2732 students and 149 teaching 130 non teaching staff members who are the carriers of the spirit of the institution. Their dedication, hard work and professional commitment has been instrumental in the outstanding achievements recorded by the college. We have called our unique endeavour a workshop for leadership development. Some of the staff members have registered creditworthy academic growth and leadership abilities. Each faculty member is vested with an independent area, more than 100 of them in total, giving them an excellent opportunity to excel in the chosen field. This also provides an opportunity for the students to hone their leadership skills as well.

The **Alumni Association** meets regularly in the campus every year. The office-bearers of the Association have been sparing their valuable time for their Alma Mater. There are some informal alumni outfits which operate from outside the country as well. The parents are also an integral part of our set-up. An active **Parents Association** is the additional feature of the college. The association has been discharging its duty in multiple ways by firmly standing by the college and supporting its activities. This testifies the role of one of the important stakeholders of higher education in institution building.

The Management and the Governing Council of the college have played an inspiring role in building this illustrious institution by way of policy formulation and governance.

The vision of the chief patron of the college, **Sri Rattehalli Ramappa**, 'Promotion of Gender through Education', still guides the college, even after becoming a co-educational institution. The legacy of **Eighty years** (1937-2017), left behind by its founders, steers the

onward march of the Mahajana Education Society presently spearheaded by **Sri R Vasudeva Murthy**, a noted social leader of the city of Mysuru.

There are a number of instances when the general public, who are not formally associated with it in any capacity, express their supportive voice for many of the innovative programmes. On the whole, the institution has been successful in making an impact upon all stakeholders and create goodwill in the conscience of the general public. The college has remained ever vigilant to the happenings in the larger society and it wants to ‘support social endeavours and traditional values with sustained efforts.’

The college observed Silver Jubilee year through 2007-2008. The commemorative programme was held on June 27, 2008 in the august presence of **Dr. APJ Abdul Kalam**, the Hon’ble Former President of India. Planting of ‘Peace Tree’, release of publications and dedication of an open auditorium, named after the visiting guest Dr. Kalam, marked the occasion.

The Social Business Academic Network – India Chapter, was launched from the college on 4<sup>th</sup> September, 2015. It was inaugurated by **Prof. Muhammad Yunus**, 2006 Nobel Laureate, Founder of Grameen Bank and Chairman, Yunus Centre, Bangladesh. On this occasion planting of a ‘SB Tree’, release of a book ‘Mahajana – In the Eyes of the Press 2015’ was under taken.

The college, today, in addition to being the most sought after destination for quality education, has emerged as a socio-cultural hub of the region, The College provides platform for a number of programmes which are diverse in nature which draws attention of large sections of the society. It looks forward to play a proactive role in nation building, besides discharging the duty of imparting education to general public.

Thirty four years traversed by the institution stands testimony for its commitment to lofty ideals with which it was brought into existence, i.e. value-based quality education at affordable cost. The college with its nationalistic stand, pro-people approach, upholding humane values and student-centered administration, has been emerging as a centre of excellence in the field of higher education.

As a part of the Institutional Social Responsibility, the institution is proud of its green initiatives such as solar energy usage, waste water recycling and compost making from the kitchen waste, rain water harvesting and creation of a waterbody. Adoption of animals at

Chamarajendra Zoological Garden, Mysuru and looking after 448 trees stand testimony for the commitment. Participation in the Swacch Mysuru Dasara – Post Dasara cleanup has been yet another such initiative.

In continuation of the Institutional Social Responsibility, a village has been adopted for its integrated development. An MoU has been signed with the village, *Varakodu*, wherein diverse type of activities are carried out. Notable among these are, renovation of an ancient temple (***Chalukyan era – 5-7 Century AD***), maintenance of a *Kalyani* (Water tank), introduction of Student Self Help Groups, Greening of village, conducting of socio-economic survey to create a databank for developmental activities, organization of special camps as a part of **Extension and Outreach** programme of the college. All these activities have active participation of the students, faculty and the local population. The institution has, in all seriousness and commitment, extended Dr. A.P.J Kalam's PURA (Providing Urban Amenities to Rural Areas) to this village. In addition, special awareness programmes on Evils of Alcohol, Women Empowerment have also been conducted.

Yet another social responsibility initiative is rehabilitation of a mentally challenged destitute, in collaboration with an NGO in Mysuru district. The college through the NSS unit has distributed 100 desks to a Government First Grade College, in the neighbouring taluk.

The college NCC Unit 4B Coy of 13 KAR BN NCC was adjudged as the 'Best Unit' for Karnataka and Goa Directorate in 2014. The NSS Unit was also adjudged the Best for the University of Mysore, in the same year.

The college has also been recognized as 'Research Centre' for Life Sciences by the University of Mysore, thus enabling the PG students to pursue research and to enroll for Ph.D. programmes.

**Part – II contd. from page no. 13**

**3. Mode of selection of students and teachers**

As per Government rules and regulations and management guidelines.

**4. Physical facilities, i.e., library, accommodation and equipment  
(Appendix -A, B & C Page No. 153-174)**

**5. Institutional management**

The college is managed by Mahajana Education Society(R), and is affiliated to the University of Mysore, recognised by UGC under 2(f) 12-B and partly aided by the Government of Karnataka. **(Appendix – F, Page No. 187)**

**6. Financial resources the management can provide for the development of the institution**

Autonomy is sought for the all-round development of the institution including academic development and infrastructural development. Though this is a tall order involving heavy expenditure, the college administration fully supported by the management would substantially contribute to the resource pool for the successful implementation of autonomy.

**7. The responsiveness of the administrative structure to the views of staff and students**

The administration is highly receptive to the constructive suggestions given by the staff and students. They are suitably accommodated in the routine administration as and when applicable.

**8. Extent of freedom enjoyed by the staff for advanced scholarships, research and experimentation and involvement in educational innovation and reforms**

In the changing scenario of Higher Education, research, experimentation and innovation play a significant role in any education institution. This needs highest encouragement. Under UGC scheme management has been encouraging the aspirant staff to undertake major and minor research projects. Since the last three years the faculty of various departments of the college has been involving in diverse nature of research activities which is very important for autonomy.

The details of major and minor research projects undertaken during 2011-16 by the faculty of the institution is as follows:

## PART - III

### IMPLEMENTATION OF AUTONOMY

#### 1. Aims and objectives

- To restructure the UG and PG courses of study and align it to suit local as well as global needs.
- To prescribe rules for admission in consonance with the reservation policy of the state government and Government of India.
- To evolve methods of assessment of students' performance, conduct of examinations and notification of results.
- To use modern tools of educational technology to achieve higher standards and greater creativity.
- To promote healthy practices such as community service, extension activities, projects for the benefit of the society at large, neighbourhood programmes etc.,
- To become an institution of par excellence by 2032 and to compete with the best in the country and outside.

#### 2. Management of the College

Board of Management - to be constituted as per the norms of the UGC prescribed for Autonomous status.

#### 3. Academic Council

Structure and functions - to be constituted as per the norms of the UGC prescribed for Autonomous status.

#### 4. Boards of Studies

Structure and functions - to be constituted as per the norms of the UGC prescribed for Autonomous status. Advisory board is in existence to guide our endeavours for autonomous.

#### 5. Finance Committee

To be constituted as per the norms of the UGC prescribed for Autonomous status.

#### 6. Other Committees

Administrative Support, Student Support, Institutional Support and Co-curricular Support Committees – ASIC (**Appendix – D, Page No. 175**)

#### 7. Admission Eligibility

Admissions are made in accordance with the norms and rules prescribed by the State Government and the University.

#### 8. Student Feedback

The practice of collecting student's feedback about the college and faculty is in vogue and will be continued vigorously. With respect to faculty the following parameters will be followed:

- Academic knowledge
- Communication skills
- Punctuality
- Ability to manage the class
- Accessibility of the teacher after class.

The IQAC collects the data from the students and compiles it at the Research Cell of the college using 'Garret Ranking' software. Those with less than expected scores are called for an interview with the Principal, IQAC co-ordinator and Head of the Department for fact finding and suitable action.

With respect to college the following parameters will be followed:

Rating 1=poor, 5= excellent

- Clarity in explanation of subject
- Content quality is useful and relevant
- Faculty answering to queries and questions
- Coverage of topic/subject on time
- Explanation of concepts with practical examples
- Preparedness of faculty for classes
- Faculty guidance for preparing students to seminars/conferences
- Faculty punctuality to the classes
- Faculty treats students with courtesy
- Classroom control by faculty

#### **9. Internal Assessment**

Continuous assessment of student work is in vogue.

#### **10. External Assessment**

Question papers will be set by the external examiners based on the syllabus. External and Internal valuations will be in the ratio of 70:30 for courses with practicals and 80:20 for courses without practicals.

#### **11. Financial Implications**

Expenditure will be incurred out of the UGC assistance. Matching assistance will be secured from the management for additional resources.

#### **12. Course Contents**

As per the syllabus recommended by different Boards of Studies and approved by the Academic Council.

#### **13. Co-curricular and Extracurricular Activities**

The college has facilities and expertise to conduct several activities. The list of committees (with their motto & vision) already engaged in the college is enclosed. **(Appendix-E, Page No. 182)**

#### **14. Performance Assessment of the College**

Three committees were established with internal and external members to conduct the following:

- a. Academic Audit
- b. Gender Audit
- c. Green Audit

## Appendix - E

### Co-Curricular and Extra-curricular Activities

The Student Parliament is a unique feature of the college which provides a platform to the students for exhibiting their leadership and organisation skills. A broad-based Student Parliament was conceived which saw a systematized selection of Class Representatives (CRs) in the ratio of 1:10 and appointment of Organizing Secretaries to various committees. This resulted in the successful establishment of a student network with a deeper penetration, ensuring full-fledged participation of student community in almost all the activities. This restructuring has been further reinforced with the establishment of the ASIC committees. The college felicitates all the achievers in both the Curricular and Co-curricular activities in a function called the 'Prathibha Puraskara'.

'Mandara', the college magazine, is brought out annually. This is an indigenously prepared magazine which documents every activity carried out in the college in an academic year. The six - time First Prize winner for University of Mysore, is brought out in digital form also, probably the first of its kind for a college.

In addition to the annual magazine 'Mandara' the College has various in-house publications like newsletters, departmental special journals brought out periodically. Following is the list of the in-house publications:

1. **Brochure:** A mirror of the Institution published annually. Issued as Student Guide since 2012.
2. **Achiever:** This is an unconventional weekly brought out to record the outstanding performances and achievements of students and staff.
3. **Capitol:** It is the voice of the Department of Commerce. Articles written by students on commerce and business are the main feature. This helps them develop their writing skills. An additional feature is the Quiz Corner containing business questions.
4. **Chitta:** This newsletter is brought out with the motto of creating awareness about psychology among the general public.
5. **Infolet:** Monthly newsletter of the Department of Computer Science broughtout with perspective of enlightening the students with the latest trends in Information Technology and related issues.
6. **MFGC Times:** A newsletter brought out by the Department of English on a monthly basis covering the college activities.
7. **PEP:** It is a fortnightly Wall Journal. It is brought out with the objective of creating public awareness regarding burning current issues.
8. **Vichara:** This is a monthly newsletter. It gives publicity to the activities and achievements of the students and staff of the college as well as the Mahajana Education Society. Department of Journalism plays a major role here, giving the Journalism students the necessary practical exposure in news reporting, editing and news printing.

9. **The Voice:** This newsletter publishes the activities and on-going projects of the Rotaract Club.
10. **Alumni Newsletter:** A bi-monthly which covers activities of the alumni periodically.
11. **Kautilya:** Newsletter from the department of Economics.
12. **Kadamba:** Newsletter from the department of History.
13. **Muses Literary:** Newsletter from the department of English.
14. **Spoorthi:** Newsletter from the department of Kannada.
15. **Career Bulletin:** Newsletter from the Career Guidance and Placement Cell.

### **Extension Services of the College**

The college extends service to the society at large through various service units. They are monitored by a Teacher Convenor and assisted by teachers and student members.

### **National Service Scheme - NSS - Unit I and Unit II**

The NSS unit, true to its core value of commitment to society by social service, is involved in various constructive activities through *shramadana* with the objective of **Not I, But you**. It has been actively involved in programmes like tree plantation, constructive work in villages etc. It has been judged as the **Best Unit** at the **State level** and its Officer as the **Best NSS Officer for the year 2005-06 and 2013-14**. A ten-day camp is a regular annual feature. A proud moment for the college was the establishment of a second unit. Two faculty members designated as NSS officers monitor the presently existing two units. Today, we are proud to say that under NSS we have taken a village called **Siddalingapura** for its improvements in all fields.

### **National Cadet Corps - NCC**

#### **Army Wing**

The NCC unit of the college was commissioned during 1989-90. It aims at inculcating discipline and developing patriotism and leadership qualities among cadets. It motivates the cream of the youth to join the Armed Forces. Basics of army training, camps and adventures are regular features. Best Institution Award for Karnataka and Goa Directorate – 2013.

#### **Navy Wing**

A proud moment was the addition of a Naval NCC unit in 2010-11. The unit has fulfilled all its vacancies.

#### **Artillery**

This unit has been raised during 2013 and has an intake of 30 Cadets every year.

#### **Air Wing**

This unit has been raised during 2015 and has an intake of 30 cadets.

ವಿಶೇಷ ಸೂಚನೆ :

- 1) ಬಿ.ಟಿ.ಹೆಚ್. ಕೋರ್ಸ್‌ನ ಬಗ್ಗೆ ವಿಚಾರಣೆ ನಡೆಯುತ್ತಿರುವ ಹಿನ್ನೆಲೆಯಲ್ಲಿ ಸದರಿ ಸಂಸ್ಥೆ / ಕಾಲೇಜಿಗೆ ಸರ್ಕಾರದ ಆದೇಶವನ್ನು ಜರೂರಾಗಿ ತರಲು ತಿಳಿಸಲಾಗಿದೆ.
- 2) ಬಿ.ಟಿ.ಹೆಚ್. ಕೋರ್ಸ್‌ನ್ನು ಪ್ರತ್ಯೇಕ ಕಾಲೇಜಾಗಿ ಆರಂಭಿಸಬೇಕೆಂಬ ಪರತ್ತಿನೊಂದಿಗೆ 2009-10ಕ್ಕೆ ಮಾತ್ರ ಎಸ್.ಬಿ.ಆರ್.ಆರ್. ಮಹಾಜನ ಕಾಲೇಜಿಗೆ ತಾತ್ಕಾಲಿಕ ಸಂಯೋಜನೆ ನೀಡಿದ್ದು, ಇದುವರೆವಿಗೂ ಇದು ಪ್ರತ್ಯೇಕ ಕಾಲೇಜಾಗಿ ಪರಿವರ್ತವಾಗಿರುವುದಿಲ್ಲ. ಈ ವಿಷಯವಾಗಿಯೂ ಕಾಲೇಜು ತುರ್ತು ಕ್ರಮ ಕೈಗೊಳ್ಳಲು ತಿಳಿಸಿ, ಬಿ.ಟಿ.ಹೆಚ್. ಕೋರ್ಸ್‌ಗೆ ಪ್ರತ್ಯೇಕ ಅರ್ಜಿ ಸಲ್ಲಿಸದೇ ಎಸ್.ಬಿ.ಆರ್.ಆರ್. ಮಹಾಜನ ಪ್ರಥಮ ದರ್ಜೆ ಕಾಲೇಜಿನ ಯು.ಜಿ. ಕೋರ್ಸ್‌ನ ಅಡಿಯಲ್ಲಿ ಅರ್ಜಿ ಸಲ್ಲಿಸಲು ತಿಳಿಸಿ ಪ್ರಸಕ್ತ ಸಾಲಿಗೆ ಮಹಾಜನ ಪ್ರಥಮ ದರ್ಜೆ ಕಾಲೇಜಿನ ಒಂದು ಯು.ಜಿ. ಕೋರ್ಸ್ ಎಂದು ತಾತ್ಕಾಲಿಕ ಸಂಯೋಜನಾ ಮುಂದುವರಿಕೆ ಆದೇಶ ನೀಡಲಾಗಿದೆ.
- 3) ಸಂಯೋಜನಾ ಮಂಜೂರಾತಿ ಆದೇಶದಲ್ಲಿ ನೀಡಿರುವ ಕೋರ್ಸು/ವಿಷಯ/ವಿಷಯಸಮೂಹಗಳಿಗೆ ನಿಗದಿಪಡಿಸಿರುವ ಪ್ರವೇಶಾತಿ ಸಂಖ್ಯೆಗೆ ಮಾತ್ರ ಪ್ರವೇಶಾತಿ ಮಾಡಿಕೊಳ್ಳತಕ್ಕದ್ದು. ಸಂಯೋಜನಾ ಮಂಜೂರಾತಿ ಆದೇಶ ನೀಡದೇ ಸ್ಥಳೀಯ ವಿಚಾರಣಾ ಸಮಿತಿಯ ವರದಿಯಲ್ಲಿ ಹೊಸದಾಗಿ ಶಿಫಾರಸ್ಸು ಮಾಡದಿರುವ ಕೋರ್ಸು/ವಿಷಯ/ವಿಷಯ ಸಮೂಹಗಳನ್ನು/ಪ್ರವೇಶಾತಿ ಸಂಖ್ಯೆಯನ್ನು ಪ್ರವೇಶ ಮಾಡಿಕೊಳ್ಳತಕ್ಕದ್ದಲ್ಲ.
- 4) ಸ್ಥಳೀಯ ವಿಚಾರಣಾ ಸಮಿತಿಯು ನೀಡಿರುವ ವರದಿಯಲ್ಲಿ ಶಿಫಾರಸ್ಸು ಮಾಡಿದ್ದರೂ/ಸರ್ಕಾರದ ಅನುಮೋದನೆ ದೊರೆತಿದ್ದರೂ ವಿಶ್ವವಿದ್ಯಾನಿಲಯದ ಸಂಯೋಜನಾ ಮಂಜೂರಾತಿ ಆದೇಶ ಪಡೆಯದೇ ಯಾವುದೇ ಕೋರ್ಸು/ ವಿಷಯ/ ವಿಷಯಸಮೂಹ/ ಪ್ರವೇಶಾತಿ ಸಂಖ್ಯೆಗೆ ಪ್ರವೇಶಾತಿ ಮಾಡಿಕೊಳ್ಳತಕ್ಕದ್ದಲ್ಲ. ಅಂತಹ ಸಂದರ್ಭದಲ್ಲಿ ಆಗಬಹುದಾದ ತೊಂದರೆಗಳಿಗೆ ಸಂಬಂಧಿಸಿದ ಕಾಲೇಜಿನ ಪ್ರಾಂಶುಪಾಲರನ್ನು ಹೊಣೆಗಾರರನ್ನಾಗಿ ಮಾಡಲಾಗುವುದು ಎಂಬ ಅಂಶವನ್ನು ಗಮನಿಸತಕ್ಕದ್ದು.

ಪ್ರಥಮ ದರ್ಜೆ ಕಾಲೇಜಿಗೆ ಸ್ಥಳೀಯ ವಿಚಾರಣಾ ಸಮಿತಿ ವಿಧಿಸಿರುವ ಪರತ್ತುಗಳು:

- The student admission to Government aided courses and sections should be done separately and the tuition fee of these programmes be collected as per the State Government norms only.
- Qualified faculty should be appointed on permanent basis by offering the prescribed pay scale and maintain the service registers of all staff properly, in order to avoid the discrepancies that were noticed during this visit.
- Measures should be taken to improve the admission of students to various combinations of B.A. and B.Sc. courses.
- Teachers are to be provided with enough opportunities to attend orientation and refresher courses in order to avoid redundancy.

B.T.H. ಕೋರ್ಸ್‌ಗೆ ಸ್ಥಳೀಯ ವಿಚಾರಣಾ ಸಮಿತಿ ವಿಧಿಸಿರುವ ಪರತ್ತುಗಳು:

- Permission should be obtained from the Government and University for shifting the course from SBRR Mahajana First Grade College, Jayalakshmipuram, Mysore.
- Should comply with the affiliation condition to establish B.T.H. on a separate college.
- Qualified core faculty should be appointed by following Roster and due process of recruitment.
- Attempts should be made to improve admission.
- The course should be effectively promoted among students of Karnataka.

ಸ್ಥಳೀಯ ವಿಚಾರಣಾ ಸಮಿತಿಯು ಸಲ್ಲಿಸಿರುವ ವರದಿಯ ಪ್ರತಿಯನ್ನು ಲಗತ್ತಿಸಲಾಗಿದೆ.

D. O. No. F. 12-1/2008 (NS/PE)

March, 2010

Dear Sir, / Madam

This has reference to your communication recommending five colleges under the Scheme "Colleges with Potential for Excellence" (CPE). The proposals recommended by your University were evaluated by the Working Group appointed for the above purpose. Arising out of the evaluation, the Standing Committee on CPE had recommended Colleges to be awarded CPE status during Phase-III.

I am happy to inform you that the following colleges affiliated to your University have been selected for the award of CPE status during Phase-III:-

1. SBRR Mahajan First Grade College,  
Mysore, Jayalakshmipuram,  
Dist., Mysore (Karnataka) - 570 012
2. St. Philomena's College,  
Bannimantap, Ext. Mysore,  
Dist., Mysore (Karnataka) - 570 015
3. Yuvaraj's College,  
Mysore, Dist., Mysore,  
(Karnataka) - 570 005
4. JSS College of Arts,  
Sc. And Commerce Ooty Road,  
Mysore, Dist., Mysore (Karnataka) - 570 004
5. JSS College for Women,  
Kollegal, Mysore, Dist.,  
Mysore - 571 440 (Karnataka)

The Principal(s) of the College(s) may please be requested to send a Certificate to UGC that the data provided by them in the proposal is factually correct and the College is a grant-in-aid/Government/Constituent College and if the data submitted by the College(s) are found to be incorrect, the CPE status would be revoked, as per the provision in the Guidelines on CPE.

The CPE tenure is for the XI Plan period from the date of approval of the Budget of the colleges. You may request the College(s) to prepare an Action Plan for the years 2010-2011, 2011-2012 and send the same to me along with the budgetary requirements in accordance with the CPE Guidelines (a copy of which has already sent to you and also available on UGC website).

The Visiting Committee shall visit each of the provisionally recommended colleges to discuss and finalize the Action Plan and Budget of the College for CPE scheme. Further details of visit will be sent to the College(s) in due course.

The AAA Committee was constituted to conduct a comprehensive review of the facilities and workings of the college after four years of its assessment and accreditation by NAAC in 2009(?) as a Mid-term quality assessment initiative with particular reference to notable changes and improvements in academic and administrative mechanisms, introduced during the post-accreditation period. The Academic and Administrative Audit was conducted to provide an objective insight to the college on the level of holistic quality improvements that have been implemented during the post accreditation period on all aspects of the seven criteria of assessment adopted by the NAAC. The committee has visited the institution and its departments and interacted with the stakeholders including the members of management from 13-10-2014 to 15-10-2014 and prepared this report for their consideration.

## **SBRR Mahajana First Grade College, Mysore- A Brief Overview**

### **Mahajana Education Society (R)-The Founder**

The Mahajana Education Society ® (MES) was established in the city of Mysore in the year 1937 with the objective of developing an academic institution for offering value-oriented and need-based courses to the general public. The efforts of the notable visionary philanthropists like Sri Ambale Subramanya Iyer, Sri Agaram Suryanarayana Pandit, Sri G. Ranganna, Sri Jois MN, Sri M.N.Ramachandra Jois and several others to leave a lasting legacy has become a reality in the form of several institutes of repute over a period of eighty years. The society is one of the premier educational societies in the State of Karnataka, in India.

The society has celebrated its Platinum Jubilee in 2012-13. It has established several milestones and hallmarks in this region in the field of higher education. Well-known personalities like late Sri. B. Rachaiah, former Governor of Kerala; late Sri Tulasidas Dasappa; Sri S.M. Krishna, former Governor of Maharashtra & former Chief Minister of Karnataka; late Sri Poornachandra Tejaswi-a noted writer and a host of very eminent personalities from the field of cinema, theatre arts & movies, Sports, Social Service and many other sectors, form a large number of illustrious alumni, from this institution.

The management is spearheaded by well-known educationist and entrepreneur, Sri R. Vasudeva Murthy as President, supported by a dedicated team of office bearers including Dr. P R Naga Srinivasa, as Hon. Secretary and Sri N. Vijaya Kumar as the Treasurer of the society. The Governing body consists of very learned scholars, Ex-Vice Chancellors, writers, thinkers and people from various cross-sections of the society, who are assisted by a full time Administrative Officer.

Today, the Institutions of the Mahajana Educational Society, Mysore have branched out in several directions and have registered an unprecedented growth in terms of numbers, size and dimensions.

### **INSTITUTIONS RUN BY MAHAJANA EDUCATION SOCIETY are:**

1. Mahajana Public School.
2. Mahajana High School.
3. SBRR Mahajana PU College.
4. Ranga Rao Memorial PU College.
5. SBRR Mahajana First Grade College.
6. SBRR Mahajana Law College.

### **SBRR Mahajana First Grade College –The Background**

The SBRR Mahajana First Grade College, Mysore, took its birth in the year 1982, exclusively as a women's college by offering B.A. & B.Com. courses. The college was started with student strength of 66 and 18 staff members. It was brought under the ambit of grant-in-aid scheme of the Government in the year 1987. In the year 1988, it became a co-educational institution. Over a period of time, the college took a lot of initiatives to introduce new and new courses. The B.Sc. course was introduced in the year 1989, BBM course & Bio-technology, Biochemistry & Microbiology combination in B.Sc. were added in 1994 & 2004 respectively. The BCA course was introduced in 2008. The breakthrough in the academic development was made in the year 1999, by starting its Post-Graduation Centre, in the city of Mysore.

It is situated on a sprawling 20 acres campus on KRS Road, Mysore. As its maiden offer, this center commenced its three year Master Degree of Computer Applications (MCA) during the academic year 1999-2000. Further, the M.Com. course was introduced in the year 2002-03, and the M.B.A. course during the year 2004-05, which were followed by the M.Sc.(Biotech) course during 2004-05. During the year 2007-08, the M.Sc. Micro Biology course was started. The M.Sc Computer Science course was started during the year 2008-09 and the M.Sc (Bio-Chemistry) Chemistry & Economics courses have been added during the four years.

In addition to these, a Tourism Development institute was also set up to cater to the needs of budding tourism professionals. Both bachelors and Masters Degree programmes are offered in this institute. This institute was initiated by Govt of Karnataka to promote tourism industry, in the heritage city of Mysore. All these have become major milestones in the path of Higher Education, laid by the education society. The college has celebrated its Silver Jubilee with the august presence of Dr. A.P.J Abdul Kalam, the former President of India. It is affiliated to the legendary University of Mysore.

#### **Assessed and Accredited By NAAC**

In the year 2001, the college was assessed and accredited by NAAC with Four Stars and reaccredited with B++ in the year 2007. College was recognized as the Lead College in the year 2003 by the Government of Karnataka. The IQAC of the college was formulated with a plan of action in the year 2008, and carried out a lot of quality initiatives. The college proposes to go for the third cycle of accreditation, shortly.

#### **College with Potential for Excellence (CPE)**

The college was recognised as a College with Potential for Excellence (CPE), in 2010, by the University grants Commission. The College has also applied for obtaining the status of autonomy. At present, the college offers a large number of UG courses in all the major streams of arts, science, humanities, Commerce and Business Management disciplines and stand out as the most preferred destination for quality higher education by both Indian and overseas students.

## General Observation

After the accreditation college made several changes on the basis of the recommendations given in the peer team reports. Most of the recommendations given in accreditation report have been fulfilled by the College

## CRITERION WISE ANALYSIS

### Curricular Aspects:

#### Curricular Design & Development:

The institution has clearly stated its goals and objectives that were also communicated systematically to all its constituencies and stakeholders. The vision of the college is "imparting education with professional approach to make finer citizens: economically useful, socially responsible and culturally remarkable". The mission is "to develop necessary facilities to achieve accepted goals, to provide enriching inputs for better careers, to empower youth for contemporary social tasks and to support social endeavours and traditional values with sustained efforts".

All the academic programmes are in line with the institution's goals and objectives. The programmes are oriented to Social relevance and national development. The programmes are taught with career orientation and for meeting the trends of globalization with quality dimensions, Value orientation and Heritage. The goals and objectives are laid down in the college education report

provided to the students, teachers and stakeholders. The institution meticulously plans and develops action plan for the effective implementation of the curriculum.

The academic calendar is issued, well in advance, before the beginning of the academic year which helps the staff members to plan and decide steps to be initiated to achieve the goals. The departments attempt to transact the curriculum through teaching-learning viz classrooms, laboratories, seminars, symposia, educational visits and several other co-curricular activities.

**Academic Flexibility:**

The programme options provide a lot of scope for promoting general competencies and skills among all students, in addition to Inter and Multidisciplinary studies. Employability is one of the considerations in the overall development of the curriculum. The institution has a wide range of programme offerings that provide adequate academic flexibility. Options are also available for students to take additional / supplementary / add-on courses along with their regular curricula.

**Feedback on Curriculum**

There is a structured feedback analysis followed by the institution as evaluation is made by almost all stakeholders. The students' opinion regarding teaching and evaluation is collected by the college through IQAC.

The parents also express their opinion during their periodic meetings. The alumni also give their feedback on evaluation mechanism and various developmental issues. The organizations which visit the institute for recruitment selections also give their feedback about the competence of the students and corrective measures.

**Curriculum Update**

The updation of syllabus is done on a regular basis, facilitating the incorporation of advanced topics, through Boards of Studies in the University, once in three years. There is a visible faculty participation and initiative in the curriculum development and restructuring carried out at the university level.

**Best Practices in Curricular Aspects (If any)**

The College annually prepares a handbook ( Academic planner as Calendar) containing programmes of courses, time-table, dates of various activities, internal evaluation, college rules, schedule of curricular activities, cultural activities, functions, extension services etc. This handbook is distributed to the students before the commencement of the academic session.

**Teaching-Learning & Evaluation****Admission Process and Student Profile**

Admissions process is transparent. Counseling offered to students before selecting a course helps them in proper programme selection. Approved government and University norms are adopted for admission. The college ensures proper access and equity to all sections of the society.

**Catering to the Diverse Needs**

Slow learners are identified and remedial coaching is given to improve Spoken English, Communication skills and quantitative methods. The College is following a Class-Adviser system for mentoring the students. Weak students in various subjects are helped by the faculty.

**Teaching-Learning Process**

The teaching schedule and methodologies are planned and organized in advance. Educational Technology is effectively used by the faculty. For this purpose, the College is equipped with modern gadgets for teaching, learning and research.

The institution also encourages students with IT enabled teaching and ICT facilities to keep pace with the modern trend of development in curriculum and curricular transaction with quality and competence. The campus has Wi-fi network. In order to make teaching-learning more effective almost all the departments conduct workshops, seminars, group discussions, quiz, field visits, and study tours. Internet and audiovisual aids supplement the teaching-learning process in some departments. The routine class room teaching is supported by debates and lectures by experts. Class room interactions of faculty and students is highly visible and students attendance is continuously monitored. Many departments provide job oriented training to the students.

Students and faculty make optimum use of library and laboratory resources. Through student seminars, quiz programmes, field trips and project reports, students are given practical orientation.

**Teacher Quality**

Twenty percent of the teaching faculty members have M.Phils and Ph.Ds. Seventy-five percent of the positions are under grant-in-aid scheme and the remaining are filled up by the management. Recruitment of faculty is done as per State Govt. and UGC norms. Many teachers have availed the faculty development programmes.

**Evaluation Process and Reforms:**

There is internal assessment component in the evaluation system of courses. Continuous evaluation of students' progress is done by conducting regular centralised tests. Continuous evaluation and monitoring of students' progress are done with care. The college conducts centralised tests and University model tests.

**Best Practices in Teaching-Learning and Evaluation (If any):**

Student mentoring throughout his/her course of study is attempted by the teachers.

**Research, Consultancy & Extension:****Promotion of Research:**

The faculties who have doctoral degrees have shown periodical publication of research papers. The institution provides a start- up grant for research and development. Around Fifty percent of the faculty have published their research articles in reputed Journals.

The College has constituted a separate Research cell to coordinate all the research activities of various departments and their faculties and also to initiate new research schemes. The research activity of the College has increased with the recognition of 2 PG departments as Research Centres by the University of Mysore. A few teachers have done minor and major research projects and some are carrying out minor research projects, at present. Each department invariably has one or two on-going minor research projects. Research facilities and progression are very significant in the PG departments. The management is providing support for research and provides funds for travel for presenting papers and attending conferences and seminars. A few teachers have authored books and contributed in edited volumes. The teachers have published a good number of research articles/papers in international and in national journals. The college has made it mandatory to publish atleast one paper per faculty per year scheme.

**Research and Publications Output:**

The faculty members have published a large number of articles in national and international journals, presented papers in both national and international seminars and conferences. A few faculty members have authored books with ISBN numbers. Innovations in teaching and learning process are made by introducing seminars and projects at UG and PG level.

A few Departments regularly bring out their newsletters. Teachers have individually and jointly published some books. There is a need to strengthen the publications of faculty in terms of research papers, books and articles.

**Consultancy:**

Formal consultancy is not visible. Informal consultancy to the neighboring villages is extended, by a few departments.

**Extension Activities:**

The College organizes regular outreach programmes for the welfare and upliftment of the neighbourhood, through its sociology and social work departments. Such activities include medical camps, awareness programme for health and hygiene etc. A large number of teachers and students donated blood through blood donation programmes in the College. The environmental science department created awareness about clean campus programme, methods of protecting the environment and conservation of water. Community services through NSS, Medini, Counselling Centre, programme on health and AIDS awareness through Sanjeevini and Public Education Programmes were organized. For recreation and relaxation, programmes like music, dance and yoga were also conducted.

**Collaborations:**

Collaborations exist at the college level with industries and agencies for on-the job training and educational progress of students.

In addition to earlier MoUs, the College has recently entered into Memorandum of Understanding with some selected institutions with a view to secure academic co-operation, knowledge sharing and to run new courses and develop good infrastructure.

1. College for Leadership & Human Resource Development (CLHRD), Mangalore
2. Justice K S Hegde Institute of Management, Nitte
3. MGM Industries, Mysore
4. Vedavyasa Foundation of Yoga & Spiritual Academy, Mysore
5. Karnataka Tourism Department
6. Nehru Memorial College, Sullia
7. St. Philomena's College, Mysore
8. Glonet Pvt. Ltd. – Maldives.

**Infrastructure and Learning Resources:****Physical Facilities:**

The First Grade College campus houses three major blocks having class rooms, laboratories, seminar halls and conference rooms, in addition to the office, library and Edusat halls. Most of the departments have LCD projection facilities for ICT enabled teaching. There is a smart class-room in the Geography department.

All the classrooms of the PG centre are well equipped with computer, internet and other teaching aids. The College has kept pace with its academic growth by gradually augmenting its infrastructure facilities. The college makes optimum use of the infrastructural facilities to the optimum level.

There is also provision for research facilities in terms of laboratory equipment, research journals and research incentives.

**Maintenance of Infrastructure:**

The maintenance of the infrastructure is very good.

**Library as a learning resource**

The main library of the College housed for UG students has a substantial collection of books, magazines and journals, which is to be increased considering the number of students and programmes. The library may quickly go for providing OPAC facility with bar-code reading facilities for books for digital transactions. The library is kept open for 8 hours (9 AM to 5 PM) every day. It has spacious reference section. It has also internet browsing and reprographic facilities. There are broadband services with a speed of 8 MBPSs, with two servers. The functioning of the library is monitored by the Library Advisory Committee.

The library has a reading hall-cum reference section, in a separate floor. The Library Committee of the College functions to (a) promote reading habits among students, (b) attract more students to make use of various facilities of the library, (c) encourage students for further study and research in their subjects and (d) to encourage students to read great literary works.

All the departments have computer and internet connectivity. There are more number of Libraries to meet the requirement of students. Almost all PG departments maintain their own libraries with special collections for the use of students. INFLIBNET E-resources, on-line journal facilities and DELNET are available in the main library housed in both UG and PG centres.

**ICT as Learning Resources:**

The institution has a website. The milestones set for academic betterment was addressed by increasing the use of information and communication technology tools, like Audio-Visual facility, internet browsing centre, Edusat, Vsat and Research Cell, in addition to the avenues of regular teaching and learning.

**Other Facilities:**

The college has adequate number of classrooms and laboratories, administrative rooms, big space for library and reading, Gym, Sports and Indoor/outdoor Games and Girls rest room, departmental libraries with TVs, Seminar Hall, Vehicle parking space and two computer labs. University and Inter-collegiate sports and games are conducted in the playground. There is an open air auditorium.

**Best Practices in development of Infrastructure and Learning Resources:**

The best practices implemented by the institution are (a) Net worked campus and free network access to students and teachers, (b) transparent internal assessment system, (c) Invited lectures by experts, (d) language laboratory, and (e) new research division.

## **Student Support and Progression**

### **Student Progression**

The college is making efforts to remove the concept of any dropouts. The percent of progression to higher studies is reasonably good, taking into consideration the background of students. In relation to university average the performance of the institution is fairly good. Many Students of this college have secured University ranks upto top twenty levels.

The College has the honour of obtaining more than a dozen Gold Medals on an average in a year obtained from the University of Mysore.

All faculty and students of the college have actively participated in all the State / National / Regional Seminars organised by the college.

### **Student Support**

There is a visible participation of the students in seminar and paper presentation in some subjects and in the research activities of faculties. The establishment of HRD-I, II and III units were primarily set up to teach Personality Development and communication skills to students. The library has been upgraded by adding a new reference section, setting up digital and virtual section and subscribing to on-line journals. The college campuses are safe and secure for all students.

### **Student Activities**

In order to improve the personality of students and for improving their overall academic development, the college has taken the following steps

1. Active participation of students in seminars, paper presentations, live demos etc.
2. Personality Development Programmes
3. Participation in festivals, competitions and quiz programmes
4. Joining Sports, NSS, NCC, YSSC and other forums.

The students are encouraged to participate in many extra-curricular activities.

Facilities for sports and games are very good.

Every year, students are selected to represent the University in the Inter University Tournaments and also to represent the State level teams.

The management is proactive in providing all facilities to outstanding sports persons.

### **Best Practices in Student Support and Progression:**

Management initiatives in promoting talented students in sports and games.

## **Governance and Leadership**

### **Institutional Vision and Leadership**

Vision, mission and goals of the institution are in tune with the National Policy on higher education. Institutional leadership is proactive. Management is progressive in its outlook and willing to make reforms and allocate resources wherever needed. Good team spirit among teaching and non-teaching staff is visible.

### **Organizational Arrangements**

The college has a staff council with the Principal as Chairman and all Heads of the Departments as Members. The Student parliament system is one of the new initiatives started by this college in order to go for participatory management of college activities. The Principal of the college

coordinates and monitors the activities of the institution through more than 100 committees. There is decentralization and participative management.

The Grievance redressal mechanism good.

### **Strategy Development and Deployment**

The College has listed its future plans and are working as a team to achieve the targeted objectives, in association with the stakeholders. At departmental level also, future plans for academic improvements are prepared.

### **Human Resource Management**

Recruitment policies are in tune with State Government and UGC norms.

Management takes initiatives to fill up the vacancies. Performance appraisal mechanism is in place. College provides adequate welfare schemes to its staff.

The institution has taken several initiatives to enhance the academic competency of the teaching faculty. The following are to mention a few:

1. Organising Seminars, Workshops and Conferences in the college
2. Participating in State, National and International Level Seminars, Workshops and Conferences
3. Presenting papers at Seminars, Workshops and Conferences
4. Pursuing M.Phil. and Ph.D. programmes
5. Participating in outreach programmes
6. Executing Minor and Major Projects
7. Publishing papers in renowned journals
8. Attending refresher and orientation courses.

To improve the quality of performance of the administrative staff, training in IT related programmes, workshops and Yoga classes were arranged.

### **Financial Management and resource mobilization**

Budget provisions for academic and administrative activities are adequate. A substantial budgetary provision is made by the management for improving the academic performance of the college. Monitoring of financial management and regularity in external audit are in place.

### **Best Practices in governance and leadership**

#### **Innovative Practices**

#### **Internal quality assurance system**

The college has established an Internal Quality Assurance Cell. The staff meetings are used as a forum for quality improvement and sustenance. The IQAC has already submitted its annual reports to the NAAC. The IQAC prepares the plan of action at the beginning of the academic year towards quality enhancement and the outcome achieved are analysed at the end of the year, systematically. The college has introduced the mechanism for periodic External Academic Audit for quality improvement.

#### **Inclusive practices:**

A fair number of women teachers are recruited to maintain gender equity.

**Stakeholder relationships:**

The college has involved students, alumni and parents to coordinate in all its activities for its all round development. Students, parents and alumni perception of the institution is very good. Parents and alumni are working in tandem for the development of the institution. The institution places special attention in promoting civic sense and social responsibility.

**OVERALL ANALYSIS**

The committee has gone through the documents and presentations made by the faculties of the departments with reference to the following aspects:

- a) Teaching-learning process is organized by the departments, like the documents they have towards each of the IA components,
- b) how effectively the faculty members have been using or adopting IT in their teaching programme, methods adopted by the faculty in group discussion, tutorials conducted, if any, assignments, seminars ( a must for PG students),
- c) involvement of the departments in suggesting to the concerned BOS any modification of the curriculum,
- d) the methods adopted by the departments to develop leadership qualities among the students,
- e) research undertaken by the departments or by individual teachers,
- f) Faculty development activities by the PG departments and the College in general,
- g) The method adopted by the College in the evaluation of the performance of teachers by the stake holders,
- h) the academic freedom enjoyed by the faculty,
- i) the encouragement of the management for the academic growth of the of the faculty,
- j) system of governance followed,
- k) infrastructure built,
- l) library and its activity in providing required academic support to both students and faculty,
- m) significant achievements of students in different sectors,
- n) Best practices followed or adopted by the College in different areas etc.
- o) the academic performance of the institution including the students composition.

**Institutional Strengths**

- Good physical infrastructure and campus environment.
- Congenial atmosphere for learning with harmonious relationship among the stakeholders.
- Supportive management for developmental activities.
- Involving large number of students through “Student Parliament” for participative role.
- Motivated, talented and disciplined students.

- Healthy financial status.
- ICT in teaching-learning.

**Institutional Weaknesses**

- Research profile of 50% of the faculty.
- Centralization in academic administration.
- Absence of adequate strategy to retain qualified faculty.
- Absence of master plan for the growth of the campuses.

**Institutional Opportunities**

- Potential to play a significant role in higher education.
- Attracting a large number of NRI/overseas students.
- Scope for greater linkage with the industry.
- Opportunity to play a significant role for inclusive education.
- Encouraging entrepreneurship and innovative practices.

**Institutional Challenges:**

- Creation of second-line of academic leadership.
- Promotion of research culture among all the teachers.
- Strengthening core competence in a constantly changing global and competitive environment.
- Improving the placement record.
- Strengthening the alumni network.

**Recommendations for Quality Enhancement of the Institution**

- Special attention to be focused on academic departments which are not well developed.
- The setting-up of a fully automated facility in the central library is to expedited.
- Departmental libraries need to be strengthened with multiple copies of standard text books.
- Alumni association be formed for active participation in the institutional development.
- Facilitation process for enrollment of foreign students needs to be improved.
- Decentralization of academic activities and more autonomy to institutes coming under different faculties.
- Generating more funding for research and development be given focus.

- Efforts need to be made through Alumni to create Endowment fund.
- The unique feature of “Student Parliament” practiced by the college may be restructured to address many contemporary issues by the student community.
- Efforts to be made to get major research projects may be in association with scientists from CFTRI or DFRL or faculty from the University.
- Language departments especially Kannada may plan to enhance translational skills of students.
- Department of Sociology may associate with NSS to develop data on socio-economic and educational status in the villages adopted.
- College should aim to have 100% PhD qualified faculty.
- Business laboratory need to provide practical knowledge to the students on various aspects of business.
- Through the assignments given to the students the departments need to develop digital library in different subjects over the years.
- Management may plan for the creation of a huge corpus over the years to take care of attractive salary to the faculty out of the interest accrued on the corpus.
- Management may institute attractive incentives to good performing faculty in research.
- Department of Journalism need to be provided with additional facilities for better training and showcasing of the talents.
- In the light of the college aspiring to go for Autonomy efforts be made to share the expertise available in the PG and UG departments for mutual benefits.

## **Report of the Gender Audit of SBRR Mahajana First Grade College, Pooja Bhagavat Memorial Mahajana Post Graduate Centre and Mahajana Tourism Development Institute**

### **Preamble**

Gender Audit of educational institutions is a process for organizational assessment and a tool for action planning from a gender perspective. It critically examines the capacity of institutions to ensure a 'safe and secure' ambience for women and girl students, faculty and administrative staff. The participatory audit process helps to identify institutional strengths and challenges to integrating gender in the institution's systems and operations and in programmes and activities.

Gender audit encourages the stakeholders in an education system to engage in a dialogue and reflect about the strengths and gaps of the system vis-à-vis gender related issues. According to an ILO Manifesto gender auditing helps institutions to focus on such areas as:

- Mainstreaming gender as a cross-cutting concern within the unit's objectives, programme and budget.
- Existing gender expertise and competence.
- Information and knowledge management on gender issues.
- Systems and instruments in use for accountability, evaluating and monitoring on gender equality.
- Choice of partner organizations.
- Advocacy products and public image.
- Staffing and human resources concerning balance between women and men, as well as gender-friendly policies.
- Organizational culture and its effects on gender equality.

Three institutions of higher education functioning under the aegis of the Mahajana Education Society decided to go for a gender audit and hence this study, which was carried out by applying the participatory methodology. In each of the three institutions I had meetings with representatives of students, faculty and administrative staff, besides visiting the college campuses and women's hostels.

Given below is a brief profile of each of the three institutions.

**SBRR Mahajana First Grade College**

The College which was started in the year 1982 as a women's college became a co-educational institution in the year 1989. It offers B.A., BBM, BCA, B.Com and B.Sc. courses and currently has on its rolls 2034 students, out of whom 578 are women (28.42%). The College has on its faculty 59 men and 48 women. Among the administrative staff 38 are men and 29 women.

**Pooja Bhagavat Memorial Mahajana Post Graduate Centre**

This Centre which was established in the year 1999 offers Post Graduate programmes in Chemistry, Computer Science, Commerce, Economics, Life Science, Social Work and two MBA courses. The Centre has a total student strength of 655 out of whom 244 (37.25%) are women. The Centre has on its faculty 22 men and 20 women. Among the administrative staff 27 are men and 22 women.

**Mahajana Tourism Development Institute**

The Institute established in the year 2007 offers Masters Courses in Tourism Administration, Tourism and Air Travel Management, a Bachelor's Course in Tourism and Hospitality and a Diploma Programme in Hotel Management. It has a total student strength of 355 out of whom 58 (16.34%) are women. The Institute has on its faculty 6 men and 4 women. Among the administrative staff 10 are men and 5 women.

**Main Issues addressed in the Report**

The main areas that were covered during my interaction are listed below:

- Knowledge of the Sexual Harassment at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and legal rights of women.
- Physical facilities in the college campus and hostel.
- Security issues in the college campus and hostel.
- Awareness programmes aimed at gender sensitization and women's empowerment.
- Experiences of gender related abuse/embarrassment/harassment.

In analysing campus life from a gender perspective, the participants in the interaction were asked to identify both the strengths and gaps from the point of view of women. They were also asked to come out with suggestions for engendering the campus.

In the section that follows the outcomes of my interaction are presented. Since most of the issues addressed are common to all the three institutions, both the strengths and gaps that are outlined apply to all the three institutions. Wherever there is an issue that is specifically applicable to an institution, it has been addressed separately.

### Strengths

- There is by and large no feeling of gender discrimination in the three campuses. Both policies and practices support the culture of gender inclusive governance, and in this sense there is a positive ambience for further strengthening the gender component in the administration and day-to-day life of the campuses.
- Selection of faculty, students and administrative staff is free from gender biases and there is clear indication of equal access to opportunities.
- The setting up of SPARSH (Sensitization to, Prevention of, and Redressal for Sexual Harassment) Committee in the institution is a positive step in the direction of addressing gender related concerns. The Women's Empowerment Committee is also making efforts to create awareness about gender related matters. In the event of an issue that requires immediate attention, this Committee takes up the matter and works out a solution. The Human Rights Forum has also collaborated with the Women's Empowerment Committee in organising gender related programmes.
- The Health and Hygiene Committee has been providing support for women students who are in need of medical attention on a case-to-case basis. The institution has a functioning network with select hospitals and in the event of a medical emergency; students are given appropriate treatment under intimation to parents.
- The Department of Psychology brings out a Wallpaper **PEP** that often addresses gender related themes. The Staff Co-ordinator presents the highlights of each edition in the College Assembly before it is released for public viewing.
- The Department of Psychology offers counseling services to women students going through stress or facing problems in their personal or student lives. The Department also offers a space for them to share their concerns with the faculty.
- Individual departments have organised seminars/workshops with a focus on gender issues. Some students have also participated in events organised by other institutions in awareness building programmes.
- There are separate toilets for women in different locations in all the three institutions. In the event of need, women staff members allow students to use staff toilets.
- There is round the clock security in the college campus and hostels. In-house security staff guard the premises.
- As per the data provided by the college offices, only 2 cases of sexual harassment have been reported in the last five years. Action has been initiated against those involved.

### Gaps

- The activities of the Women's Empowerment Committee are largely limited to SBRR Mahajana First Grade College and the involvement of students and faculty of Pooja Bhagavat Memorial Mahajana Post Graduate Centre and Mahajana Tourism Development Institute in the programmes of this committee or with SPARSH is very limited.
- Knowledge levels of the Sexual Harassment at Workplace (Prevention, Prohibition and Redressal) Act, 2013 or other legal rights of women among women students are very low. Only a few students in all the three institutions are aware of the Act or their legal rights.
- Some toilets have no locks from within, continuous water supply or waste disposal bins.
- In using the toilets located near classrooms or laboratories, women students experience a sense of embarrassment because male students are moving around.
- Copies of the provisions of the Sexual Harassment at Workplace (Prevention, Prohibition and Redressal) Act, 2013 are not yet displayed in key locations in the college campuses.

### Suggestions

- The provisions of the Sexual Harassment at Workplace (Prevention, Prohibition and Redressal) Act, 2013 be displayed in a prominent place in each of the three institutions.
- Telephone numbers of Conveners of the Women's Empowerment Committee, SPARSH, local police station, representatives of women's organization can be displayed at a designated space.
- Student Committees with women representatives of different courses in all the three institutions could be set up to act as a bridge between the management and faculty **and** students. This Committee could liaison with the Disciplinary Committee for grievance redressal, if any and discussion of other relevant issues.
- In both the women's hostels student committees could be set up. This action would open up a platform for dialogue on issues pertaining to food, tensions between students of different states and up gradation of facilities.
- Awareness building programmes focusing attention on the Sexual Harassment at Workplace (Prevention, Prohibition and Redressal) Act, 2013, legal rights of women and state and civil society initiatives for women's empowerment be organised periodically. As of now in most cases the tendency is to react or respond when an untoward incident occurs, but one does not have to wait for such incidents to happen. By educating women about the many new laws upholding the rights of women that have come into existence, not only are they empowered, but also it is possible for

them to spread the light of gender sensitive knowledge in their families, class rooms and neighbourhood.

- It is advisable to involve male students whenever gender sensitization programmes are organised as this is basic to the creation of a gender sensitive society.
- A Committee involving faculty from all the three institutions could be set up to plan and organize these gender awareness programmes. During my interaction with the students many students expressed their desire to be acquainted with such programmes.
- Steps must be taken to ban pornographic material from mobile phones in the college campus (this suggestion came from the students).
- Installing locks from within, lights and placing waste disposal bins in all the toilets could be done after taking stock of the situation in all the toilets in the institutions. Cleanliness related responsibilities could be assigned to an Estate Committee that has student representatives. This not only gives a sense of responsibility but also makes them accountable for maintenance of infrastructure. It is also advisable to consider relocation of those toilets situated near class rooms, drinking water facilities and labs to ensure a sense of privacy to women students.
- CC TVs could be installed in parking lots and laboratories.
- A Woman's Retiring room be provided both for students and staff in all the three institutions. These rooms could serve as a resting place in times of physical discomforts that they may experience during certain periods of their life. It is also advised to equip these rooms with emergency medical kits, sanitary napkins and such other material that women may require in emergency situations.
- A playground for women in the MTDI would enable them to relax in privacy.
- Self-defense classes could be organised for all women students.
- A short term course on gender issues may be offered to students (men & women).

Given the commitment of Mahajana Education Society to issues of gender equality and maintaining a gender balance in the institutional ambience, it is hoped that the stage that has already been set for mainstreaming gender into campus life would be further strengthened in future.

**GREEN AUDIT**

The college is located  $12^{\circ}19'16.8''$  North Latitude and  $76^{\circ}37'31.4''$  East longitude at an elevation of 783 meters MSL at Jayalakshmipuram, Mysore. The campus area is 12889.25 sq.mts with a built space of 6800 sq.mts. The College has a rich diversity of plant species, both potted and large trees. It has about 38 diverse potted plants belonging to important plant families. The college is surrounded by large trees that provide cooling of interiors via shading. While retractable screens have become an effective tool, the advantage to using the shading from internal plants is that when the shading is most required, the inhabitants do not sacrifice to natural settings. The college has achieved this goal through the greening of the campus.

Location  $12^{\circ}19'16.80''$  North,  $76^{\circ}37'31.40''$  East at an elevation of 783 meters

The Post graduate campus is 5 kms away from the main college. It is located  $12^{\circ}21'45.68''$  North latitude and  $76^{\circ}37'42.13''$  East longitude at an elevation of 772 meters. The campus harbours many exotic plants numbering 128. Small scale plantations of Teak and Ashoka trees garland the east region. They have been very useful in high wind breaking and cooling the buildings. A beautiful park in front of the MTA department is an eye-catching site to visitors.

***“I am fortunate enough to sit under the atrium, which I enjoy tremendously. Natural sunlight, green foliage and a fresh breeze (with an open atrium) in the summer time makes me feel like I’m working outside. Having worked in other offices without these features makes one appreciate how these design features can improve my outlook at work.” ‘The Biophilic Connection’:by Dr. Ed Wilson***

Plants provide a natural solution to cleaner indoor air. When plants transpire water vapour from their leaves, pull air down around their roots. This supplies their root microbes with oxygen. The root microbes also convert other substances in the air, such as toxic chemicals, into a source of food and energy. Microbes, such as bacteria, can rapidly adapt to a chemical contaminant by producing new colonies that are resistant to the chemical. As a result, they become more effective at converting toxic chemicals into food the longer they are exposed to the chemicals. It is also important to remember that the efficiency of plants as a filtering device increases as the concentration of chemicals in the air increases.

Bio mimicry is the science and art of emulating nature’s best biological ideas to solve human problems. Interior plants within a green design are a perfect example. Live indoor plants capes demonstrate nature’s hearty resolve and process of cleaning surrounding air while exchanging it for fresh oxygen. For those who seek clean, natural solutions to environmental issues, live interior landscaping can serve as a living illustration, affirming belief in nature’s intelligence.

Cooling Interiors via Shading Expressed as a decimal between 0 and 1, shading coefficient represents the percentage of solar heat gain that is transmitted through a shading system into a building, compared to that of a single pane of clear 1/8-inch glass. The lower the shading coefficient, the lower the heat gains through the material, and thus the better the solar control performance. While retractable screens have become an effective tool, the advantage to using the shading from internal plants is that when the shading is most required, the inhabitants don’t sacrifice exposure to natural settings (plants). In order to achieve these goals the college has a large number of small and large plants within the campus. The list of a few plants are given below.

## Rainwater Harvesting

**Rainwater harvesting** is the accumulation and deposition of rainwater for reuse on-site, rather than allowing it to runoff. Uses include water for garden and other domestic purposes with proper treatment. In many places the water collected is just redirected to a deep pit with percolation. Rainwater harvesting provides an independent water supply during regional water restrictions. It provides water when there is a drought, can help mitigate flooding of low-lying areas, and reduces demand on wells which may enable ground water levels to be sustained. Sometimes it also helps in the availability of potable water as rainwater is substantially free of salinity and other salts. The stored rainwater may need to be analyzed properly before use in a way appropriate to ensure its safe use. The Microbiology department of the college provides expertise in examining the microbial contamination of the water. It has often been found that the quality of collected rainwater is generally better than that of [surface water](#). The rainwater harvesting system at the PG campus is depicted below.

Storm water from the campus is checked by the rainwater harvesting unit located in the campus. The harvested water is used for various purposes except for drinking. It also nurses a handy fruit garden at the adjacent side of the tank. The excess outflow from the tank is used for watering the plants. . The quality of water is found to be better than surface water. A part of the out flow of the water drains into a pond which has many hydrophytes like, *Lotus*, *Nymphaea*, *Hydrilla*,

*Ceratophyllum* and other smaller hydrophytes. A few of these aspects has not been possible at the UG campus due to lack of space.

### Solar Energy

In 2011, the [International Energy Agency](#) said that "the development of affordable, inexhaustible and clean solar energy technologies will have huge longer-term benefits. It will increase countries' energy security through reliance on an indigenous, inexhaustible and mostly import-independent resource, enhance [sustainability](#), reduce pollution, lower the costs of mitigating [climate change](#), and keep [fossil fuel](#) prices lower than otherwise. These advantages are global. Hence the additional costs of the incentives for early deployment should be considered learning investments; they must be wisely spent and need to be widely shared

Solar photovoltaic's have also been employed at both the campuses. A large solar unit at the MTA charges 8 UPS systems through which a computer laboratory with 40 units is regularly used see pictures below)

**Solar energy harvesting at the UG and PG Campus.**

**Solid waste management**

Improperly managed solid waste poses a risk to human health and the environment. Uncontrolled dumping and improper waste handling causes a variety of problems, including contaminating water, attracting insects and rodents, and increasing flooding due to blocked canals or gullies. Improper waste management also increases greenhouse gas emissions, which contribute to climate change from solid waste. Planning for and implementing a comprehensive program for waste collection, transport, and disposal along with activities to prevent or recycle vast can eliminate these problems.

The major solid waste management activities are waste prevention, recycling and composting, and combustion and disposal in properly designed, constructed, and managed landfills. Each of these activities requires careful planning, financing, collection, and transport, all of which are discussed and an integrated solid waste management system has been established. This unit takes care of the Grass, leaves, and other wastes from lawns and backyard that gardens accounts for an estimated 18% campus waste. Leaf waste can account for as much as 60-80% in the fall. Strategies for the method of composting are in progress.

Solid waste management at the PG campus

### General considerations on green auditing.

A multi-utility roof garden is being set up for student recreation, canteen facilities and minor student related activities. The work is in progress.

Each of the activities mentioned above requires careful planning which is discussed by the college committee. The college has a unique program called as ASIC. Under this various activities have been grouped and each teacher is allotted with one responsibility. Two or three students are tagged to the teacher who discusses cleanness and maintaining activities in the college. The committee discuss and maintains power saving strategies, conservation of water, display and location of boards and maintaining cleanness in class rooms. All Heads of the Departments are provided with e.mails through which sharing of circulars is done thus reducing the use of print. Offices can be one of the biggest offenders when it comes to unnecessary paper waste. Whenever possible, business documents are kept virtual rather than printing them out. Not only does it minimize paper waste, it's easier to reorganize and share virtual data. Two-sided, instead of one sided is printed and unnecessary cover sheets on faxes are nixed. Large envelopes for interoffice mail and paper that's already been used for scratch paper are reused. Library paper waste and other printing paper is disposed for recycling. Book shelves are regularly cleaned and used of fungicides and pesticides are avoided. Air conditioners are used only when necessary. E-waste generated is not much. However old computer sets are sold at nominal prices to the needy college staff

*"The greening of academe is nothing new, but it seems to have taken root in a big way. Today, it's not just about doing a few good, green things – recycling, buying green energy, building green buildings, and all the rest – and it's not just about saving money or being seen as a good neighbour. It's about being seen as a sustainability leader in order to attract students, funding, and media attention. As a result, in a growing number of institutions, "green" has become the Big Meme on Campus. (Joel Makower, 2006)"*

Entrepreneurship is the process of establishing and developing a business or an organization. Entrepreneurial activities differ substantially depending on the type of organization and creativity involved. It ranges in scale from solo, part-time projects to large scale undertakings that create many jobs.

An Entrepreneur is a person who brings in new ideas and starts business out of their successfulity. He also takes up the responsibility of the risks attached to them. The success of an entrepreneur is an equal mix of all the above, not just a product or a strong firm but also effective utilization of resources, competition etc.

India as a developing country has seen quite a number of successful entrepreneurs like Yashwantrao Chavan, Amal, Dharbhai Ambani of Reliance Industries, K. R. Narayanan of Infosys etc.

Yet what has inspired me to throw light on entrepreneurship is the charisma of another great entrepreneur Ratan Tata. His efficiency, effectiveness, globalisation and innovation has made him stand out among his contemporaries. All these abilities of Mr. Ratan Tata has always been a source of inspiration to me.

Ratan Tata was born on 28<sup>th</sup> December 1904 at Surat. He did his schooling in Mumbai at the Carmel School. He completed his B.S in Architecture with Structural Engineering from Cornell University and an Advanced Management Programme from Harvard Business School. He began his career in the Tata Group in 1930. He initially started on the shop floor of Tata Steel, showing immense talent and handling that furnace. In 1991, when J.R.D. Tata retired as Chairman of Tata Steel, he named Ratan Tata as his successor. One Man Ratan Tata has followed is

**E-waste Management**

Unwanted, obsolete or unusable electronic products such as computers, computer peripherals, televisions, VCRs, DVD Players, stereorecorders, hand cell phones are commonly referred to as 'electronic waste'. The leaching of heavy material from e-waste may pose a long-term human health and environmental impacts, ground water especially is more likely to be polluted. Management and disposal of e-waste has become a serious problem among nations worldwide. The problem of electronic waste (e-waste) is growing at an unsustainable rate. E-waste is now the fastest growing, and most toxic, component of municipal garbage.

Recycling is a good way to increase a product's lifespan. Many old products are exported to developing countries. Although the benefits of recycling electronics in this way are clear, the practice is causing serious problems because the old products are dumped after a short period of use in areas that are unlikely to have hazardous waste facilities.

Recycling appears to be a safe method to utilize or dispose e-waste. These products that cannot be repaired can be recycled.

**ANDROID APPLICATION DEVELOPMENT**

Android is a mobile operating system (OS) based on the Linux kernel and currently developed by Google. With a user interface based on direct manipulation, Android is designed primarily for touchscreen mobile devices such as smartphones and tablet computers, with specialized user interfaces for televisions (Android TV), cars (Android Auto), and smart watches (Android Wear). Android is made up of several necessary and dependent parts including the following:

- A hardware reference design that describes the capabilities required of a mobile device in order to support the software stack.
- A Linux operating system kernel that provides the low-level interface with the hardware, memory management, and process control.
- An open source libraries for application development including SQLite, WebKit, OpenGL, and a media manager.
- A run time used to execute and host Android applications, including the Dalvik virtual machine and the core libraries that provide Android-specific functionality. These run time is designed to be small and efficient for use on mobile devices.
- An application framework that typically exposes system services to the application layer, including the window manager, content providers, location manager, telephony, and peer-to-peer services.

What really makes Android compelling is its open philosophy, which ensures that any deficiency in user interface or native application design can be fixed by writing an extension or replacement. Android provides you, as a developer, the opportunity to create native applications and application designed to look, feel, and function exactly as you imagine them.

**Android SDK Features**

The true appeal of Android as a development environment lies in the API it provides.

As an application-neutral platform, Android gives you the opportunity to create applications that are as much a part of the phone as anything provided out of the box.

**EDITORIAL**

**Alumni participation at a glance**

The world is changing and so is the corporate world. The innovation of technology has changed the way people do business. Companies are nowadays transformed and use this information to yield power over companies. Business ethics is not a cut and dry area, it is open to much interpretation as to what the right thing to do is. People continue to be faced with ethical dilemmas, and will have to choose whether to abandon their moral values or not. However, business schools are beginning to rethink the ways in which they incorporate business ethics into their curricula. They are hoping that by infusing the study of business ethics into more areas of the curriculum, that tomorrow's leaders will be able to act more ethically when faced with ethical dilemmas.

**Message**

I am immensely proud of all the efforts of the Academic staff of our Alumni Association in bringing out a monthly newsletter from this year onwards.

I hope that this will become a creative platform for all creative young who have joined out of the college and serve as a virtual meeting place.

My deep appreciation to the editorial board for your thoughtful endeavor.
