- 2. Slow and Advanced Learners**
- 3. Training Programmes**

Case Study of Mentor–Mentee System in Decentralization and Participative Management

Mentor-Mentee system is introduced in the college during the academic year 2022-23 with the sole purpose of catering to the needs of the students in the academic and non-academic field. Mentor-Mentee system is an essential component for a successful career as it bridges the gap between the teachers and students. Mentoring provides students emotional and instrumental support, guidance, encouragement and better environment in college. A mentor plays a vital role in nurturing students and has a positive impact on students' performance and academic achievement. A mentee can approach his / her mentor for both educational and personal guidance. It is conducted to help the students to strengthen their capabilities and to build an interpersonal relationship between the teacher and students.

Aims and Objectives:

- To enhance students' academic performance by ensuring regular attendance.
- To build relationship of trust and respect with the mentee.
- To provide support to the mentee in devising action plan considering his/her goal and capabilities.
- Equitable service to the mentees coming from different background.
- To identify slow learners and provide adequate support.
- To encourage advanced learners to reach their full potential.
- To provide opportunities in extracurricular activities to the mentees.
- To create an inclusive and safe feeling in the mentees.
- To monitor dropout rates and to motivate the mentees to continue studies to minimise dropout rates.

A mentor has been allotted 20 students under this system. The allotment of teacher and students has made across the discipline to express students' views openly without hesitation. The mentor collects the personal and educational information of the mentee and is recorded in the register. The mentor focuses on the need of the students and regularly updates the parents about their ward's progress. The mentor establishes consistent communication and counsels him/her whenever necessary and closely monitors the growth of the students. The mentor bridges the communication gap between parents and college by regularly speaking to them.

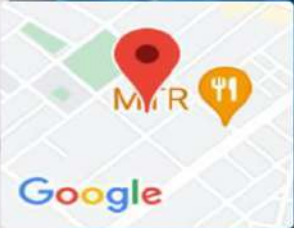

One of the goals of higher education is to mould and develop the overall personality and progress of students from rural areas. Many students from economically weaker section of society/rural areas lack proper academic background and face financial constraints. Mentor-Mentee system is thus an essential feature to render equitable service to the students coming from

diversified background. This system in the college provides support to the students through advice and counselling, through friendship building, through re-enforcement and constructive role modelling. Thus, mentor-mentee system expands beyond teaching to advancement in the educational and personal growth of the mentee.

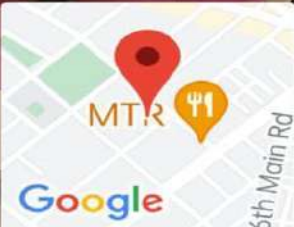

Four meetings were conducted under Mentor-Mentee system during 2022-23. Apart from the mentoring sessions held for all the mentees in common, individual mentoring was done to slow learners and advanced learners. The performance of some of the mentees was below the average level of the whole class. The meetings helped to identify the cause of poor performance and the mentees were helped to overcome their learning difficulties after a few personal mentoring sessions.

The mentees whose performance was above the average level were identified and motivated to prepare for various competitive exams like UPSC, KPSC etc. They were guided to attend certain programs/classes related to such exams. The mentees were motivated to participate in the various competitions organized within the college and in inter-college competitions. Mentoring sessions were planned to motivate the mentees positively, to believe in their potential to do their best and adapt to the changing circumstances. Mentees are advised to take up value added courses and SWAYAM/MOOC courses.

By the end of the academic year, the mentor could observe an improvement in the learning performance. Also, the mentees developed good rapport with teachers and students within the department and other departments, indicating an improvement in their skill.

A report on Empowering Teachers – A Training Programme Organized by the Department of English and IQAC

Change the Thoughts; Things will Change

“A balanced mind is very essential and the key to change one’s thoughts and subsequently things around” said Sri K V Suryanarayan, Founder, Inspire For Sure, a well-known soft skill and life skill trainer and also a personality development coach. He was addressing the teacher participants of a training session “**Empowering the Teachers**” at SBRR Mahajana First Grade College (A) recently.

The training programme for the teachers focused on wellness of the teachers, physically, emotionally and mentally. The trainer K V Suryanarayan started the session saying such training sessions create enthusiasm at a time when monotony can set in anybody’s career or profession. Enthusiasm for learning is essential he added. To achieve success, a balanced mind could be attained with a combination of Yoga, (breathing practice) meditation and a positive attitude. The mind is like a Monkey, it loves negative emotions like fear, guilt, frustration, ego, doubt and hesitation. Therefore, one should learn to control their mind. Positive energy makes one grow whereas negative energy stops ones growth or progress. One should not allow negativity to affect them. The trainer Sri K V Suryanarayan stressed on positive attitude by saying:

“Past is a waste paper
Future is the question paper
Present is the fresh newspaper.”

The present should be lived by using the Law of Attraction. The Law of Attraction depends on three constituents of the body – Mind, Intuition(heart/soul) and digestive system. The day for an individual should begin with Suryapana i.e. water consumed on empty stomach which is very good for health. Drinking 2 to 2 ½ ltrs. of water is essential for the brain to work efficiently. While the brain is the hardware, the mind is the software and there are two kinds of minds – Conscious and Sub-conscious. The sub-conscious mind is strong and powerful. If one can gain control over it anything can be achieved. One should focus on tuning ones brain so that it becomes our friend. Four important chemicals are produced by the sub conscious mind. A Happy brain produces chemicals like Dopamine, Serotonin, Oxytocin and Endorphins which contribute to a happy state of mind.

To be effective as teachers he called upon the teachers to unveil the power within oneself as an individual to be effective as a teacher. He shared the anecdote of the Golden Buddha, which goes as :

In 1957 an entire Monastery in Thailand was being relocated by a group of monks. One day they were moving a giant clay Buddha when one of the monks noticed a large crack in the clay. On closer investigation he saw there was a golden light emanating from the

crack. The monk used a hammer and a chisel to chip away at the clay exterior until he revealed that the statue was in fact, made of solid gold.

Historians believe the Buddha had been covered with clay by Thai monks several hundred years earlier to protect it from an attack by the Burmese army. In the attack, all the monks had been killed and it wasn't until 1957 that this great treasure was actually discovered.

Sri K V Suryanarayana said how in each one of us is a sparkling Buddha, pure, ready to shine if we can only break the shackles of negativity around.

Emphasizing the need to cleanse the mind of negative thoughts, the speaker said every individual should focus on the mind. Where there is focus energy flows and results are seen. There is a need to hold one's energy for betterment and said mobile, gossip and TV is one's enemy. Nothing is impossible, Everything is within us, we have to be strong, we are the architect of ourselves were the motivating words. Everyone has the power to sculpt themselves, therefore control on one's mind is essential. The right, left and centre brain can be activated, if one focuses on one's breathing and practices dhyana mudra. To develop a positive look one should also practice the attitude of gratitude. He said four special phrases

I am sorry

Please forgive me

I thank you

And I love you, can bring wonderful transition in oneself. One should be generous in complementing than complaining the speaker added:

The session was participatory in nature. Teachers were trained in breathing techniques.

Around 55 teachers participated in the programme. The training session was organized by the Department of English and IQAC jointly.

Principal Dr. B R Jayakumari, Sri Ravi L, HoD, Journalism and Mass Communication, Smt. Rekha B, Assistant Professor, Dept. of Commerce and Dr. Vinodamma, Assistant Professor, Dept. of Kannada expressed their thoughts on the session. Ms. Geetha D, Assistant Professor, Department of English and IQAC Convenor welcomed and introduced the resource person.

Report of the Faculty Development Programme

Topic: Subject Specific Benchmarking of Learning Outcomes: Outcome Based Education 03rd August 2023 to 9th August 2023.

A Faculty Development Programme was organised from 3rd August 2023 to 9th August 2023 at PoojaBhagawat Memorial Mahajana Education Centre. on the above mentioned topic. This was a seven day faculty development programme where various related topics were discussed in detail by the eminent educationists and a very beneficial academic environment was experienced by the participants. 115 faculty members of SBRR Mahajana First Grade college and PBMMEC participated in the event.

The programme was inaugurated by lightening the lamp by the dignitaries on 3rd Aug 2023 at

10:30 A.M, Dr. B.R. Jayakumari, Principal, SBRRMahajana First Grade College, welcome the Guests. Dr. S.R. Ramesh, Academic Advisor and CEO, SBRR Mahajana FGC, introduced the guests. Prof. VedPrakash, Former Chairman, UGC, delivered the key note address on "Specific Benchmarking of Learning Outcomes"- Outcome Based Education. Prof. VimalRarh, Project Director, GAD –

TLC, Ministry of Education, PMMMNMTT, gave an over view of the GAD – TLC. Dr. T. VijayalakshmiMuralidhar, delivered the presidential address. Dr. C.K. Renukarya, Director, PG Wing, Dr. Sumathi, M.P, Convenor of the programme delivered the vote of the thanks, Master of Ceremony was carried out by Prof. Harish MachiaKodandera, HoD of Department of Studies in Business Administration. Sri SrinivasThimmaiah, Programme Convenor, HoDs of all PG & UG Departments, teaching faculty & non teaching staff of both PG & UG were present in the event.

Session – I

Topic : Out Come Based Education

Prof. VimalRarh, was the resource person of the first technical session. She delivered on outcome

based education. She discussed on the National Credit Framework and Restructuring of the National Credit Framework based on the requirement of the education system in the present scenario. She explained the various stages of Restructuring the National Credit framework. She threw light on the National skills qualification framework (NSQF), graduate attributes, outcome based education framework, which enlightened the

knowledge of academic participants on framing the programme outcomes, course outcomes and unit outcomes in their respective discipline.

Session - II

Topic : Implementation Strategic for subject Specific Benchmarking

Prof. VedPrakash, was the resource person of the 2nd technical session, he discussed on Anatomizing of teaching and Learning prior to the specificities of Benchmarking. There were exchange of ideas on

the changing role of Teacher's from the system of transition of teacher centric approach to the student centric and emphasized the role of teachers as facilitators in the current academic scenario. He explained in detail on the vital things of teaching and learning focussing on the 3 important elements of subject specific learning outcomes namely: Knowing, understanding and performing. The resource

person discussed on the role of Benchmarking for quality and standards in higher education, curriculum development, the modality of its transaction and the assessment of the students for ensuring the best standards of teaching and learning. The resource person explained the development of template around the 8 important points concerning to the academic tasks from transforming informations, creating understanding, application and assessment of students. These include (1) Selection of Topic (2) Writing on the aims for studying that topic (3) Outlining the scope of the topic (4) Specification of the appropriate pedagogies adopted by the teachers for effective transaction in the classroom (5) Pedagogical support required by the teacher in the form of teaching aids (6) Itemising the

tasks and activities to be performed by the students (7) Specifying the criteria by the teachers for the assessment of students performance and (8) Procedure for documentation of levels of academic attainments in terms of marks and CGPA etc.

Session - III

The third session was based on the subject wise group activity. The resource persons divided the participants into different groups based on their respective discipline and allotted the task of preparing a template based on the above discussed 8 criteria for group discussion and preparation for

presentat
ion.

Day (2) 04.08.2023

Session – I: The first technical session was on Teaching learning methodologies. The resource person

of this session was Prof. VimalRarh. During this session she emphasized the usage of technology in education and explained the importance of technological skill upgradation for the teachers. Discussions were on CBCS, NEP, MOOCS E – Contentdevelopment, multimedia presentations, multiple

techniques of assessment of students performance like quizzes, role play, GDs, cross – words and learning by doing methods .

Session – II: The subject wise group discussion activity was given for the preparation of a templet

based on the given academic criteria. During the discussion the resource persons went to every group narrated the ways of preparing the templates and motivated the

group members to prepare the effective templates. At the end of the day all the participants were made to assemble in the auditorium and Prof. VedPrakash once again explained the important points to be included inthe templates for the final presentation by the groups.

Day (3):05-08-23

On the 3rd day of the FDP plenary session was conducted where presentations by 15 groups of

both UG and PG faculty members of various disciplines were taken. After the presentation suggestions

were given to

the groups to make further corrections by the resource persons. The resource persons also appreciated the groups and work done by the participants also later after completion of all the presentations. Prof.

VimalRarh, assigned the Assignments, projects and quiz to be completed as part of the FDP programme from day 4 to day 7 (6th – 9th Aug 23).

At the end of the day a valedictory was conducted, Prof. Harish MachiaKodandera. HOD

Department of Business Administration compered the programme,Resource persons Prof. VedPrakash and Prof. Vimal Rash, Dr. Ramesh, Academic Advisor and CEO SBRR Mahajana FGC, Dr.B.R.Jayakumari ,Principal,SBRR Mahajana FGC conveners of FDP Dr. Sumathi Assistant Professor and HOD Dept of

Mathematics, SBRR Mahajana's FGC Sri. T. SrinivasThimmaiah, Assistant Prof, Dept of studies Business Administration PBMMEC were present on this occasion. Dr. Aniruddha. S. Rao Assistant Prof. Dept of studies Business Administration,Dr.Girish Chandra , Department of studies in Life Sciences, Dr. Sujatha, Assistant Prof ,department of Psychology,SBRRMahajana FGC and Dr.Venkatalakshmi,Assistant Prof Department of studies in EconomicsSBRR Mahajana's FGC ,delivered their feedback on the event, they appreciated the sincere effort made by the resource

persons to enlighten the academicians on OBE for all the three days, they thanked the management and organising committee members for organising the event flawlessly.Dr. Ramesh, Academic Advisor and CEO SBRR Mahajana FGC ,appreciated the commitment and indulgence

shown by both the resource persons also appreciated the spirit of all the participants. Both the

resource persons Prof. VedPrakash and Prof. VimalRarh mentioned that it was a very good learning experience for them, Prof. VimalRarh suggested faculty members to continue the work done so far on OBE further, thanked the technical team volunteers and students organisers. Prof. VedPrakash,

threw light on the assertions of education, he also mentioned about the importance of teaching values to the student through OBE. Dr. Sumathi, M.P, Convenor of the programme delivered the vote of the thanks. The programme was concluded with a photo session of all the participants with the delegates.
