About the College :

SBRR Mahajana First Grade College, Mysuru (Autonomous) was established in the year 1982 under the aegis of Mahajana Education Society led by visionary philanthropists like Sri Ambale Subramanya Iyer, Sri Rattehalli Ramappa and others in the city of Mysuru. Located centrally in a premier residential area, Jaylakshmpuram, the institution has easy access from vantage points of the city. As an under graduate college it offers courses in B.A, BBA, B.Com and B.Sc/B.C.A with well-built infrastructure spread over 6 acres comprising spacious class rooms with ICT facility, a well-stacked library housed in a separate wing on two floors, well equipped laboratories, Audio-visual as well as studio-media facility and spacious stadium with a full-fledged gym. The college has also been offering UGC recognised Community College courses since 2014.

The college has the unique distinction of being the first under graduate college under the University of Mysore to offer Post graduate courses way back in 1999. The post graduate wing is housed in an Independent Scenic Campus of 18 acres. It offers more than 13

Master degree courses in various subjects like Biochemistry, Biotechnology, Botany, Chemistry, Computer Science, Microbiology, Social Work, Economics, Industrial Chemistry, M.Com, MBA, MBA (CSR) along with MTTM and MTA courses. The PG centre with its motto 'Enter to Learn and Depart to Serve' also lays thrust on research. Mahajana Research Foundation is established with aim of inculcating research culture not only among staff but also students and is involved in publication Research. The Department of Life Sciences is a recognized R&D Centre from the University of Mysore. Some of the distinctive facilities at the centre are an Incubation Centre, Entrepreneur Development Cell and a very active Placement cell.

About the Course :

Artificial intelligence has become a crucial part of daily human lives today and it assists in almost every scenario — whether you realize it or not. The certificate program is aimed at strengthening India's talent pool in Machine Learning and AI. New jobs are being created in AI sector every year with AI growing at 10-15 per cent on annual rate and there is a need to have more skilled people in the AI sector. According to IDC, the total spending on products and services that incorporate Augmented Reality and / or Virtual Reality concepts will be almost 215 billion by the year 2021. This is great news for AI career aspirants as the demand for such IT professionals will reach the sky in the coming years. AI creates jobs in the domains of Marketing, Health Care, Banking and Agriculture.

Course Components

- ❖ AI Concepts
