<b>Total Marks</b>	100 Marks	50 Marks
<b>Continuous Assessment – 1(C1)</b>	20 Marks	10 Marks
<b>Continuous Assessment – 2 (C2)</b>	20 Marks	15 Marks
<b>Semester End Examination (C3)</b>	40 Marks	25Marks

### Evaluation Process of IA Marks shall be as follows:

- The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the Principal. The Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.
- The outline for continuous assessment activities for Component-I (C1) and Component-II (C2) of a course shall be as under:

<b>Session Test</b>	10	-	10
<b>Record/Assignment/Activity/Case Study/Field Work/Project Work/Quiz etc.</b>	-	15	15
<b>Total</b>	10	15	25

- For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc., required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment/project work etc.
- The teachers concerned shall conduct test/seminar/case study etc., the students should be informed about the modalities well in advance. The evaluated courses assignments during component I (C1) and component II (C2) of assessment are immediately provided to the candidates after obtaining acknowledgement in the register by the concerned teacher(s) and maintained by the Department.
- Before commencement of the semester end examination, the evaluated test, assignment etc., of C1 and C2 shall be obtained back to maintain them till the announcement of the results of the examination of the concerned semester.
- The marks of the internal assessment shall be published on the notice board of the department/college for information of the students.
- The internal assessment marks shall be communicated to the CoE at least 10 days before the commencement of the semester end examinations and the CoE shall have access to the records of such periodical assessments.

### Evaluation Process of IA Marks shall be as follows:

- The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the Principal. The Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.

## **Continuous Formative Evaluation/Internal Assessment (DSC)**

Total marks for each course shall be based on continuous assessments and semester end examinations. The pattern is **40:60** for IA and Semester End Theory Examinations respectively and **50:50** for IA and Semester End Practical Examinations respectively.

	<b>THEORY</b>	<b>PRACTICAL</b>
<b>Total Marks</b>	<b>100 Marks</b>	<b>50 Marks</b>
<b>Continuous Assessment – 1 (C1)</b>	<b>20 Marks</b>	<b>10 Marks</b>
<b>Continuous Assessment – 2 (C2)</b>	<b>20 Marks</b>	<b>15 Marks</b>
<b>Semester End Examination (C3)</b>	<b>40 Marks</b>	<b>25 Marks</b>

### **Evaluation Process of IA Marks shall be as follows:**

- The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the Principal. The Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.
- The outline for continuous assessment activities for Component-I (C1) and Component-II (C2) of a course shall be as under:

<b>Theory Formative assessment</b>	<b>C1 Marks</b>	<b>C2 Marks</b>	<b>Total Marks</b>
<b>Session Test</b>	20	-	20
<b>Seminar/ Presentation/ Assignment/ Activity/ Case Study/ Field Work/ Project Work/ Quiz etc.</b>	-	20	20
<b>Total</b>	20	20	40

- For practical course of full credits, seminar shall not be compulsory. In its place, marks shall be awarded for Practical Record Maintenance (the marks is 25 (10 + 15) and 25. Evaluated for a total of 50 Marks).
- Conduct of Test, Seminar, Case study/Assignment etc., can be either in C1 or in C2 component as decided by the college and concerned department/teacher.

<b>Practical Formative assessment</b>	<b>C1 Marks</b>	<b>C2 Marks</b>	<b>Total Marks</b>
<b>Session Test</b>	10	-	10
<b>Record/ Assignment/ Activity/ Case Study/ Field Work/ Project Work/ Quiz etc.</b>	-	15	15
<b>Total</b>	10	15	25

- For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc., required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment/project work etc.
- The teachers concerned shall conduct test/seminar/case study etc., the students should be informed about the modalities well in advance. The evaluated courses assignments during component I (C1) and component II (C2) of assessment are immediately provided to the candidates after obtaining acknowledgement in the register by the concerned teacher(s) and maintained by the Department.
- Before commencement of the semester end examination, the evaluated test, assignment etc., of C1 and C2 shall be obtained back to maintain them till

the announcement of the results of the examination of the concerned semester.

- The marks of the internal assessment shall be published on the notice board of the department/college for information of the students.
- The internal assessment marks shall be communicated to the CoE at least 10 days before the commencement of the semester end examinations and the CoE shall have access to the records of such periodical assessments.
- There shall be no minimum in respect of internal assessment marks.
- Internal assessment marks may be recorded separately. A candidate, who has failed or rejected the result, shall retain the internal assessment marks.

	<b>THEORY</b>	<b>PRACTICAL</b>
<b>Total Marks</b>	100 Marks	50 Marks
<b>Continuous Assessment – 1 (C1)</b>	20 Marks	10 Marks
<b>Continuous Assessment – 2 (C2)</b>	20 Marks	15 Marks
<b>Semester End Examination (C3)</b>	60 Marks	25 Marks

### **Evaluation Process of IA Marks shall be as follows:**

- a) The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- b) The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- c) During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- d) In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the Program Coordinator/Principal. The Program Coordinator/Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.

- e) For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc., required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment/project work etc.

	THEORY	PRACTICAL
<b>Total Marks</b>	100 Marks	50 Marks
<b>Continuous Assessment – 1 (C1)</b>	20 Marks	10 Marks
<b>Continuous Assessment – 2 (C2)</b>	20 Marks	15 Marks
<b>Semester End Examination (C3)</b>	60 Marks	25 Marks

### Evaluation Process of IA Marks shall be as follows:

- a) The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- b) The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- c) During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- d) In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the principal. The principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.
- e) For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc., required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment/project work etc.
- f) The outline for continuous assessment activities for Component-I (C1) and Component-II (C2) of a course shall be as under:

	C1 Marks	C2 Marks	Total Marks
<b>Session Test</b>	20	-	20
<b>Seminar/Presentation/Assignment/Activity/Case Study/Field Work/Project Work/Quiz etc.</b>	-	20	20
<b>Total</b>	20	20	40

- For practical course of full credits, seminar shall not be compulsory. In its place, marks shall be awarded for Practical Record Maintenance (the marks is 25 (10 + 15) and 25. Evaluated for a total of 50 Marks).
  - Conduct of Test, Seminar, Case study/Assignment etc., can be either in C1 or in C2 component as decided by the college and concerned department/teacher.
  - The teachers concerned shall conduct test/seminar/case study etc., The students should be informed about the modalities well in advance. The evaluated courses assignments during component I (C1) and component II (C2) of assessment are immediately provided to the candidates after obtaining acknowledgement in the register by the concerned teacher(s) and maintained by the Department. Before commencement of the semester end examination, the evaluated test, assignment etc., of C1 and C2 shall be obtained back to maintain them till the announcement of the results of the examination of the concerned semester.
- g) The marks of the internal assessment shall be published on the notice board of the department/college for information of the students.
- h) The internal assessment marks shall be communicated to the CoE at least 10 days before the commencement of the semester end examinations and the CoE shall have access to the records of such periodical assessments.
- i) There shall be no minimum in respect of internal assessment marks.
- j) Internal assessment marks may be recorded separately. A candidate who has failed or rejected the result, shall retain the internal assessment marks.

### **Scheme of Valuation for Practical Examinations**

C1 and C2 are internal tests to be conducted during 8th and 16th weeks respectively of the semester. C3 is the semester-end examination conducted for 3 hours. The student will be evaluated on the basis of procedure development and its execution. The student has to compulsorily submit the practical record for evaluation during C2. For C3, the record has to be certified by the Head of the Department.

- The student is evaluated for 25 marks in C1 and C2 as per the following scheme:

Part-A Program(C1): 10 marks

Part-B Program(C2): 10 marks + Record: 05 marks = 15 marks

- The student is evaluated for 25 marks in C3 as per the following scheme:

## Continuous Formative Evaluation/Internal Assessment (DSC & OE)

Total marks for each course shall be based on continuous assessments and semester end examinations. The pattern is 40:60 for IA and Semester End Theory Examinations respectively and 50:50 for IA and Semester End Practical Examinations respectively.

	THEORY	PRACTICAL
<b>Total Marks</b>	100 Marks	50 Marks
<b>Continuous Assessment – 1 (C1)</b>	20 Marks	10 Marks
<b>Continuous Assessment – 2 (C2)</b>	20 Marks	15 Marks
<b>Semester End Examination (C3)</b>	60 Marks	25 Marks

### Evaluation Process of IA Marks shall be as follows:

- a) The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- b) The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- c) During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- d) In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the principal. The principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.
- e) For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc., required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment/project work etc.
- f) The outline for continuous assessment activities for Component-I (C1) and Component-II (C2) of a course shall be as under:

	C1 Marks	C2 Marks	Total Marks
<b>Session Test</b>	20	-	20
<b>Seminar/Presentation/Assignment/Activity/Case Study/Field Work/Project Work/Quiz etc.</b>	-	20	20
<b>Total</b>	20	20	40

- For practical course of full credits, seminar shall not be compulsory. In its place, marks shall be awarded for Practical Record Maintenance (the marks is 25 (10 + 15) and 25. Evaluated for a total of 50 Marks).
  - Conduct of Test, Seminar, Case study/Assignment etc., can be either in C1 or in C2 component as decided by the college and concerned department/teacher.
  - The teachers concerned shall conduct test/seminar/case study etc., The students should be informed about the modalities well in advance. The evaluated courses assignments during component I (C1) and component II (C2) of assessment are immediately provided to the candidates after obtaining acknowledgement in the register by the concerned teacher(s) and maintained by the Department. Before commencement of the semester end examination, the evaluated test, assignment etc., of C1 and C2 shall be obtained back to maintain them till the announcement of the results of the examination of the concerned semester.
- g) The marks of the internal assessment shall be published on the notice board of the department/college for information of the students.
- h) The internal assessment marks shall be communicated to the CoE at least 10 days before the commencement of the semester end examinations and the CoE shall have access to the records of such periodical assessments.
- i) There shall be no minimum in respect of internal assessment marks.
- j) Internal assessment marks may be recorded separately. A candidate who has failed or rejected the result, shall retain the internal assessment marks.

### **Scheme of Valuation for Practical Examinations**

C1 and C2 are internal tests to be conducted during 8th and 16th weeks respectively of the semester. C3 is the semester-end examination conducted for 3 hours. The student will be evaluated on the basis of procedure development and its execution. The student has to compulsorily submit the practical record for evaluation during C2. For C3, the record has to be certified by the Head of the Department.

- The student is evaluated for 25 marks in C1 and C2 as per the following scheme:

Part-A Program(C1): 10 marks

Part-B Program(C2): 10 marks + Record: 05 marks = 15 marks

- The student is evaluated for 25 marks in C3 as per the following scheme:

Assessment Criteria	Marks
Program - 1 from Part A	10
Program - 2 from Part B	10
Execution and Formatting (Any one program: Decided by the External Examiner)	10
Viva Voce	05

### Evaluation Process of C1, C2 and C3 Marks shall be as follows:

- a) The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- b) The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- c) During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- d) In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the principal. The principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.
- e) For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc., required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment/project work etc.

## Scheme of Valuation for Practical Examinations

C1 and C2 are internal tests to be conducted during 8th and 16th weeks respectively of the semester. C3 is the semester-end examination conducted for 3 hours. The student will be evaluated on the basis of procedure development and its execution. The student has to compulsorily submit the practical record for evaluation during C2. For C3, the record has to be certified by the Head of the Department.

- The student is evaluated for 25 marks in C1 and C2 as per the following scheme:

Part-A Program(C1): 10 marks

Part-B Program(C2): 10 marks + Record: 05 marks = 15 marks

- The student is evaluated for 25 marks in C3 as per the following scheme:

Assessment Criteria	Marks
Program - 1 from Part A Writing the Program	10
Program - 2 from Part B	
Execution and Formatting (Any one program: Decided by the External Examiner)	10
Viva Voce	05
<b>TOTAL</b>	<b>25</b>

## Scheme of Valuation for Internship

C1 and C2 are internal assessments to be conducted during 8th and 16th weeks respectively of the semester. The student will be evaluated on the basis of presentation skills and project development. The student has to compulsorily submit the project report for evaluation during C2. The report has to be certified by the Head of the Department and the Mentor/Supervisor.

The student is evaluated for 50 marks each in C1 and C2 as per the following scheme:

Project Progress Presentation (C1): 25 marks + Report: 25 marks = 50 marks

Project Progress Presentation (C2): 25 marks + Report: 25 marks = 50 marks

The Internship report shall be prepared on the following guidelines.

1. Size of the Internship report shall be between 5-10 pages, printed on both sides on A4 paper. The text should be of 12pt to 14pt size, one-half or double spaced for maximum readability.

## **Continuous Formative Evaluation Internal Assessment/Exams I & II Semester**

Total marks for each course shall be based on continuous assessments and semester end examinations. The pattern is 40:60 for IA and Semester end Theory Examinations respectively and 50:50 for IA and Semesterend Practical Examinations respectively.

	<b>THEORY</b>	<b>PRACTICAL</b>
<b>Total Marks</b>	100 Marks	50 Marks
<b>Continuous Assessment – 1 (C1)</b>	20 Marks	10 Marks
<b>Continuous Assessment – 2 (C2)</b>	20 Marks	15 Marks
<b>Semester End Examination (C3)</b>	60 Marks	25 Marks

### **Evaluation Process of IA Marks shall be as follows:**

- a) The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the courses and within 45 working days of semester program
- b) The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc.  
This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- c) During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- d) In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the Program Coordinator/Principal. The Program Coordinator/Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.
- e) For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc, required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment /project work etc.
- f) The outline for continuous assessment activities for Component-I (C1) and Component-II (C2) of a course Shall be as under:

	<b>C1 Marks</b>	<b>C2 Marks</b>	<b>Total Marks</b>
<b>Session Test</b>	10	10	20
<b>Seminar/Presentation/Assignment/Activity</b>	10		10
<b>Case Study/Field Work/Project Work/Quiz etc.</b>		10	10
<b>Total</b>	<b>20</b>	<b>20</b>	<b>40</b>

- For practical course of full credits, seminar shall not be compulsory. In its place, marks shall be awarded for Practical Record Maintenance (the ratio is 25 (10 + 15):25).
  - Conduct of Test, Seminar, Case study/Assignment etc., can be either in C1 or in C2 component as decided by the college and concerned department/teacher.
  - The teachers concerned shall conduct test/seminar/case study etc., The students should be informed about the modalities well in advance. The evaluated courses assignments during component I (C1) and component II (C2) of assessment are immediately provided to the candidates after obtaining acknowledgement in the register by the concerned teacher(s) and maintained by the Department. Before commencement of the semester end examination, the evaluated test, assignment etc., of C1 and C2 shall be obtained back to maintain them till the announcement of the results of the examination of the concerned semester.
- g) The marks of the internal assessment shall be published on the notice board of the department/college for information of the students.
- h) The internal assessment marks shall be communicated to the CoE at least 10 days before the commencement of the examinations and the CoE shall have access to the records of such periodical assessments.
- i) There shall be no minimum in respect of internal assessment marks.
- J Internal assessment marks may be recorded separately. A candidate who has failed or rejected the result, shall retain the internal assessment marks.

## **Scheme of Valuation for Practical Examinations-I&II Semester**

C1 and C2 are internal tests to be conducted during 8th and 16th weeks respectively of the semester. C3 is the semester-end examination conducted for 3 hours. The student will be evaluated on the basis of procedure development and its execution. The student has to compulsorily submit the practical record for evaluation during C2. For C3, the record has to be certified by the Head of the Department.

**The student is evaluated for 25 marks in C1 and C2 as per the following scheme:**

Part-A Practical Exercises (C1): 10 marks

Part-B Practical Exercises (C2): 10 marks + Record: 05 marks = 15 marks

The student is evaluated for 25 marks in C3 as per the following scheme:

## ಅನುಬಂಧ

ರಾಷ್ಟ್ರೀಯ ಶಿಕ್ಷಣ ನೀತಿ-2020

ಕನ್ನಡ ಭಾಷಾ ಪಠ್ಯ ಸ್ವರೂಪ

ಪೋಗ್ರಾಂವಾರು ಕನ್ನಡ ಭಾಷಾ ಪಠ್ಯಕ್ರಮ :

ಶೈಕ್ಷಣಿಕ ವ್ಯವಸ್ಥೆಯಲ್ಲಿ ಭಾಷಾ ಪಠ್ಯಗಳು ಮತ್ತು ಭಾಷಾ ಅಧ್ಯಾಪಕರ ಜವಾಬ್ದಾರಿ ಎಲ್ಲರಿಗೂ ಗೊತ್ತಿರುವುದೇ ಆಗಿದೆ. ಹಲವು ಬಗೆಯ ಬಿಕ್ಕಟ್ಟುಗಳು ಮತ್ತು ವಿಷಮತೆಗಳು ಹೆಚ್ಚುತ್ತಿರುವ ಈ ಕಾಲಘಟ್ಟದಲ್ಲಿ ವಿದ್ಯಾರ್ಥಿಗಳನ್ನು ಪ್ರಜ್ಞಾವಂತರನ್ನಾಗಿ, ಸಂವೇದನಾಶೀಲರನ್ನಾಗಿ ಮಾಡುವ ಅವಕಾಶ ಭಾಷಾ ಪಠ್ಯಗಳಲ್ಲಿ ಇರುತ್ತದೆ. ಆ ಅವಕಾಶವನ್ನು ಎಂದಿನಿಂದಲೂ ಭಾಷಾ ಪಠ್ಯ ಮಂಡಳಿಗಳು ಆಸೆಯಿಂದ ನಿಭಾಯಿಸುತ್ತಲೇ ಬಂದಿವೆ.

ಹೊಸ ಶಿಕ್ಷಣ ನೀತಿಯ ಅನುಷ್ಠಾನದ ಹಿನ್ನೆಲೆಯಲ್ಲಿ ರಚಿಸಲಾದ ಸಮಿತಿಯು ಇದನ್ನೇ ಬುನಾದಿಯಾಗಿಸಿಕೊಂಡು ಪಠ್ಯಕ್ರಮವನ್ನು ಕುರಿತ ನಕಾಶೆಯನ್ನು ರಚಿಸಿದೆ. ಕನ್ನಡವನ್ನು 'ಜ್ಞಾನದ ಭಾಷೆ'ಯಾಗಿ ವಿದ್ಯಾರ್ಥಿಗಳಿಗೆ ನೀಡಬೇಕೆನ್ನುವುದು ಸಮಿತಿಯ ಆಶಯ. ಹೊಸ ರಾಷ್ಟ್ರೀಯ ಶಿಕ್ಷಣ ನೀತಿಯು ಈ ಅಂಶವನ್ನೇ ಉದ್ಯೋಗ ಮತ್ತು ಕೌಶಲ್ಯಗಳು ಶಿಕ್ಷಣದ ಮುಖ್ಯ ಗುರಿ ಎಂದು ಹೇಳಿದೆ. ಹೀಗಾಗಿ ತಾಯಿ ಭಾಷೆ ಕನ್ನಡದ ಮೂಲಕ ವಿದ್ಯಾರ್ಥಿಗಳು ಸ್ಥಳೀಯ, ರಾಷ್ಟ್ರೀಯ ಮತ್ತು ಜಾಗತೀಯ ಸವಾಲುಗಳನ್ನು ಸನ್ನದ್ಧರಾಗುವ ಬಗೆಯಲ್ಲಿ ಪಠ್ಯಕ್ರಮದ ವಿನ್ಯಾಸವನ್ನು ರೂಪಿಸಲಾಗಿದೆ. ಜಾಗತೀಕರಣವೂ ಸೇರಿದಂತೆ ಹಲವು ವಿದ್ಯಮಾನಗಳು ನಮ್ಮ ಸಾಮಾಜಿಕ ಮತ್ತು ಸಾಂಸ್ಕೃತಿಕ ಸನ್ನಿವೇಶಗಳನ್ನು ಸಮೀಕರಣಗಳನ್ನು, ಗ್ರಹಿಕೆಗಳನ್ನು ಆಳವಾಗಿ ಪ್ರಭಾವಿಸುತ್ತಿವೆ. ಇವು ನಮ್ಮ ಯುವ ತಲೆಮಾರುಗಳನ್ನು ತಮ್ಮ ಬೇರುಗಳಿಂದಲೇ ದೂರ ಮಾಡುತ್ತಾ ಅವರನ್ನು ಪರಕೀಯರನ್ನಾಗಿಸುತ್ತಿದೆ ಎನ್ನುವ ಆತಂಕ ಅಧ್ಯಾಪಕರನ್ನು ಕಾಡುತ್ತಿದೆ. ಈ ಹಿನ್ನೆಲೆಯಲ್ಲಿ ನಾಡು-ನುಡಿ, ಜಲ, ಭೂಮಿ, ಸಮಕಾಲೀನ ಸವಾಲುಗಳನ್ನು ಕನ್ನಡದ ಅತ್ಯುತ್ತಮ ಪಠ್ಯಗಳ ಮುಖಾಂತರ ಕಲಿಸಬಹುದೆನ್ನುವ ನಂಬಿಕೆ ಈ ಸಮಿತಿಯದ್ದು. ವಿದ್ಯಾರ್ಥಿಗಳಲ್ಲಿ ಸಾಹಿತ್ಯಕ ಅಭಿರುಚಿಯನ್ನು ಹೆಚ್ಚಿಸಬೇಕು, ಭಾಷೆ ಮತ್ತು ಸಾಹಿತ್ಯಗಳನ್ನು ಕುರಿತ ಪ್ರೀತಿಯನ್ನು ಹೆಚ್ಚಿಸಬೇಕು ಎನ್ನುವುದು ಪಠ್ಯಗಳ ಒಂದು ಆಯಾಮವಾದರೆ, ಮತ್ತೊಂದು ಆಯಾಮವು ನಮ್ಮ ಸಮೃದ್ಧ ಸಾಂಸ್ಕೃತಿಕ, ಸಾಹಿತ್ಯಕ ಪರಂಪರೆಯ ಅರಿವೂ ಅವರಲ್ಲಿ ಮೂಡಬೇಕೆನ್ನುವುದು. ಎರಡು ವರ್ಷಗಳ ಪಠ್ಯಗಳಲ್ಲಿ ಅವರಲ್ಲಿ ನಾಗರಿಕ ವ್ಯಕ್ತಿತ್ವದ ಧಾತುಗಳನ್ನು ತುಂಬಬೇಕು. ಸಾಹಿತ್ಯದ ಅಂತಃಕರಣ ಮತ್ತು ಸಾಮಾಜಿಕ ವ್ಯಕ್ತಿತ್ವದ ಬೌದ್ಧಿಕ ಅರಿವು ಅವರಲ್ಲಿ ಸಮನಾಗಿ ಬೆಳೆಯುತ್ತಾ ಹೋಗಬೇಕು. ಇವುಗಳಲ್ಲದೆ ಕನ್ನಡವು ಅವರ ವೃತ್ತಿಯ ದಾರಿಯೂ ಆಗಬೇಕು. ಹಲವು ವೃತ್ತಿಗಳನ್ನು ಅವರು ಅರಿಸಿಕೊಳ್ಳಲು ಅನುವಾಗುವ ಪಠ್ಯಕ್ರಮವೂ ಸೇರಬೇಕು. ಈ ಎಲ್ಲ ಅಂಶಗಳನ್ನು ಗಮನದಲ್ಲಿಟ್ಟುಕೊಂಡು ಸಮಿತಿಯು 'ವಿಷಯಾಧಾರಿತ ಪಠ್ಯ'ವನ್ನು ರೂಪಿಸಿದೆ.

## ಅನುಬಂಧ

ರಾಷ್ಟ್ರೀಯ ಶಿಕ್ಷಣ ನೀತಿ-2020

ಕನ್ನಡ ಭಾಷಾ ಪಠ್ಯ ಸ್ವರೂಪ

ಪೋಗ್ರಾಂವಾರು ಕನ್ನಡ ಭಾಷಾ ಪಠ್ಯಕ್ರಮ :

ಶೈಕ್ಷಣಿಕ ವ್ಯವಸ್ಥೆಯಲ್ಲಿ ಭಾಷಾ ಪಠ್ಯಗಳು ಮತ್ತು ಭಾಷಾ ಅಧ್ಯಾಪಕರ ಜವಾಬ್ದಾರಿ ಎಲ್ಲರಿಗೂ ಗೊತ್ತಿರುವುದೇ ಆಗಿದೆ. ಹಲವು ಬಗೆಯ ಬಿಕ್ಕಟ್ಟುಗಳು ಮತ್ತು ವಿಷಮತೆಗಳು ಹೆಚ್ಚುತ್ತಿರುವ ಈ ಕಾಲಘಟ್ಟದಲ್ಲಿ ವಿದ್ಯಾರ್ಥಿಗಳನ್ನು ಪ್ರಜ್ಞಾವಂತರನ್ನಾಗಿ, ಸಂವೇದನಾಶೀಲರನ್ನಾಗಿ ಮಾಡುವ ಅವಕಾಶ ಭಾಷಾ ಪಠ್ಯಗಳಲ್ಲಿ ಇರುತ್ತದೆ. ಆ ಅವಕಾಶವನ್ನು ಎಂದಿನಿಂದಲೂ ಭಾಷಾ ಪಠ್ಯ ಮಂಡಳಿಗಳು ಆಸೆಯಿಂದ ನಿಭಾಯಿಸುತ್ತಲೇ ಬಂದಿವೆ.

ಹೊಸ ಶಿಕ್ಷಣ ನೀತಿಯ ಅನುಷ್ಠಾನದ ಹಿನ್ನೆಲೆಯಲ್ಲಿ ರಚಿಸಲಾದ ಸಮಿತಿಯು ಇದನ್ನೇ ಬುನಾದಿಯಾಗಿಸಿಕೊಂಡು ಪಠ್ಯಕ್ರಮವನ್ನು ಕುರಿತ ನಕಾಶೆಯನ್ನು ರಚಿಸಿದೆ. ಕನ್ನಡವನ್ನು 'ಜ್ಞಾನದ ಭಾಷೆ'ಯಾಗಿ ವಿದ್ಯಾರ್ಥಿಗಳಿಗೆ ನೀಡಬೇಕೆನ್ನುವುದು ಸಮಿತಿಯ ಆಶಯ. ಹೊಸ ರಾಷ್ಟ್ರೀಯ ಶಿಕ್ಷಣ ನೀತಿಯು ಈ ಅಂಶವನ್ನೇ ಉದ್ಯೋಗ ಮತ್ತು ಕೌಶಲ್ಯಗಳು ಶಿಕ್ಷಣದ ಮುಖ್ಯ ಗುರಿ ಎಂದು ಹೇಳಿದೆ. ಹೀಗಾಗಿ ತಾಯಿ ಭಾಷೆ ಕನ್ನಡದ ಮೂಲಕ ವಿದ್ಯಾರ್ಥಿಗಳು ಸ್ಥಳೀಯ, ರಾಷ್ಟ್ರೀಯ ಮತ್ತು ಜಾಗತೀಯ ಸವಾಲುಗಳನ್ನು ಸನ್ನದ್ಧರಾಗುವ ಬಗೆಯಲ್ಲಿ ಪಠ್ಯಕ್ರಮದ ವಿನ್ಯಾಸವನ್ನು ರೂಪಿಸಲಾಗಿದೆ. ಜಾಗತೀಕರಣವೂ ಸೇರಿದಂತೆ ಹಲವು ವಿದ್ಯಮಾನಗಳು ನಮ್ಮ ಸಾಮಾಜಿಕ ಮತ್ತು ಸಾಂಸ್ಕೃತಿಕ ಸನ್ನಿವೇಶಗಳನ್ನು ಸಮೀಕರಣಗಳನ್ನು, ಗ್ರಹಿಕೆಗಳನ್ನು ಆಳವಾಗಿ ಪ್ರಭಾವಿಸುತ್ತಿವೆ. ಇವು ನಮ್ಮ ಯುವ ತಲೆಮಾರುಗಳನ್ನು ತಮ್ಮ ಬೇರುಗಳಿಂದಲೇ ದೂರ ಮಾಡುತ್ತಾ ಅವರನ್ನು ಪರಕೀಯರನ್ನಾಗಿಸುತ್ತಿದೆ ಎನ್ನುವ ಆತಂಕ ಅಧ್ಯಾಪಕರನ್ನು ಕಾಡುತ್ತಿದೆ. ಈ ಹಿನ್ನೆಲೆಯಲ್ಲಿ ನಾಡು-ನುಡಿ, ಜಲ, ಭೂಮಿ, ಸಮಕಾಲೀನ ಸವಾಲುಗಳನ್ನು ಕನ್ನಡದ ಅತ್ಯುತ್ತಮ ಪಠ್ಯಗಳ ಮುಖಾಂತರ ಕಲಿಸಬಹುದೆನ್ನುವ ನಂಬಿಕೆ ಈ ಸಮಿತಿಯದ್ದು. ವಿದ್ಯಾರ್ಥಿಗಳಲ್ಲಿ ಸಾಹಿತ್ಯಕ ಅಭಿರುಚಿಯನ್ನು ಹೆಚ್ಚಿಸಬೇಕು, ಭಾಷೆ ಮತ್ತು ಸಾಹಿತ್ಯಗಳನ್ನು ಕುರಿತ ಪ್ರೀತಿಯನ್ನು ಹೆಚ್ಚಿಸಬೇಕು ಎನ್ನುವುದು ಪಠ್ಯಗಳ ಒಂದು ಆಯಾಮವಾದರೆ, ಮತ್ತೊಂದು ಆಯಾಮವು ನಮ್ಮ ಸಮೃದ್ಧ ಸಾಂಸ್ಕೃತಿಕ, ಸಾಹಿತ್ಯಕ ಪರಂಪರೆಯ ಅರಿವೂ ಅವರಲ್ಲಿ ಮೂಡಬೇಕೆನ್ನುವುದು. ಎರಡು ವರ್ಷಗಳ ಪಠ್ಯಗಳಲ್ಲಿ ಅವರಲ್ಲಿ ನಾಗರಿಕ ವ್ಯಕ್ತಿತ್ವದ ಧಾತುಗಳನ್ನು ತುಂಬಬೇಕು. ಸಾಹಿತ್ಯದ ಅಂತಃಕರಣ ಮತ್ತು ಸಾಮಾಜಿಕ ವ್ಯಕ್ತಿತ್ವದ ಬೌದ್ಧಿಕ ಅರಿವು ಅವರಲ್ಲಿ ಸಮನಾಗಿ ಬೆಳೆಯುತ್ತಾ ಹೋಗಬೇಕು. ಇವುಗಳಲ್ಲದೆ ಕನ್ನಡವು ಅವರ ವೃತ್ತಿಯ ದಾರಿಯೂ ಆಗಬೇಕು. ಹಲವು ವೃತ್ತಿಗಳನ್ನು ಅವರು ಅರಿಸಿಕೊಳ್ಳಲು ಅನುವಾಗುವ ಪಠ್ಯಕ್ರಮವೂ ಸೇರಬೇಕು. ಈ ಎಲ್ಲ ಅಂಶಗಳನ್ನು ಗಮನದಲ್ಲಿಟ್ಟುಕೊಂಡು ಸಮಿತಿಯು 'ವಿಷಯಾಧಾರಿತ ಪಠ್ಯ'ವನ್ನು ರೂಪಿಸಿದೆ.

## **Continuous Formative Evaluation/Internal Assessment (DSC & OE)**

Total marks for each course shall be based on continuous assessments and semester end examinations. The pattern is 40:60 for IA and Semester End Theory Examinations respectively and 50:50 for IA and Semester End Practical Examinations respectively.

	<b>THEORY</b>	<b>PRACTICAL</b>
<b>Total Marks</b>	100 Marks	50 Marks
<b>Continuous Assessment – 1 (C1)</b>	20 Marks	10 Marks
<b>Continuous Assessment – 2 (C2)</b>	20 Marks	15 Marks
<b>Semester End Examination (C3)</b>	60 Marks	25 Marks

### **Evaluation Process of IA Marks shall be as follows:**

- a) The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- b) The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- c) During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- d) In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the Principal. The Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.
- e) For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc., required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment/project work etc.
- f) The outline for continuous assessment activities for Component-I (C1) and Component-II (C2) of a course shall be as under:

	<b>C1 Marks</b>	<b>C2 Marks</b>	<b>Total Marks</b>
<b>Session Test</b>	20	-	20
<b>Seminar/Presentation/Assignment/Activity/Case Study/Field Work/Project Work/Quiz etc.</b>	-	20	20
<b>Total</b>	20	20	40

- For practical course of full credits, seminar shall not be compulsory. In its place, marks shall be awarded for Practical Record Maintenance(the marks is 25 (10 + 15) and 25. Evaluated for a total of 50 Marks).
  - Conduct of Test, Seminar, Case study/Assignment etc., can be either in C1 or in C2 component as decided by the college and concerned department/teacher.
  - The teachers concerned shall conduct test/seminar/case study etc., The students should be informed about the modalities well in advance. The evaluated courses assignments during component I (C1) and component II (C2) of assessment are immediately provided to the candidates after obtaining acknowledgement in the register by the concerned teacher(s) and maintained by the Department. Before commencement of the semester end examination, the evaluated test, assignment etc., of C1 and C2 shall be obtained back to maintain them till the announcement of the results of the examination of the concerned semester.
- g) The marks of the internal assessment shall be published on the notice board of the department/college for information of the students.
- h) The internal assessment marks shall be communicated to the CoE at least 10 days before the commencement of the semester end examinations and the CoE shall have access to the records of such periodical assessments.
- i) There shall be no minimum in respect of internal assessment marks.
- j) Internal assessment marks may be recorded separately. A candidate who has failed or rejected the result, shall retain the internal assessment marks.

## **Scheme of Valuation for Practical Examinations**

C1 and C2 are internal tests to be conducted during 8th and 16th weeks respectively of the semester. C3 is the semester-end examination conducted for 3 hours. The student will be evaluated on the basis of manual work, programme and its execution. The student has to compulsorily submit the practical record for evaluation during C2. For C3, the record has to be certified by the Head of the Department.

The student is evaluated for 25 marks in C1 and C2 as per the following scheme:

**C1 Component:** 10 Marks : This will be based on a practical test. This should be completed by the 8th week of the semester.

**C2 Component :** 15 Marks : This will be based on practical test / assignment for 10 marks and 5 marks for practical record. This should be completed by the 16th week of the semester.

**C3 Component:**

**Main Examination of 3 hours duration : Max Marks: 25 (20 + 5)**

Three experiments will be given out of which two experiments are to be executed, each carrying 10 marks and 5 marks for viva.

The student is evaluated for 25 marks in **C3** as per the following scheme:

<b>Assessment Criteria</b>	<b>Marks</b>
For each Experiment	
Manual work – 04 Marks	$10 \times 2 = 20$
Program writing – 04 Marks	
Execution – 02 Marks	
Viva	05
<b>Total</b>	<b>25</b>

## **Continuous Formative Evaluation/Internal Assessment (DSC & OE)**

Total marks for each course shall be based on continuous assessments and semester end examinations. The pattern is 40:60 for IA and Semester End Theory Examinations respectively and 50:50 for IA and Semester End Practical Examinations respectively.

	<b>THEORY</b>	<b>PRACTICAL</b>
<b>Total Marks</b>	100 Marks	50 Marks
<b>Continuous Assessment – 1 (C1)</b>	20 Marks	10 Marks
<b>Continuous Assessment – 2 (C2)</b>	20 Marks	15 Marks
<b>Semester End Examination (C3)</b>	60 Marks	25 Marks

### **Evaluation Process of IA Marks shall be as follows:**

- a) The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- b) The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- c) During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- d) In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the Principal. The Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.
- e) For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc., required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment/project work etc.

f) The outline for continuous assessment activities for Component-I (C1) and Component-II (C2) of a course shall be as under:

	<b>C1 Marks</b>	<b>C2 Marks</b>	<b>Total Marks</b>
<b>Session Test</b>	20	-	20
<b>Seminar/Presentation/Assignment/Activity/Case Study/Field Work/Project Work/Quiz etc.</b>	-	20	20
<b>Total</b>	20	20	40

- For practical course of full credits, seminar shall not be compulsory. In its place, marks shall be awarded for Practical Record Maintenance(the marks is 25 (10 + 15) and 25. Evaluated for a total of 50 Marks).
  - Conduct of Test, Seminar, Case study/Assignment etc., can be either in C1 or in C2 component as decided by the college and concerned department/teacher.
  - The teachers concerned shall conduct test/seminar/case study etc., The students should be informed about the modalities well in advance. The evaluated courses assignments during component I (C1) and component II (C2) of assessment are immediately provided to the candidates after obtaining acknowledgement in the register by the concerned teacher(s) and maintained by the Department. Before commencement of the semester end examination, the evaluated test, assignment etc., of C1 and C2 shall be obtained back to maintain them till the announcement of the results of the examination of the concerned semester.
- g) The marks of the internal assessment shall be published on the notice board of the department/college for information of the students.
- h) The internal assessment marks shall be communicated to the CoE at least 10 days before the commencement of the semester end examinations and the CoE shall have access to the records of such periodical assessments.
- i) There shall be no minimum in respect of internal assessment marks.
- j) Internal assessment marks may be recorded separately. A candidate who has failed or rejected the result shall retain the internal assessment marks.

## Scheme of Valuation for Practical Examinations

C1 and C2 are internal tests to be conducted during 8th and 16th weeks respectively of the semester. C3 is the semester-end examination conducted for 3 hours. The student will be evaluated on the basis of manual work, programme and its execution. The student has to compulsorily submit the practical record for evaluation during C2. For C3, the record has to be certified by the Head of the Department.

- The student is evaluated for 25 marks in C1 and C2 as per the following scheme:

**C1 Component:** 10 Marks : This will be based on a practical test. This should be completed by the 8th week of the semester.

**C2 Component :** 15 Marks : This will be based on practical test / assignment for 10 marks and 5 marks for practical record. This should be completed by the 16th week of the semester.

- The student is evaluated for 25 marks in C3 as per the following scheme:

Assessment Criteria	Marks
For each Experiment	
Manual work – 04 Marks	$10 \times 2 = 20$
Program writing – 04 Marks	
Execution – 02 Marks	
Viva	05
<b>Total</b>	<b>25</b>

## Continuous Formative Evaluation/Internal Assessment (DSC)

Total marks for each course shall be based on continuous assessments and semester end examinations. The pattern is 40:60 for IA and Semester End Theory Examinations respectively and 50:50 for IA and Semester End Practical Examinations respectively.

	<b>THEORY</b>	<b>PRACTICAL</b>
<b>Total Marks</b>	100 Marks	50 Marks
<b>Continuous Assessment – 1 (C1)</b>	20 Marks	10 Marks
<b>Continuous Assessment – 2 (C2)</b>	20 Marks	15 Marks
<b>Semester End Examination (C3)</b>	60 Marks	25 Marks

### **Evaluation Process of IA Marks shall be as follows:**

- a) The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- b) The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- c) During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- d) In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the Principal. The Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.
- e) For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc., required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment/project work etc.
- f) The outline for continuous assessment activities for Component-I (C1) and Component-II (C2) of a course shall be as under:

	<b>C1 Marks</b>	<b>C2 Marks</b>	<b>Total Marks</b>
<b>Session Test</b>	20	-	20
<b>Seminar/Presentation/Assignment/Activity/Case Study/Field Work/Project Work/Quiz etc.</b>	-	20	20
<b>Total</b>	20	20	40

- For practical course of full credits, seminar shall not be compulsory. In its place, marks shall be awarded for Practical Record Maintenance(the marks is 25 (10 + 15) and 25. Evaluated for a total of 50 Marks).
- Conduct of Test, Seminar, Case study/Assignment etc., can be either in C1 or in C2 component as decided by the college and concerned department/teacher.
- The teachers concerned shall conduct test/seminar/case study etc., The students should be informed about the modalities well in advance. The evaluated courses assignments during component I (C1) and component II (C2) of assessment are immediately provided to the candidates after obtaining acknowledgement in the register by the concerned teacher(s) and maintained by the Department. Before commencement of the semester end examination, the evaluated test, assignment etc., of C1 and C2 shall be obtained back to maintain them till the announcement of the results of the examination of the concerned semester.

g) The marks of the internal assessment shall be published on the notice board of the department/college for information of the students.

h) The internal assessment marks shall be communicated to the CoE at least 10 days before the commencement of the semester end examinations and the CoE shall have access to the records of such periodical assessments.

i) There shall be no minimum in respect of internal assessment marks.

j) Internal assessment marks may be recorded separately. A candidate who has failed or rejected the result shall retain the internal assessment marks.

### Scheme of Valuation for Practical Examinations

## Continuous Formative Evaluation/Internal Assessment

Total marks for each course shall be based on continuous assessments and semester end examinations. The pattern is 40:60 for IA and Semester End Theory Examinations respectively and 50:50 for IA and Semester End Practical Examinations respectively.

	THEORY	PRACTICAL
<b>Total Marks</b>	100 Marks	50 Marks
<b>Continuous Assessment – 1 (C1)</b>	20 Marks	10 Marks
<b>Continuous Assessment – 2 (C2)</b>	20 Marks	15 Marks
<b>Semester End Examination (C3)</b>	60 Marks	25 Marks

**Evaluation Process of IA Marks shall be as follows:**

- The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the Program Coordinator/Principal. The Program Coordinator/Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.
- For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc., required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment/project work etc.

## Continuous Formative Evaluation/Internal Assessment

Total marks for each course shall be based on continuous assessments and semester end examinations. The pattern is 40:60 for IA and Semester End Theory Examinations respectively and 50:50 for IA and Semester End Practical Examinations respectively.

	THEORY	PRACTICAL
<b>Total Marks</b>	100 Marks	50 Marks
<b>Continuous Assessment – 1 (C1)</b>	20 Marks	10 Marks
<b>Continuous Assessment – 2 (C2)</b>	20 Marks	15 Marks
<b>Semester End Examination (C3)</b>	60 Marks	25 Marks

**Evaluation Process of IA Marks shall be as follows:**

- The first component (C1) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course and within 45 working days of semester program.
- The second component (C2) of assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship/industrial practicum/project work, quiz etc. This assessment and score process should be based on completion of remaining 50% of syllabus of the course of the semester.
- During the 17th – 19th week of the semester, a semester end examination shall be conducted by the college for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60%.
- In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the Program Coordinator/Principal. The Program Coordinator/Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher, but before commencement of the concerned semester end examinations.
- For assignments, tests, case study analysis etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets etc., required for such tests/assignments and these be sealed/signed by the concerned department at the time of conducting tests/assignment/project work etc.
- The outline for continuous assessment activities for Component- I (C1) and Component- II (C2) of a course shall be as under:

	C1 Marks	C2 Marks	Total Marks
<b>Session Test</b>	20	-	20

<b>Seminar/Presentation/Assignment/Activity/ Case Study/Field Work/Project Work/Quiz etc.</b>	-	20	20
<b>Total</b>	20	20	40

- For practical course of full credits, seminar shall not be compulsory. In its place, marks shall be awarded for Practical Record Maintenance (the ratio is 25 (10 + 15):25).
  - Conduct of Test, Seminar, Case study/Assignment etc., can be either in C1 or in C2 component as decided by the college and concerned department/teacher.
  - The teachers concerned shall conduct test/seminar/case study etc., the students should be informed about the modalities well in advance. The evaluated courses assignments during component I (C1) and component II (C2) of assessment are immediately provided to the candidates after obtaining acknowledgement in the register by the concerned teacher(s) and maintained by the Department. Before commencement of the semester end examination, the evaluated test, assignment etc., of C1 and C2 shall be obtained back to maintain them till the announcement of the results of the examination of the concerned semester.
- g) The marks of the internal assessment shall be published on the notice board of the department/college for information of the students.
- h) The internal assessment marks shall be communicated to the CoE at least 10 days before the commencement of the examinations and the CoE shall have access to the records of such periodical assessments.
- i) There shall be no minimum in respect of internal assessment marks.
- j) Internal assessment marks may be recorded separately. A candidate, who has failed or rejected the result, shall retain the internal assessment marks.

### **Scheme of Valuation for Practical Examinations**

C1 and C2 are internal tests to be conducted during 8th and 16th weeks respectively of the semester. C3 is the semester- end examination conducted for 3 hours. The student will be evaluated on the basis of procedure development and its execution. The student has to compulsorily submit the practical record for evaluation during C2. For C3, the record has to be certified by the Head of the Department.

- The student is evaluated for 25 marks in C1 and C2 as per the following scheme: Part- A (C1): 10 marks  
Part- B (C2): 10 marks + Record: 05 marks = 15 marks
- The student is evaluated for 25 marks in C3 as per the following scheme:

Part A	Major question	08
Part B	Minor question	04

## Course Content

Content		Hrs
<b>Unit – 1</b>		
<p><b>Units and measurements:</b> System of units (CGS and SI), measurement of length, mass and time, dimensions of physical quantities, dimensional formulae. Minimum deviation, errors.</p> <p><b>Momentum and Energy:</b> Work and energy, Conservation of momentum (linear). Conservation of energy with examples. Motion of rockets.</p> <p><b>Special Theory of Relativity:</b> Constancy of speed of light. Postulates of Special Theory of Relativity. Length contraction. Time dilation. Relativistic addition of velocities. Numerical problems.</p>		12
<b>Suggested Activities</b>		02
<b>Activity No. 1</b>	<ul style="list-style-type: none"> <li>(i) Students can measure the diameters of small balls of different sizes and estimate their volumes.</li> <li>(ii) Students can measure the lengths of nails of different sizes.</li> <li>(iii) Students can measure the volume of a liquid</li> <li>(iv) Students can measure distances and put the result both in CGS and SI units in 2, 3 and 4 significant figures. Ask them to mention the precession of the measurement.</li> <li>(v) Students can estimate standard deviations wherever possible.</li> </ul>	
<b>Activity No. 2</b>	<p>Students can try and understand the conservation of energy in everyday examples. For example:</p> <ul style="list-style-type: none"> <li>(i) What happens in solar conservation panels</li> <li>(ii) Pushing an object on the table it moves</li> <li>(iii) A moving car hits a parked car and causes the parked car to move.</li> </ul> <p>In these cases, energy is conserved. How? Understand and verify if possible.</p>	
<b>Unit – 2</b>		
<p><b>Laws of Motion:</b> Newton's Laws of motion. Dynamics of single and a system of particles. Centre of mass. Numerical problems.</p> <p><b>Dynamics of Rigid bodies:</b> Rotational motion about an axis, Relation between torque and angular momentum, Rotational energy. moment of inertia: M I of a rectangular Lamina and solid cylinders. Flywheel, Theory of compound pendulum and determination of g. Numerical problems.</p> <p><b>Gravitation:</b> Law of Gravitation. Motion of a particle in a central force field (motion is in a plane, angular momentum is conserved, areal velocity is constant). Kepler's laws (statements). Satellite in a circular orbit. Numerical problems.</p>		12

<b>Suggested Activities</b>		02
<b>Activity No. 3</b>	Moment of inertia is an abstract concept. It simply gives a measure of the rotational inertia of a rigid body and it is proportional to the product of the square of the radius, $r$ of the body and its mass, $m$ . Students by referring to websites, can construct and perform simple experiments to verify that $MI \propto mr^2$ . <b>Activity No. 4</b>	Activity: Prepare suitable charts and give seminar talks in the class.	
<b>Unit – 3</b>		
<p><b>Elasticity:</b> Hooke's law - Stress-strain diagram, elastic moduli-relation between elastic constants, Poisson's Ratio-expression for Poisson's ratio in terms of elastic constants. Work done in stretching and work done in twisting a wire-Twisting couple on a cylinder. Torsional pendulum-Determination of rigidity modulus and moment of inertia - <math>q</math>, <math>\eta</math> and <math>\sigma</math> by Searle's method. Numerical problems.</p>		12
<b>Suggested Activities</b>		02
<b>Activity No. 5</b>	Arrange a steel spring with its top fixed with rigid support on a wall and a meter scale alongside. Add 100 g load at a time on the bottom of the hanger in steps. This means that while putting each 100g load, we are increasing the stretching force by 1N. Measure the extension for loads up to 500g. Plot a graph of extension versus load. The shape of the graph should be a straight line indicating that the ratio of load to extension is constant. Go for higher loads and find out the elastic limit of the material.

## **Continuous Formative Evaluation/ Internal Assessment**

Total marks for each course shall be based on continuous assessments and semester-end examinations. The pattern of 40:60 for IA and Semester End theory examinations respectively and 50:50 for IA and Semester End practical examinations respectively.

	Theory	Practical
Total Marks for each Course	100 marks	50 marks
Continuous assessment-1 (C1)	20 marks	10 marks
Continuous assessment-2 (C2)	20 marks	15 marks
Semester End Examination (C3)	60 marks	25 marks

### **The evaluation process of IA marks shall be as follows:**

- a) The first component (C1) of the assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, fieldwork, project work, etc. This assessment and score process should be completed after completing 50% of the syllabus of the course/s and within 45 working days of the semester program
- b) The second component (C2) of the assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship / industrial practicum/project work, etc. This assessment and score process should be based on the completion of the remaining 50 percent of the syllabus of the courses of the semester.
- c) During the 17th – 19th week of the semester, a semester-end examination shall be conducted by the University for each Course. This forms the third and final component of the assessment (C3) and the maximum marks for the final component will be 60%.
- d) In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on the scheduled date due to genuine reasons, such a candidate may appeal to the Principal. The Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct a special test for such candidate on the date fixed by the concerned teacher but before the commencement of the concerned semester-end examinations.
- e) For assignments, tests, case study analysis, etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets, etc., required for such tests/assignments and these be stamped by the concerned department using their department seal at the time of conducting tests/assignment/work, etc.

- f) The outline for continuous assessment activities for Component-I (C1) and Component-II (C2) of a course shall be as under.

	C1 marks	C2 marks	Total Marks
Session Test	20	---	20
Seminars/Presentations/Activity/ Case study /Assignment / Fieldwork / Project work etc.	---	20	20
Total	20	20	40

- For the practical course of full credits, the Seminar shall not be compulsory. In its place, marks shall be awarded for Practical Record Maintenance. (the ratio is 25 (10 + 15) and 25. Evaluated for a total of 50 Marks).
  - Conduct of Test, Seminar, Case study / Assignment, etc. can be either in C1 or in the C2 component at the convenience of the concerned department/teacher.
  - The teachers concerned shall conduct test / seminar / case study, etc. The students should be informed about the modalities well in advance. The evaluated course assignments during component I (C1) and component II (C2) of the assessment are immediately provided to the candidates after obtaining acknowledgment in the register by the concerned teachers(s) and maintained by the Department. Before the commencement of the semester-end examination, the evaluated test, assignment, etc. of C1 and C2 shall be obtained back to maintain them till the announcement of the results of the examination of the concerned semester.
- g) The marks of the internal assessment shall be published on the notice board of the department/college for information of the students.
- h) The Internal assessment marks shall be communicated to the CoE at least 10 days before the commencement of the examinations and the CoE shall have access to the records of such periodical assessments.
- i) There shall be no minimum in respect of internal assessment marks.
- j) Internal assessment marks may be recorded separately. A candidate who has failed or rejected the result shall retain the internal assessment marks.

### **Scheme of Valuation for Practical Examinations**

C1 and C2 are internal tests to be conducted during the 8<sup>th</sup> and 16<sup>th</sup> weeks respectively of the semester. C3 is the semester-end examination conducted for 3 hours. The student will be evaluated based on skill, comprehension and recording of the results. The student has to compulsorily submit the practical record for evaluation during C1 and C2. For C3, the record has to be certified by the Head of the Department.

	Theory	Practical
Total Marks for each Course	100 marks	50 marks
Continuous assessment-1 (C1)	20 marks	10 marks
Continuous assessment-2 (C2)	20 marks	15 marks
Semester End Examination (C3)	60 marks	25 marks

#### **The evaluation process of IA marks shall be as follows:**

- a) The first component (C1) of the assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, fieldwork, project work, etc. This assessment and score process should be completed after completing 50% of the syllabus of the course/s and within 45 working days of the semester program
- b) The second component (C2) of the assessment is for 20% marks. This shall be based on test, assignment, seminar, case study, field work, internship / industrial practicum/project work, etc. This assessment and score process should be based on the completion of the remaining 50 percent of the syllabus of the courses of the semester.
- c) During the 17th – 19th week of the semester, a semester-end examination shall be conducted by the University for each Course. This forms the third and final component of the assessment (C3) and the maximum marks for the final component will be 60%.
- d) In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on the scheduled date due to genuine reasons, such a candidate may appeal to the Principal. The Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct a special test for such candidate on the date fixed by the concerned teacher but before the commencement of the concerned semester-end examinations.
- e) For assignments, tests, case study analysis, etc., of C1 and C2, the students should bring their own answer scripts (A4 size), graph sheets, etc., required for such tests/assignments and these be stamped by the concerned department using their department seal at the time of conducting tests/assignment/work, etc.

## Activities

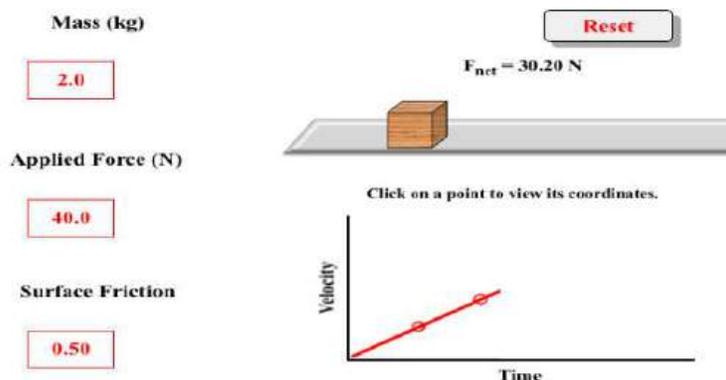

1

### Atwood's Machine

Everyone is fascinated by pulleys. In this Interactive, learners will attach two objects together by a string and stretch the string over a pulley. Both an Atwood's machine and a modified Atwood's machine can be created and studied. Change the amount of mass on either object, introduce friction forces, and measure distance and time in order to calculate the acceleration.

### Newton's Laws of Motion

### Force

When forces are unbalanced, objects accelerate. But what factors affect the amount of acceleration? This Interactive allows learners to investigate a variety of factors that affect the acceleration of a box pushed across a surface. The amount of applied force, the mass, and the friction can be altered. A plot of velocity as a function of time can be used to determine the acceleration.

In the [Balloon Car Lesson Plan](#), students build and explore balloon-powered cars. This lesson focuses mostly on energy, but it also demonstrates Newton's laws of motion. Guidance is provided for talking specifically about the third law of motion. *Question:* how does the air escaping the balloon relate to Newton's third law of motion? Does the car continue to coast after the balloon is deflated? Why or why not?

Most of the activities and lessons below *focus* on one or two of the laws of motion. The Build a Balloon Car activity specifically **talks about all three of Newton's laws of motion** students can observe when building and experimenting with a simple balloon-powered car. This is an accessible hands-on activity that uses recycled materials and balloons for a fun combined engineering design project and physics experiment. The activity can be used with a wide range of grade levels to introduce and demonstrate the laws of motion. See the "Digging Deeper" section for a straightforward discussion of how each law of motion can be identified in the balloon car activity. (For a related lesson plan, see Balloon Car Lesson Plan, which is NGSS-aligned for middle school and focuses on the third law of motion.)

In the Push Harder — Newton's Second Law , students build their own cars using craft materials and get hands-on exploring Newton's second law of motion and the equation "force equals mass times acceleration" ( $F=ma$ ). Options for gathering real-time data include using a mobile phone and a sensor app or using a meter stick and a stopwatch. *Questions:* What is the relationship between force, mass, and acceleration? As force increases, what happens to acceleration?

In the [Skydive Into Forces](#) , students make parachutes and then investigate how they work to slow down a falling object. As students investigate the forces that are involved, educators can introduce Newton's second law of motion and how different forces change the resulting speed of a falling object. *Questions:* What forces help slow down the speed of a falling object? How does a parachute help slow the fall?

2 Both standard cameras (DSLRs, phone cameras) and our scientific cameras work on the principle of photoelectric effect to produce an image from light, involving the use of **photodetectors and sensor pixels**. **Prepare a report on the working of digital camera.**

3 Demonstration of Heisenberg uncertainty principle in the context of diffraction at a single slit:  
 The uncertainty in the momentum  $\Delta p_x$  correspond to the angular spread of principal maxima  $\theta$ .  
 Then,  $\Delta p_x = \sin \theta \cdot p$  where  $p$  is the momentum of the incident photon.  
 Conduct the diffraction at a slit experiment virtually using the following link  
[https://www.walter-fendt.de/html5/phen/singleslit\\_en.htm](https://www.walter-fendt.de/html5/phen/singleslit_en.htm)

1. Measure the angular spread ( $\theta$ ) for different slit widths ( $\Delta x$ ) for given wavelength of the incident photon.
2. Determine the momentum of the incident photon using
 
$$p = \frac{h}{\lambda}$$
3. Create a line of best fit through the points in the plot  $\frac{1}{\Delta p_x}$  against  $\Delta x$  and find its slope. How this exercise is related to Heisenberg Uncertainty principle.  
 Make a report of the observations.

## PRACTICAL COMPONENT

### Scheme of Valuation for I & II Sem: Practical Experimentation

C1 and C2 (Practical) are internal tests to be conducted during 8th and 16th weeks of the semester respectively. C3 (Practical Examination) is conducted during the end of the semester for the duration of 3 hours. The students are assessed and evaluated by the External and Internal Examiners - on various skills associated with Psychology Practical – Administration, Procedure, Instructions, Analysis and Interpretation of results of the Subjects performance in the Experiment conducted. The Practical Component is valued for 50 Marks (during each of the Semesters respectively).

The C1(Test) and C2 (Assignment – Case Study) components are - IA assessment. During the C1 and C2 elements the student is evaluated for 20 marks (collectively) as per the following scheme:

- a.) C1 – Test on Experiments - 10 marks (On first Half of the Practical Portions)
- b.) C2 – Test on Experiments / Assignment/Case Study/Statistics - 15 marks (On the second Half of Practical Syllabus + Record)

Though the C1 and C2 components are evaluated for 20 marks each for the ease of calculation, however the total marks scored by the student are then normalized to 10 under each component, (C1 and C2 Collectively – 20 + 5 Marks for Practical Record).

Record - 5 Marks; the Practical record has to be evaluated on 5 marks (IA) and then certified by the Head of the Department.

- The student is evaluated for 25 marks during C3 Examination as per the following scheme:

Heading	Marks
Experiment	5
Conduction	5
Group Discussion	5
Viva Voce	5
Statistics	5
<b>TOTAL</b>	<b>25</b>

## PRACTICAL COMPONENT

### Scheme of Valuation for III & IV Sem: Practical Experimentation

C1 and C2 (Practical) are internal tests to be conducted during 8th and 16th weeks of the semester respectively. C3 (Practical Examination) is conducted during the end of the semester for the duration of 3 hours. The students are assessed and evaluated by the External and Internal Examiners - on various skills associated with Psychology Practical – Administration, Procedure, Instructions, Analysis and Interpretation of results of the Subjects performance in the Experiment conducted. The Practical Component is valued for 50 Marks (during each of the Semesters respectively).

The C1(Test) and C2 (Assignment – Case Study) components are - IA assessment. During the C1 and C2 elements the student is evaluated for 20 marks (collectively) as per the following scheme:

- a.) C1 – Test on Experiments - 10 marks (On first Half of the Practical Portions)
- b.) C2 – Test on Experiments / Assignment/Case Study/Statistics - 15 marks (On the second Half of Practical Syllabus + Record)

Though the C1 and C2 components are evaluated for 20 marks each for the ease of calculation, however the total marks scored by the student are then normalized to 10 under each component, (C1 and C2 Collectively – 20 + 5 Marks for Practical Record).

Record - 5 Marks; the Practical record has to be evaluated on 5 marks (IA) and then certified by the Head of the Department.

- The student is evaluated for 25 marks during C3 Examination as per the following scheme:

Heading	Marks
Experiment	5
Conduction	5
Group Discussion	5
Viva Voce	5
Statistics	5
<b>TOTAL</b>	<b>25</b>

**7. Calculation of Cumulative Grade point Average(CGPA)**

The grade and the grade point earned by the candidate in the course will be as given below

Marks	Grade	Grade Point (GP = V x G)
30 – 39	4	V*4
40 – 49	5	V*5
50 – 59	6	V*6
60 – 64	6.5	V*6.5
65 – 69	7	V*7
70 – 74	7.5	V*7.5
75 – 79	8	V*8
80 – 84	8.5	V*8.5
85 – 89	9	V*9
90 – 94	9.5	V*9.5
95 – 100	10	V*10

Here, P is the percentage of marks,  $P = [(C1+C2) + C3]$  secured by a candidate in a course which is rounded to nearest integer. V is the credit value of course. G is the grade and GP is the grade

point.

A candidate can withdraw any course within in ten days from the date of notification of final results. Whenever a candidate withdraws a course, he/she has to register for the same course in case it is hard core course, the same course or an alternate course if it is soft core/open elective. A DROPPED course is automatically considered as a course withdrawn.

Overall cumulative grade point average (CGPA) of a candidate after successful completion the required number of credits (89) is given by

$$CGPA = \Sigma GP / \text{Total number of credits}$$

Only such students, who successfully earn 89 credits in 4 semesters, without break, shall be considered for declaration of ranks and or medals.

## 8. Declaration of results

The final grade point (FGP) to be awarded to the student is based on CGPA secured by the candidate and is given as follows.

CGPA	FGP	
	Numerical Index	Qualitative Index
$4 \leq \text{CGPA} < 5$	5	SECOND CLASS
$5 \leq \text{CGPA} < 6$	6	
$6 \leq \text{CGPA} < 7$	7	FIRST CLASS
$7 \leq \text{CGPA} < 8$	8	
$8 \leq \text{CGPA} < 9$	9	DISTINCTION
$9 \leq \text{CGPA} \leq 10$	10	

Overall percentage =  $10 \times \text{CGPA}$  or is said to be 50% in case  $\text{CGPA} < 5$

### EXAMPLE

Sl.No	Title of the Course	Grade (G)	Credit Value (V)	Grade Point (GP)	GP = V x G
1.	XXX	30 – 39	3	4	12
2.	XXX	40 – 49	4	5	20
3.	XXX	50 – 59	4	6	24
4.	XXX	60 – 64	4	6.5	24.5
5.	XXX	65 – 69	4	7	28
6.	XXX	70 – 74	3	7.5	21.5
7.	XXX	75 – 79	3	8	24
			25		154

Total no of credits = 25

$\text{CGPA} = \frac{\sum \text{GP}}{\text{Total number of credits}}$

$\text{CGPA} = 154 / 25 = 6.16 = \text{FIRST CLASS}$

**(Note: As per the Section 7 & 8)**

## 9. Medium of Instruction

The medium of instruction shall be English. However, a candidate will be permitted to write the examination in English. This rule is not applicable to languages.

**1. Definitions**

***Course***

Every course offered will have three components associated with the teaching-learning process of the course, namely

(i) Lecture – L (ii) Tutorial- T (iii) Practical - P, where

**L** stands Lecture session. **T** stands Tutorial session consisting participatory discussion/ self-study/ desk work/ brief seminar presentations by students and such other novel methods that make a student to absorb and assimilate more effectively the contents delivered in the Lecture classes.

**P** stands Practice session and it consists of Hands on experience / Laboratory Experiments / Field Studies / Case studies that equip students to acquire the much required skill component.

In terms of credits, every one hour session of L amounts to 1 credit per semester and a minimum of two hour session of T or P amounts to 1 credit per semester, over a period of one semester of 16 weeks for teaching-learning process. The total duration of a semester is 20 weeks inclusive of semester-end examination.

A course shall have either or all the three components. That means a course may have only lecture component, or only practical component or combination of any two or all the three components.

The total credits earned by a student at the end of the semester upon successfully completing the course are L + T + P. The credit pattern of the course is indicated as L: T: P.

If a course is of 4 credits then the different credit distribution patterns in

L: T: P format could be

4 : 0 : 0,      1 : 2 : 1,      1 : 1 : 2,      1 : 0 : 3,      1 : 3 : 0,  
 2 : 1 : 1,      2 : 2 : 0,      2 : 0 : 2,      3 : 1 : 0,      3 : 0 : 1,  
 0 : 2 : 2,      0 : 4 : 0,      0 : 0 : 4,      0 : 1 : 3,      0 : 3 : 1,

***The concerned BoS will choose the convenient credit pattern for every course based on the requirement. However, generally, a course shall be of 3 or 4 credits.***

Different courses of study are labeled and defined as follows:

### ***Core Course***

A course which should compulsorily be studied by a candidate as a core requirements termed as a Core course.

A Core course may be a **Soft Core** if there is a choice or an option for the candidate to choose a course from a pool of courses from the main discipline /subject of study or from a sister/related discipline / subject which supports the main discipline / subject. In contrast to the phrase Soft Core, a compulsory core course is called a **Hard Core** Course.

### ***Elective Course***

Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline / subject of study or which provides an extended scope or which enables an exposure to some other discipline / subject/domain or nurtures the candidate's proficiency/ skill is called an Elective Course. Elective courses may be offered by the main discipline/ subject of study or by sister / related discipline / subject of study. A Soft Core course may also be considered as an elective.

An elective course chosen generally from an unrelated discipline / subject, with an intention to seek exposure is called an **open elective**.

An elective course designed to acquire a special/advanced knowledge, such as supplement study/support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher is called a **Self Study**.

A core course offered in a discipline / subject may be treated as an elective by other discipline / subject and vice versa.

Project work/Dissertation work is a special course involving application of

knowledge in solving / analyzing /exploring a real life situation / difficult problem. A project work up to 4 credits is called Minor Project work. A project work of 6 to 8 credits is called Major Project Work. Dissertation work can be of 10-12 credits. A Project work/Dissertation work may be a hard core or a soft core as decided by the BoS concerned.

## 2. **Eligibility for Admission**

Candidates possessing a degree of University of Mysore, or of any other University, equivalent there to and complying with the eligibility criteria:

Passed BCA/ Bachelor Degree in Computer Science Engineering or equivalent Degree. **OR** Passed B.Sc./ B.Com./ B.A. with Mathematics at 10+2 Level or at Graduation Level (with additional bridge Courses as per the norms of the concerned University).

Admission to MCA course shall be open for candidates who have passed the Bachelor degree examinations with not less than 50% of the marks in the aggregate of all the years of the Degree examinations. However, in the case of candidates from Karnataka belonging to SC/ST and Category-I, the aggregate percentage of marks in the qualifying examinations shall not be less than 45%. Provided that for admission to MCA, the candidate shall have passed Bachelor Degree with not less than 50% of marks with Mathematics / Statistics / Computer Science / Computer Programming / Computer Application / Business Mathematics / Business Statistics as one of the optional or electives at degree level. However, in the case of candidates belonging to SC/ST and Category-I, 45% of marks in that subject shall also be considered for admission.

## 3. **Scheme of Instructions**

- 3.1 A Master's Degree program is of 4 semesters-two year's duration for regular candidates. A regular candidate can avail a maximum of 8 semesters – 4 years (in one stretch) to complete Master's Degree (including blank semesters, if any). Whenever a candidate opts for blank semester(s)/DROP in a course or in courses or is compelled to DROP a course or courses as per the provision of the regulation, he/she has to study the pre-vailing courses offered by the department as per the prevailing scheme, when he/she continues his/her study.
- 3.2 A candidate has to earn a minimum of 80 credits, for successful completion of a Master's degree with a distribution of credits for different courses as given in the following table.

Course Type	Credits
Hard Core	44
Soft Core	A minimum of 28, not exceeding 32
Open Elective	A minimum of 4, not exceeding 8

Every course including project work/Dissertation work, practical work, field work, seminar, self-study elective should be entitled as hard core or soft core or open elective by the BoS concerned.

- 3.3 A candidate can enroll for a maximum of 24 credits per semester with the approval of the concerned department.

#### 4. Continuous Assessment, Earning of Credits and Award of Grades

The evaluation of the candidate shall be based on continuous assessment. The Structure for evaluation is as follows:

- 4.1 Assessment and evaluation processes happen in a continuous mode. However, for re-reporting purposes, a semester is divided into 3 discrete components identified as C1, C2, and C3.
- 4.2 The performance of a candidate in a course will be assessed for a maximum of 100marks as explained below:

4.2.1 The first component (C1), of assessment is for 25 marks. This will be based on test/ assignment/seminar/quiz/group discussions. During the first half of the semester, the first 50% of the syllabus will be completed. This shall be consolidated during the 8<sup>th</sup> week of the semester. Beyond 8<sup>th</sup> week, making changes in C1 is not permitted.

4.2.2 The second component (C2), of assessment is for 25 marks. This will be based on test/ assignment/seminar/quiz/group discussions. The continuous assessment and scores of second half of the semester will be consolidated during the 16<sup>th</sup> week of the semester. During the second half of the semester the remaining units in the course will be completed.

4.1.1 The outline for continuous assessment activities for Component-I (C1) and Component-II (C2) will be proposed by the teacher(s) concerned before the commencement of the semester and will be discussed and decided in the respective Departmental Council. The students should be informed about the modalities well in advance. The evaluated courses/assignments during component I (C1) and component II (C2) of assessment are immediately returned to the candidates after obtaining acknowledgement in the register maintained by the concern teacher for this purpose.

4.2.3 During the 18th -20th week of the semester, a semester-end examination of 2 hours duration shall be conducted for each course. This forms the third/final component of assessment (C3) and the maximum marks for the final component will be 50.

4.2.4 In case of a course with only practical component a practical examination will be conducted with two examiners (one internal and one external).

A candidate will be assessed on the basis of:

- a) Knowledge of relevant processes
- b) Skills and operations involved
- c) Results / products including calculation and reporting.

If external examiner does not turn up then both the examiners will be internal examiners. The duration for semester-end practical examination shall be decided by the departmental council.

4.2.5 Scheme of Valuation for Practical Examination:

The student is evaluated for 50 marks in C3 as per the following scheme:

There will be two questions. A candidate has to prepare procedure for both the questions and execute any one of examiner's choice:

Procedure Development	:	10 x 2=20 Marks
Implementation	:	15 x 1=15 Marks
Viva	:	10 Marks
Record	:	05 Marks
Total	:	50 Marks

\*For change of question = 5 Marks will be deducted per question.

4.2.6 If  $X$  is the marks scored by the candidate out of 50 in C3 in theory examination, if  $Y$  is the marks scored by the candidate out of 50 in C3 in Practical examination, and if  $Z$  is the marks scored by the candidate out of 50 in C3 for a course of (L=0):T:(P=0) type that is entirely tutorial based course, then the final marks (M) in C3 is decided as per the following table.

L.T.P distribution	Find mark M in C3
L:T:P	$\frac{[(L+T)*X]+[(T+P)*Y]}{L+2T+P}$
L:(T=0):P	$\frac{(L*X)+(P*Y)}{L+P}$
L:T:(P=0)	X
L:(T=0):(P=0)	X
(L=0 ):T :P	Y
(L=0): (T=0):P	Y
(L=0): T:( P=0)	Z

4.2.7 The details of continuous assessment are summarized in the following table:

Component	Syllabus in a course	Weightage	Period of Continuous assessment
C1	First 50%	25%	First half of the semester To be consolidated by 8 <sup>th</sup> week
C2	Remaining 50%	25%	Second half of the semester. To be consolidated by 16 <sup>th</sup> week
C3	Semester-end examination (All units of the course)	50%	To be completed during 18th-20 <sup>th</sup> Week.
<b>Final grades to be announced latest by 24th week</b>			

4.2.8 A candidate's performance from all 3 components will be in terms of scores, and the sum of all three scores will be for a maximum of 100 marks (25 +25 + 50).

4.2.9 Finally, awarding the grades should be completed latest by 24th week of the semester.

#### 4.3 Minor Project/Major Project/Dissertation Evaluation

Right from the initial stage of defining the problem, the candidate has to submit the progress reports periodically and also present his/her progress in the form of seminars

In addition to the regular discussion with the guide. Components of evaluation are as follows:

Component – I (C1): Periodic Progress and Progress Reports (25%)

Component – II (C2): Results of Work and Draft Report (25%)

Component– III (C3): Final Viva-voce and evaluation (50%).

The report evaluation is for 30% and Viva-voce examination is for 20%.

- 4.4 In case a candidate secures less than 30% in C1 and C2 put together in a course, the candidate is said to have DROPPED that course, and such a candidate is not allowed to appear for C3 in that course. In case a candidate's class attendance in a course is less than 75%, the candidate is said to have DROPPED that course, and such a candidate is not allowed to appear for C3 in that course.

Teachers offering the courses will place the above details in the Department Council meeting during the last week of the semester, before the commencement of C3, and subsequently a notification pertaining to the above will be brought out by the Chairman of the Department before the commencement of C3 examination. A copy of this notification shall also be sent to the office of the Controller of Examinations.

- 4.5 In case a candidate secures less than 30% in C3, he/she may choose DROP/MAKEUP option.

In case a candidate secures more than or equal to 30% in C3, but his/her grade (G) = 4, as per section 4.7 below, then he/she may be declared to have been conditionally successful in this course, provided that such a benefit of conditional clearance based on G=4 shall not be availed for more than 8 credits for the entire programme of Master's Degree of two years.

A MAKE UP examination for odd semester courses will be conducted along with next regular odd semester examinations and for even semester courses along with a next regular even semester examinations. If a candidate is still unsuccessful, he/she may opt for DROP or again take up MAKE UP examination; however, not exceeding double the duration norm in one stretch from the date of joining the course.

- 4.6 A candidate has to re-register for the DROPPED course when the course is offered again by the department if it is a hard core course. The candidate may choose the same or an alternate core/elective in case the dropped course is soft core / elective course. A candidate who is said to have DROPPED project work/Dissertation has to re-register for the same

subsequently within the stipulated period. **The details of any dropped course will not appear in the grade card.**

- 4.7 The grade and the grade point earned by the candidate in the subject will be as given below.

Marks(M)	Grade	Grade Point (GP = V x G)
30-39	4	V*4
40-49	5	V*5
50-59	6	V*6
60-64	6.5	V*6.5
65-69	7	V*7
70-74	7.5	V*7.5
75-79	8	V*8
80-84	8.5	V*8.5
85-89	9	V*9
90-94	9.5	V*9.5
95-100	10	V*10

Here, **P** is the percentage of marks ( $P = [(C1+C2) +M]$ ) secured by a candidate in a course which is rounded to nearest integer. **V** is the credit value of course. **G** is the grade and **GP** is the grade point.

- 4.8 A candidate can withdraw any course within in ten days from the date of notification of final results. Whenever a candidate withdraws a paper, he/she has to register for the same course in case it is hard core course, the same course or an alternate course if it is soft core/open elective. A DROPPED course is automatically considered as a course withdrawn.
- 4.9 Overall Cumulative Grade Point Average (CGPA) of a candidate after successful Completion the required number of credits (80) is given by:

$$\text{CGPA} = \frac{\sum \text{GP}}{\text{Total number of credits}}$$

## 5. Classification of Results

The final grade point (FGP) to be awarded to the student is based on CGPA secured by the candidate and is given as follows.

CGPA	Numerical Index	Qualitative Index
4 <= CGPA < 5	5	Second Class
5 <= CGPA < 6	6	
6 <= CGPA < 7	7	First Class
7 <= CGPA < 8	8	
8 <= CGPA < 9	9	Distinction
9 <= CGPA < 10	10	

Overall percentage = 10\* CGPA or is said to be 50% in case CGPA < 5

**6. Medium of Instruction**

The medium of instruction shall be English. However, a candidate will be permitted to write the examinations in either English or Kannada. This rule is not applicable to languages.

**7. Provision for Appeal**

If a candidate is not satisfied with the evaluation of C1 and C2 components, he / she can approach the grievance cell with the written submission together with all facts, the assignments, and test papers etc., which were evaluated. He/she can do so before the commencement of semester- end examination. The grievance cell is empowered to revise the marks if the case is genuine and is also empowered to levy penalty as prescribed by the college on the candidate if his/her submission is found to be baseless and unduly motivated. This cell may recommend taking disciplinary/corrective action on an evaluator if he/she is found guilty. The decision taken by the grievance cell is final.

For every program there will be one grievance cell. The composition of the grievance cell is as follows.

1. The Controller of Examinations ex-officio Chairman / Convener
2. One senior faculty member (other than those concerned with the evaluation of the course concerned) drawn from the department/discipline and/or from the sister departments/sister disciplines.
3. One senior faculty member / course expert drawn from outside the department.

**8.** Any other issue not envisaged above, shall be resolved by the competent authority of the autonomous college, which shall be final and binding.

**9.** Any matter which is not covered under this regulation shall be resolved as per the College/Mysore University regulations.

**SCHEME OF EXAMINATION FOR C<sub>1</sub>, C<sub>2</sub> AND C<sub>3</sub> COMPONENTS****Preamble**

In view of the CBCS syllabus, following is the model distribution of marks for C<sub>1</sub>, C<sub>2</sub> and C<sub>3</sub> Components. At a glance, the model includes HC, SC and OE courses for the assessment of marks.

The following is the scheme which will be followed for the assessment of marks for HC, SC and OE courses irrespective of the credits associated with each course. 30% of the marks will be assessed for internals (C<sub>1</sub> and C<sub>2</sub>) and remaining 70% will be for the Semester end Examinations (C<sub>3</sub>). Each course carries 100 marks and hence 30 marks will be allotted to internals and remaining 70 marks will be for Semester end Examinations. Out of 30 marks for internals, 15 marks will be allotted to each C<sub>1</sub> and C<sub>2</sub> components.

Each course (HC/SC/OE) consists of three components namely C<sub>1</sub>, C<sub>2</sub> and C<sub>3</sub>. C<sub>1</sub> and C<sub>2</sub> are designated as Internal Assessment (IA) and C<sub>3</sub> as Semester end Examination. Each course (HC/SC/OE) carries **100 Marks** and hence the allotment of marks to C<sub>1</sub>, C<sub>2</sub> and C<sub>3</sub> Components will be 15, 15 and 70 marks, respectively. i.e.,

C <sub>1</sub> Component	15 Marks	Assessment Marks
C <sub>2</sub> Component	15 Marks	
C <sub>3</sub> Component	70 Marks	Semester end Examination
<b>Total</b>	<b>100 Marks</b>	

**The above Scheme will be followed for all the HC, SC and OE courses in all the four semesters.**

### 1.HARD CORE (03 CREDIT COURSES)

#### Distribution of Marks for C1 and C2 Components

Assessment Marks (C1 + C2) consists of 30 marks. It will be divided into three parts *viz.*, **Internal Test, Home Assignment and Seminar**. Internal tests will be conducted during the 8<sup>th</sup> week of the semester for C1 and 16<sup>th</sup> week of the semester for C2. Home Assignment will be considered for C1 Component and Seminar for C2 Component only. Hence, a teacher from each unit of a course may be given one assignment (or in their personal interest one more may be given). Since each course has three units, the marks shall be divided equally. Allotment of marks for C1 and C2 is as follows: Out of 15 Marks for C1, Internal test will be conducted for 30 Marks (10 Marks from each unit and reduced to 10 Marks) and Home Assignment will be given for 05 Marks (Each Home Assignment from every unit will be assessed for 05 Marks and finally reduced to 05 Marks). Assessment Marks for C2 will be distributed as follows: Internal test will be conducted for 30 Marks (10 Marks from each unit and reduced to 10 Marks) and Seminar will be assessed for 20 Marks and finally its Marks will be distributed to each theory HC course. i.e.,

C <sub>1</sub>		C <sub>2</sub>	
Internal Test	30 Marks (10+10+10) <b>Reduced to 10 Marks</b>	Internal Test	30 Marks (10+10+10) <b>Reduced to 10 Marks</b>
Home Assignment	15 Marks (05+05+05) <b>Reduced to 5 Marks</b>	Seminar	20 Marks (05+05+05+05) <b>5 Marks will be distributed to each HC course</b>
<b>Total</b>	<b>15 Marks</b>	<b>Total</b>	<b>15 Marks</b>

#### Distribution of Marks for C3 Component (Semester end Examination)

The question paper is of 3 hrs duration with the Maximum of 70 Marks. The following question paper pattern will be followed for all the theory courses (HC/SC/OE). Question paper will have FIVE main questions. All the questions will cover all the units of the course with equal marks distribution. Q. No. 1 is of Medium/ Short Answer Type questions which will have nine questions and each question carries two marks. A student has to answer any seven questions. Q. No. 2 to 5 carries 14 marks each and a student has to answer all the four questions (*No Choice*). Each main question will have three sub-sections a, b, c. An examiner may set the questions like (4+4+6) or (4+5+5) or as his/her wish. However, sub-section 'c' will have an internal choice. i.e.,

**Model Question Paper Pattern****Max. Duration: 3 Hr****Max. Marks: 70****Note:** Answer all the questions. Each question carries 14 marks.**Q. No. 1:** Nine Medium/ Short Answer Type Questions and any seven should be answered. Each question carries TWO marks. **(7 × 2 = 14)****Q. No. 2 to 5:** All the four questions have to be answered (*No Choice*). Each question carries **FOURTEEN** marks. An examiner may set the questions like (4+4+6) or (4+5+5) or as his/her wish. **2. SOFT CORE (02 CREDIT COURSES)****Distribution of Marks for C1 and C2 Components**

Assessment Marks (C1 + C2) consists of 30 marks. It will be divided into two parts viz., **Internal Test and Home Assignment**. Internal tests will be conducted during the 8<sup>th</sup> week of the semester for C1 and 16<sup>th</sup> week of the semester for C2. As far as Home Assignment is concerned, the concerned teacher will assign one or two Home Assignments to each student. Since each course has two units, the marks will be divided equally. Allotment of marks for C1 and C2 is as follows: Out of 15 Marks for IA, Internal tests will be conducted for 20 marks and reduced to 10 marks, whereas Home Assignment is for 05 Marks. i.e.,

<b>C<sub>1</sub></b>		<b>C<sub>2</sub></b>	
Internal Test	20 Marks (10+10) <b>Reduced to 10</b>	Internal Test	20 Marks (10+10) <b>Reduced to 10</b>

Each practical consists of three components namely C<sub>1</sub>, C<sub>2</sub> and C<sub>3</sub>. C<sub>1</sub> and C<sub>2</sub> are designated as Internal Assessment (IA) and C<sub>3</sub> as Semester End Examination. Each practical carries **100 Marks** and hence the allotment of marks to C<sub>1</sub>, C<sub>2</sub> and C<sub>3</sub> Components will be 15, 15 and 70 marks respectively. i.e.,

C <sub>1</sub> Component	15 Marks	Internal Assessment Marks

IA consists of **15 Marks**. It will be divided into three parts viz., *Internal Test, Continuous Assessment and Record*. Continuous assessment refers to the daily assessment of each student based on his/her attendance, skill, results obtained etc. Thus, 05 marks are allotted for Continuous Assessment. Internal tests will be conducted for 05 Marks during the 8<sup>th</sup> week of the semester for C<sub>1</sub> and 16<sup>th</sup> week of the semester for C<sub>2</sub>. Finally, remaining 05 Marks will be for the record. i.e.,

Continuous assessment refers to the daily assessment of each Student based on his or her skill, results obtained, literature survey etc. C1 will be assessed during the 8<sup>th</sup> week of the semester and C2 during the 16<sup>th</sup> week of the semester. Hence, the concerned guide will prepare the marks list based on the above said parameters for both C1 and C2 Components.

#### 5.2. Distribution of marks for c 3 component (semester end Examination)

The end examination will be conducted for 70 Marks. Every student is supposed to prepare a hard copy of the findings of the work in the form of dissertation and submit for evaluation. The Action Plan proposed by UGC outlines the need to consider and adopt Semester System, Choice Based Credit System (CBCS), and Flexibility in Curriculum Development and Examination Reforms in terms of adopting Continuous Evaluation Pattern by reducing the weightage on the semester- end examination so that students enjoy a de-stressed learning environment. Further, UGC expects that institutions of higher learning draw a roadmap in time bound manner to accomplish the above.

## **ABOUT THE COURSE**

The M.Sc., Biochemistry course of the University of Mysore is approved by the University Grants Commission. The syllabus is designed to provide a holistic insight into the subject by experts of the University and was adopted for teaching in the Centre. The Department is well furnished and provided with state-of-the-art laboratory facilities. The Department has highly qualified and experienced faculty for the students to learn and experiment, hands on, with techniques of great relevance to current day bio industries. Besides, the Centre also invites eminent Scholars, Scientists and Professors from UOM, CFTRI, DFRL and other institutions for special lectures to enlighten students on most recent developments in the subject. The students are also encouraged to take part in scientific seminars, group discussions and quiz competitions apart from the other extracurricular activities. Our students have won prizes in intercollegiate essay, debate and music competitions.

### **6.0. Continuous Assessment, Earning of Credits and Award of Grades**

The evaluation of the candidate shall be based on continuous assessment. The Structure for evaluation is as follows:

Assessment and evaluation processes happen in a continuous mode. However, for reporting purposes, a semester is divided into 3 discrete components identified as C1, C2, and C3.

- 6.1 The performance of a candidate in a course (30:70 pattern) will be assessed for a maximum of 100 marks as explained below:
  - 6.1.1 The first component (C1), of assessment is for 15 marks. This will be based on test/ assignment/seminar/quiz/group discussions, etc., during the first half of the semester; the first 50% of the syllabus will be completed. This shall be consolidated during the 8<sup>th</sup> week of the semester. Beyond 8<sup>th</sup> week, making changes in C1 is not permitted.
  - 6.1.2 The second component (C2), of assessment is for 15 marks. This will be based on test/ assignment/seminar/quiz/group discussions etc. The continuous assessment and scores of second half of the semester will be consolidated during the 16<sup>th</sup> week of the semester. During the second half of the semester the remaining units in the course will be completed.
    - 6.1.2.1 The outline for continuous assessment activities for Component-I (C1) and Component-II (C2) will be proposed by the teacher(s) concerned before the commencement of the semester and will be discussed and decided in the respective Departmental Council. The students should be informed about the modalities well in advance. The evaluated courses/assignments during component I (C1) and component II

(C2) of assessment are immediately returned to the candidates after obtaining acknowledgement in the register maintained by the concern teacher for this purpose.

### **6.1.3 Setting question papers and evaluation of answer scripts:**

**I.** Question papers in two sets shall be set by the internal examiner and one set by external examiner for a course. Whenever there are no sufficient internal examiners, The Chairman, BoE shall get the question papers set by external examiners.

Whenever there are no external examiners, The Chairman, BoE shall get the question papers set by internal examiner.

**II.** The Board of Examiners shall scrutinize and approve the question papers and scheme of evaluation.

**III.** (i) There shall be single evaluation for all theory papers by internal examiner and 25% of the total scripts will be reviewed by an external examiner.

(ii) The average of first valuation and the review evaluation will be considered as the final marks of the candidate.

(iii) If there is difference of marks in maiden and reviewed evaluation is greater than 15 marks then the script will go for third evaluation by the external examiner and marks awarded in the third evaluation will be final.

(iv) The examination for Practical work/ Field work/ Project work will be conducted jointly by one internal and one external examiner.

(v) If a course is fully of (L=0): T: (P=0) type, then the examination for C3 Component will be as decided by the BOS concerned.

### **IV. Challenge Evaluation**

A student who desires to apply for challenge evaluation shall obtain a Xerox copy of the answer script by paying the prescribed fee within 10 days after the announcement of the results. He / She can challenge the grade awarded to him/her by surrendering the grade card and by submitting an application along with the prescribed fee to the Controller of Examinations within 15 days after the announcement of the results.

This challenge evaluation is only for C3 component.

The answer scripts, for which challenge evaluation is sought for, shall be sent to external examiner.

The marks awarded in the challenge evaluation will be final.

6.1.4 In case of a course with only practical component a practical examination will be conducted with two examiners (one Internal and one external)

A candidate will be assessed on the basis of

- a) Knowledge of relevant processes
- b) Skills and operations involved
- c) Results / products including calculation and reporting.

If external examiner does not turn up then both the examiners will be internal examiners. The duration for semester-end practical examination shall be decided by the Departmental council.

6.1.5 If **X** is the marks scored by the candidate out of 70 in C3 in theory examination, if **Y** is the marks scored by the candidate out of 70/50/40 in C3 in Practical examination, and if **Z** is the marks scored by the candidate out of 70/50/40 in C3 for a course of (L=0):T:(P=0) type that is entirely tutorial based

course, then the final marks (M) in C3 is decided as per the following table.

6.1.6

L.T.P distribution	Formula to compute Mark (M) in C3
L:T:P	$[(L+T)*X]+[(T+P)*Y]L+2T+P$
L:(T=0):P	$\frac{(L*X)+(P*Y)}{L+P}$
L:T:(P=0)	X
L:(T=0):(P=0)	X
(L=0 ):T :P	Y
(L=0): (T=0):P	Y

The candidate may choose the same or an alternate core/elective in case the dropped course is soft core / elective course. A candidate who is said to have DROPPED project work has to re-register for the same subsequently within the stipulated period. **The details of any dropped course will not appear in the grade card.**

- 6.5 The tentative / provisional grade card will be issued by the Controller of Examinations at the end of every semester indicating the courses completed successfully. This statement will not contain the list of DROPPED courses.
- 6.6 Upon successful completion of Bachelors Honors/Master's Degree, a final grade card consisting of grades of all courses successfully completed by the candidate will be issued by the Controller of Examinations.
- 6.7 The grade and the grade point earned by the candidate in the course will be as given below.

Marks(M)	Grade	Grade Point (GP = V x G)
30-39	4	V*4
40-49	5	V*5
50-59	6	V*6

85-89	9	V*9
90-94	9.5	V*9.5
95-100	10	V*10

Here, **P** is the Percentage of marks ( $P = [(C1+C2) + M]$ ) secured by a candidate in a course which is rounded to nearest integer. **V** is the credit value of course. **G** is the Grade and **GP** is the Grade Point.

- 6.8 A candidate can withdraw any course within ten days from the date of notification of final results. Whenever a candidate withdraws a paper, he/she has to register for the same course in case it is hard core course, the same course or an alternate course if it is soft core/open elective.

A DROPPED course is automatically considered as a course withdrawn.

- 6.9 Overall Cumulative Grade Point Average (CGPA) of a candidate after successfully completing the required number of credits (76) is given by:

$$\text{CGPA} = \frac{\sum \text{GP}}{\text{Total Number of Credits}}$$

## 7. Classification of Results

The Final Grade Point (FGP) to be awarded to the student is based on CGPA secured by the candidate and is given as follows.

CGPA	Numerical Index	Qualitative Index

### **Practical evaluation:**

Component – I (C1): Periodic Progress, Laboratory record and Progress Reports (15%)

Component – II (C2): Results of Work, tour report, assignment, class tests, laboratory exercise and Draft Report (15%)

Component III: (C3): (70%) Practical exams to be conducted for 6 hours, students will prepare reagents and perform the experiments, report to the examiners. A viva voce will be conducted during practical examination for each student and marks are allotted accordingly from the experimental efficiency and viva.

In case a candidate secures less than 30% in C1 and C2 put together in a course, the candidate is said to have DROPPED that course, and such a candidate is not allowed to appear for C3 in that course.

### **Minor/ Major Project Evaluation:**

Right from the initial stage of defining the problem, the candidate has to submit the progress reports periodically and also present his/her progress in the form of seminars in addition to the regular discussion with the guide. Components of evaluation are as follows:

Component – I (C1): Periodic Progress and Progress Reports (15%)

Component – II (C2): Results of Work and Draft Report (15%)

Component– III (C3): Final Viva-voce and evaluation (70%).

The report evaluation is for 40% and Viva-voce examination is for 30%.

In case a candidate secures less than 30% in C1 and C2 put together in a course, the candidate is said to have DROPPED that course, and such a candidate is not allowed to appear for C3 in that course.

**3. Definitions**

a. **Course:** Every course offered will have three components associated with the teaching-learning process of the course, name (i) Lecture – L (ii) Tutorial- T (iii) Practicals - P, where **L** stands Lecture session. **T** stands Tutorial session consisting participatory discussion / self study/ desk work/ brief seminar presentations by students and such other novel methods that make a student to absorb and assimilate more effectively the contents delivered in the Lecture classes. **P** stands Practice session and it consists of Hands on experience / Laboratory Experiments / Field Studies / Case studies that equip students to acquire the much required skill component.

b. In terms of credits, every one hour session of L amounts to 1 credit per semester and a minimum of two hour session of T or P amounts to 1 credit per semester, over a period of one semester of 16 weeks for teaching-learning process. The total duration of a semester is 20 weeks inclusive of semester-end examination

c. A course shall have either or all the three components. That means a course may have only lecture component, or only practical component or combination of any two or all the three components.

d. The total credits earned by a student at the end of the semester upon successfully completing the course are  $L + T + P$ . The credit pattern of the course is indicated as L: T: P.

e. If a course is of 4 credits then the different credit distribution patterns in L : T : P format could be :

4 : 0 : 0,	1 : 2 : 1,	1 : 1 : 2,	1 : 0 : 3,	1 : 3 : 0,

**5.7A** candidate admitted to Masters program can exercise an option to exit with Bachelor Honors degree / PG diploma after earning 40 credits successfully.

**6. Continuous assessment, earning of credits and award of grades:**

**6.1** The evaluation of the candidate shall be based on continuous assessment. The Structure for evaluation is as follows: Assessment and evaluation processes happen in a continuous mode.

However, for reporting purposes, a semester is divided into 3 discrete components identified as C1, C2, and C3.

6.2 The performance of a candidate in a course (30:70 patterns) will be assessed for a maximum of 100 marks as explained below:

6.2.1 : The first component ( $C_1$ ), of assessment is for 15 marks. This will be based on test / assignment/seminar/quiz/group discussions, etc. During the first half of the semester; the first 50% of the syllabus will be completed. This shall be consolidated during the 8<sup>th</sup> week of the semester. Beyond 8<sup>th</sup> week, making changes in  $C_1$  is not permitted.

6.2.2 : The second component ( $C_2$ ), of assessment is for 15 marks. This will be based on test/ assignment/seminar/quiz/group discussions etc. The continuous assessment and scores of second half of the semester will be consolidated during the 16<sup>th</sup> week of the semester. During the second half of the semester the remaining units in the course will be completed.

6.2.3 : The outline for continuous assessment activities for Component-I ( $C_1$ ) and Component-II ( $C_2$ ) will be proposed by the teacher(s) concerned before the commencement of the semester and will be discussed and decided in the respective Departmental Council. The students should be informed about the modalities well in advance. The evaluated courses/assignments during component I ( $C_1$ ) and component II ( $C_2$ ) of assessment are immediately returned to the candidates after obtaining acknowledgement in the register maintained by the concern teacher for this purpose.

6.2.4 : During the 18<sup>th</sup> - 20<sup>th</sup> week of the semester, a semester-end examination of 3 hours duration shall be conducted for each course. This forms the third/final component of assessment ( $C_3$ ) and the maximum marks for the final component will be 70.

### **6.3 Setting question papers and evaluation of answer scripts:**

6.3.1 Question papers in two sets shall be set by the internal examiner and one set by external examiner for a course. Whenever there are no sufficient internal examiners, The Chairman, BoE shall get the question papers set by external examiners. Whenever there are no external examiners, The Chairman, BoE shall get the question papers set by internal examiner.

6.3.2 The Board of Examiners shall scrutinize and approve the question papers and scheme of evaluation.

1. There shall be single evaluation for all theory papers by internal examiner and 25% of the total scripts will be reviewed by an external examiner.

2. The average of first valuation and the review evaluation will be considered as the final marks of the candidate.

3. If there is difference of marks in maiden and reviewed evaluation is greater than 15 marks

then the script will go for third evaluation by the external examiner and marks awarded in the third evaluation will be final.

4. The examination for Practical work/ Field work/ Project work will be conducted jointly by one internal and one external examiner.

#### **6.4 Challenge Evaluation:**

A student who desires to apply for challenge evaluation shall obtain a Xerox copy of the answer script by paying the prescribed fee within 10 days after the announcement of the results. He / She can challenge the grade awarded to him/her by surrendering the grade card and by submitting an application along with the prescribed fee to the Controller of Examinations within 15 days after the announcement of the results. This challenge evaluation is only for C3 component. The answer scripts, for which challenge evaluation is sought for, shall be sent to external examiner. The marks awarded in the challenge evaluation will be final. In case of a course with only practical component a practical examination will be conducted with two examiners (one Internal and one external) a candidate will be assessed on the basis of :

- a) Knowledge of relevant processes
- b) Skills and operations involved
- c) Results / products including calculation and reporting.

If external examiner does not turn up then both the examiners will be internal examiners. The duration for semester-end practical examination shall be decided by the Departmental council.

**7 Formula to compute Mark (M) in C3 :** If **X** is the marks scored by the candidate out of 70 in C3 in theory examination, if **Y** is the marks scored by the candidate out of 70/50/40 in C3 in Practical examination, and if **Z** is the marks scored by the candidate out of 70/50/40 in C3 for a course of (L=0):T:(P=0) type that is entirely tutorial based course, then the final marks (M) in C3 is decided as per the following table.

<b>L.T.P distribution</b>	<b>Formula to compute Mark (M) in C3</b>
L:T:P	$[(L+T)*X]+[(T+P)*Y]$ $L+2T+P$
L:(T=0):P	$(L*X)+(P*Y)$ $L+P$
L:T:(P=0)	X
L:(T=0):(P=0)	X
(L=0):T:P	Y
(L=0):(T=0):P	Y
(L=0):T:(P=0)	Z

7.1 The details of continuous assessment (30:70 patterns) are summarized in the following table:

<b>Component</b>	<b>Syllabus in a Course</b>	<b>Weightage</b>	<b>Period of Continuous Assessment</b>
C1	First 50%	15%	First half of the semester (To be consolidated by 8 <sup>th</sup> week)

C3	Semester – end examination (All units of the course)	70%	(To be completed during 18 <sup>th</sup> Week.) 20

7.1.1 A candidate's performance from all 3 components will be in terms of scores, and the sum of all three scores will be for a maximum of 100 marks (15 + 15 + 70).

7.1.2 Finally, awarding the grades should be completed latest by 24<sup>th</sup> week of the semester.

7.2 Minor/ Major Project Evaluation:

Right from the initial stage of defining the problem, the candidate has to submit the progress reports periodically and also present his/her progress in the form of seminars in addition to the regular discussion with the guide. Components of evaluation are as follows:

Component – I (C1)	Periodic Progress and Progress Reports (15%)
Component – II (C2)	Results of Work and Draft Report (15%)
Component – III (C3):	Final Viva-voce and evaluation (70%). The report evaluation is for 40% and Viva-voce examination is for 30%.

7.3 In case a candidate secures less than 30% in C1 and C2 put together in a course, the candidate is said to have DROPPED that course, and such a candidate is not allowed to appear for C3 in that course.

7.4 In case a candidate's class attendance in a course is less than 75%, the candidate is said to have DROPPED that course, and such a candidate is not allowed to appear for C3 in that course.

7.5 Teachers offering the courses will place the above details in the Department Council meeting during the last week of the semester, before the commencement of C3, and subsequently a notification pertaining to the above will be brought out by the Chairman of the Department before the commencement of C3 examination. A copy of this notification shall also be sent to the office of the Director & the Controller of Examinations.

7.6 In case a candidate secures less than 30% in C3, he/she may choose DROP/MAKEUP option.

7.7 In case a candidate secures more than or equal to 30% in C3, but his/her grade (G) =4, as per section 6.9 below, then he/she may be declared to have been conditionally successful in this course, provided such a benefit of conditional clearance based on G=4 shall not be availed for more than 8 credits for the entire program of Master's Degree of two years. In case a candidate secures more than 30% in C3, he/she may choose DROP/MAKE-UP option.

7.8 The candidate has to exercise his/her option immediately within 10 days from the date of notification of results.

7.9 A MAKE UP examination for C3 shall be conducted in all the semesters. Candidates can register for the MAKE UP examination within 10 days from the date of notification of results. The MAKE UP examination will be conducted within one month of the notification of the results.

7.10 If a candidate is still unsuccessful, A MAKE UP Examination for odd semester courses will be conducted along with next regular odd semester examinations and for even semester courses along with next regular even semester examinations; however, not exceeding double the duration norm in one stretch from the date of joining the course.

7.11 A candidate has to re-register for the DROPPED course when the course is offered again by the department if it is a hard core course. The candidate may choose the same or an alternate core/elective in case the dropped course is soft core / elective course. A candidate who is said to have DROPPED project work has to re-register for the same subsequently within the stipulated period. ***The details of any dropped course will not appear in the grade card.***

7.12 The tentative / provisional grade card will be issued by the Controller of Examinations at the end of every semester indicating the courses completed successfully. This statement

will not contain the list of DROPPED courses.

7.13 Upon successful completion of Bachelors Honors/Master's Degree, a final grade card consisting of grades of all courses successfully completed by the candidate will be issued by the Controller of Examinations.

7.14 The grade and the grade point earned by the candidate in the course will be as given below.

Marks(M)	Grade	Grade Point (GP = V x G)
30-39	4	V*4
40-49	5	V*5
50-59	6	V*6
60-64	6.5	V*6.5
65-69	7	V*7
70-74	7.5	V*7.5
75-79	8	V*8
80-84	8.5	V*8.5
85-89	9	V*9
90-94	9.5	V*9.5
95-100	10	V*10

Here, **P** is the Percentage of marks ( $P = [(C1+C2) + M]$ ) secured by a candidate in a course which is rounded to nearest integer. **V** is the credit value of course. **G** is the Grade and **GP** is the Grade Point.

7.15 A candidate can withdraw any course within ten days from the date of notification of final results. Whenever a candidate withdraws a paper, he/she has to register for the same course in case it is hard core course, the same course or an alternate course if it is soft core/open elective.

7.16 A DROPPED course is automatically considered as a course withdrawn.

7.17 Overall Cumulative Grade Point Average (CGPA) of a candidate after successfully completing the required number of credits (76) is given by:

$$\text{CGPA} = \frac{\Sigma \text{GP}}{\text{Total Number of Credits}}$$

**8. Classification of results:**

The final grade point (FGP) to be awarded to the student is based on CGPA secured by the candidate and is given as follows

CGPA	FGP	
	NUMERICAL INDEX	QUAITATIVE INDEX
$4 \leq \text{CGPA} < 5$	5	SECOND CLASS
$5 \leq \text{CGPA} < 6$	6	
$6 \leq \text{CGPA} < 7$	7	
$7 \leq \text{CGPA} < 8$	8	FIRST CLASS
$8 \leq \text{CGPA} < 9$	9	DISTINCTION
$9 \leq \text{CGPA} \leq 10$	10	

Overall percentage =  $10 * \text{CGPA}$  or is said to be 50% in case  $\text{CGPA} < 5$

**9. Medium of instruction:**

The medium of instruction shall be English. However, a candidate will be permitted to write the examinations either in English or in Kannada. This rule is not applicable to languages.

**10. Provision for appeal:**

If a candidate is not satisfied with the evaluation of  $C_1$  and  $C_2$  components, he / she can approach the grievance cell with the written submission together with all facts, the assignments, test papers etc, which were evaluated. He/she can do so before the commencement of semester-end examination. The grievance cell is empowered to revise themarks if the case is genuine and is also empowered to levy penalty as prescribed by the university on the candidate if his/her submission is found to be baseless and unduly motivated. This cell may recommend taking disciplinary/corrective action on an evaluator if he/she is found guilty. The decision taken by the grievance cell is final. For every program there will be one grievance cell. The composition of the grievancecell is as follows.

- The Controller of examinations-ex-officio Chairman / Convener
- One senior faculty member (other than those concerned with the evaluation of the course concerned) drawn from the department/discipline and/or from the sister departments/sisterdisciplines.
- One senior faculty members/course experts drawn from outside the University department
