2019-2020

The Stepping Stone...

The introduction of Student Calendar is one of the best practices of our college.

Designed as a book of information, the college 'calendar' catches one's eyes. The cover page provides an orderly arrangement of all the events and activities which is a guide line for both the wards and the parents about the curricular, co-curricular and extra curricular activities sending the academic alert to one and all.

This book unlocks the information about the activities spread over the academic year 2019-20. The celebration of the festivals both cultural and national, the academic calendar of events, the time table with scheduled monthly events and programmes are incorporated for the cultivation of a mindset of the early preparedness for the students.

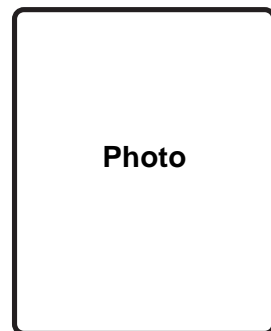

Attendance certificate is one block in the calendar which provides monthly attendance status of the ward for which the signature of the teacher concerned, class teacher and the parent is mandatory.

I congratulate all the faculty who worked relentlessly in completing this task of compilation in a refined format.
