ಸ್ಪರ್ಧಾಕಾಂಕ್ಷಿಗಳಿಗೆ ಕಿವಿಮಾತು

ಗುರಿ ಏನೇ ಇರಲಿ, ಪ್ರಯತ್ನಕ್ಕೆ ಹಿಂಜರಿಕೆ ಬೇಡ.

ಅಸಾಧ್ಯವಾದುದು ಯಾವುದು ಇಲ್ಲ. ಸಾಧನೆ, ಯಶಸ್ಸು ಎಂಬುದು ಯಾರ ಸೊತ್ತೂ ಅಲ್ಲ. ಅದಕ್ಕೆ ಗ್ರಾಮೀಣ, ಬಡತನ ಎಂಬ ಭೇದ-ಭಾವವೂ ಇಲ್ಲ.

ಮೂದಲಿಕೆಯ ಮಾತುಗಳನ್ನೇ ಯಶಸ್ಸಿಗೆ ಬಳಸಿಕೊಳ್ಳಿ.

ಸಾಧನೆಗೆ ನೋವನ್ನೇ ಶಕ್ತಿಯಾಗಿ ಮಾಡಿಕೊಳ್ಳಿ.

ಪ್ರತಿ ಸ್ಪರ್ಧಿ ಯಾರು ಎನ್ನುವುದಕ್ಕಿಂತ

ನಿಮ್ಮ ಗುರಿ ಮೇಲೆ ಸ್ಪಷ್ಟ ಪರಿಕಲ್ಪನೆ ಇರಲಿ.

ಬೇರೆಯವರ ಓದಿನ ಸಿದ್ಧತೆ, ವೇಗದ ಬಗ್ಗೆ ಅರಿವಿರಲಿ.

ಆದರೆ, ಅವರೊಂದಿಗೆ ನಿಮ್ಮನ್ನು ಹೋಲಿಸಿಕೊಳ್ಳಬೇಡಿ.

Departments of History, Entry to Service & IQAC

One-day Workshop on Competitive Exams

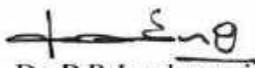

“One should not allow one’s physical disability to affect their capability to perform. The disability is only for the physical body and not for the mental faculty,” said Dr Sivakumar, Founder and director of AKKA IAS Academy. The weakness should not dampen the spirit to work hard and succeed he added. He spoke at the inauguration of a one-day workshop on “Challenges and Opportunities of Competitive Examinations” organised by the Department of History, Entry to Service, IQAC of SBRR Mahajana First Grade College(A) in collaboration with AKKA IAS Academy.

Addressing the aspirants, Dr Sivakumar said one should start preparing the right away. Determination and time consciousness is a prelude to the competitive examinations he added. In undergraduate colleges, students listen to the lessons given by the teachers, practice well, pass the examination at the end of the year and get the mark sheet. But there is no mark sheet in competitive exams. If you pass you will get job opportunities—otherwise, one must reappear for the exam in the subsequent year. So, the attitude towards studies in graduation is different and the attitude one should have for competitive exams. Hence, one should start preparing for competitive exams at the undergraduate level. Out of the 24 hours that one gets, at least 3 hours should be dedicated and practised for the competitive exams and we should make it a routine accordingly and follow it without much deviation and diversion.

One can only read when one is a student. Our education is only from 15 to 25 years and then our interest in reading becomes rapid. For the next 50-60 years one can lead a comfortable life only if one works hard at that age. His words of advice were not to waste both the opportunity and time to study. An individual needs to be aware of One's potential. One should have full faith in One's abilities. "We should take inspiration from others and not act like them. Our oath should be natural and righteous. Only if we can face many competitive tests we can achieve something", he said in conclusion.

The workshop was presided over by the principal of the college, Dr B.R. Jayakumari. Speaking on the occasion she said that we are in the process of continuous learning to form the mental and physical strength needed to face the challenges and innovations that come from time to time in our ever-changing life. Those who take such ideas into life positively can live clearly. Where there is vitality we must always be active. Thought, curiosity and activity must be constant in us. A life without a main goal for students is a waste. Accordingly, the means of achieving the goal is equally important. With Guru's guidance, confidence and ambition, one can reach the goal with ease. She explained that we should move towards realizing our dreams with consciousness and courage.

In the program, the founder director of AKKA IAS Academy Dr. Sivakumar, the principal of the college, Dr. B.R. Jayakumari, Chief Executive Officer and Academic Advisor Dr. S.R. Ramesh, the Head of the History Department and Dean Dr. Sreedhara H, IQAC Coordinator Mrs Geetha D, Resource Persons Mr. Muniraju M., Head of Kannada Department Dr H.R. Thimmegowda, Assistant Professor of History Sri Nandeeshha and aspirants for competitive exams were present.

Pooja Bhagavat Memorial Mahajana Education Centre
K R S Road, Metagalli, Mysuru - 570 016

Date: 15th September 2023

Title of the Event and Name of the Venue:

Career Opportunities in Biotech, Pharma and Chemical Manufacturing Industries organized at Department of Studies in Biotechnology, School of Life Sciences, Pooja Bhagavat Memorial Mahajana Education Centre, Post Graduate wing of SBRM Mahajana First Grade College, Metagalli, K.R.S Road, Mysuru-570016.

Purpose and Scope of the Event:

The purpose of the event was to deliberate on the job opportunities available in the field of production, quality assurance, quality control and other sectors of Biotech, Pharma and Chemical Manufacturing Industries

Details of the Talk/Event/Activity:

The biotechnology and pharmaceutical industry produces drugs and other products that help people and animals live healthier lives, recover from injuries, and fight illnesses. The industry is home to cutting-edge biological and chemical research and offers opportunities for people across a wide spectrum of careers from scientists, physicians, and engineers to marketing and sales workers, financial analysts, and other business professionals. Employers range from large established companies with many approved drugs and medical devices on the market, to newer firms with products in development but not on the market, to generic drug manufacturers. The top 10 pharmaceutical companies account for 60 per cent of total sales. Most biotech companies are small, research-oriented companies dedicated to applying genetics and other biological systems to curing disease. Some of the large pharmaceutical companies are acquiring the small biotech companies thus blurring the dividing line between the two industries. Typical bachelor-level opportunities include both research and business roles, particularly in sales, marketing, operations, and finance. Review the materials below for more details on the types of jobs in these sectors. The students were impressed and felt benefited by the initiative taken by the department for the guidance given through this career guidance program.

A Brief Profile of the Resource Persons:

Dr. Aditya Rao S.J, Business Associate & Training Coordinator, GRBS Pvt. Ltd., Doddaballapura, Bengaluru is an M.Sc. Ph.D. with a Doctoral Degree in Biotechnology (2016) from Kuvempu University, India with a thesis title Evaluation of Phytoconstituents and their Pharmacological Activities in some Morus Species. His technical expertise includes Computational Biology and Cheminformatics: protein sequence prediction from MALDI-TOF, & Ms-Ms, protein structure modelling, Protein network analysis, protein pathway prediction, molecular dynamics (MD) simulation, molecular docking, lead compound identification and validation in drug discovery, ligand library construction, in-silico

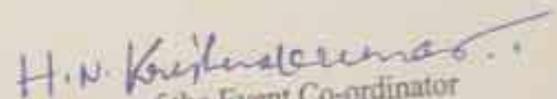

toxicology and pharmacology, implementation and development of tools and methods for different Bioinformatics data analysis. Bioanalytical techniques and Pharmacology: Biochemical analysis, isolation and characterization of bioactive compounds, chromatographic techniques, spectroscopic analysis (FT-IR, LC-MS and NMR), anticancer studies on the murine cell line, in-vitro cytotoxicity assay, anti-inflammatory studies, anthelmintic, antimicrobial and antioxidant studies. And has 11 publications in reputed national and international journals. Dr. Aditya during his interaction explained about entry Level Job Title Examples such as Engineering Technician, Research Assistant or Associate, Lab Technician or Technologist, Clinical Research Associate or Coordinator, Compliance Specialist, Regulatory Affairs Associate, Quality Assurance Specialist, Analyst or Associate, Representative (Business Roles in Consulting, Marketing, Sales, Finance), R&D Engineer, Medical Device Engineer and expressed the skills needed such as Organization, Problem-solving, Communication (oral and written), Project management, Teamwork

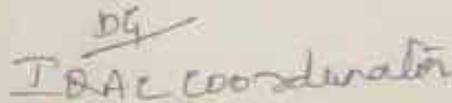

Target audience and No. of Participants/beneficiaries: 80 students

Details of the Department Organizing the Event in Collaboration with Institution

Department of Studies in Biotechnology, School of Life Sciences in association with Institute for Advanced Studies, Pune.

Purpose and Scope of the Event:

To provide students with important insights into the path that leads to a variety of potential careers after graduation, awareness about competitive examinations and the funding agencies, the institute for research and how to apply for higher studies abroad.

Details of the Talk/Event/Activity :

The webinar began by providing an overview of the essential factors that influence the opportunity for attendees to learn and the impact of the generation tool as well as the potential prospectus from training and knowledge-sharing. Further, the speaker enlightened the gathering about the best possible discover the multifaceted dimensions of the pharmaceutical industry through an extensive array of enlightening life science webinars. Research studies encompass a wide array of areas, spanning from the exploration of novel therapeutic agents and preliminary laboratory investigations to the meticulous evaluation of drug efficacy and safety through rigorous clinical trials. Additionally, the field encompasses the intricate processes involved in pharmaceutical manufacturing, as well as the subsequent steps towards the successful commercialization of pharmaceutical products.

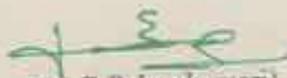

The speaker also discussed the objectives of academic and institutional research and development (R&D), as well as emphasized various funding bodies and schemes that might support individuals in their professional pursuits. The individual mostly discussed competitive examinations conducted by CSIR, DBT, and ICMR, while also providing insights on how to successfully navigate these tests. The students were impressed and felt benefited by the initiative taken by the department for the guidance given through this webinar.

A Brief Profile of the Resource Persons:

The Institute of Advanced Studies, Pune, is an eminent organization in the field of higher education. It has been established in Pune, Maharashtra, since 2003. The prominent

educational institution in the city offers a comprehensive range of degree programs, including one postgraduate programme. Furthermore, the institution offers advanced Masters and Doctorate programs as well. These programs are available in a Full-Time style of study. The programs are administered by a faculty comprised of individuals who possess extensive expertise and knowledge in their respective fields. When considering the selection of a reputable institution for undergraduate and postgraduate programs, the Institute of Advanced Studies in Pune emerges as a prominent option. The institution provided students with the ability to select courses in the fields of Humanities Social and sciences, including M.A., M.Phil, and Ph.D. programs. A wide range of courses is available, encompassing both beginner and advanced topics, providing students with a diverse selection to choose from. The Institute of Advanced Studies in Pune has extended an offer to acquire expertise in the field of biological sciences through its highly skilled and experienced professors.

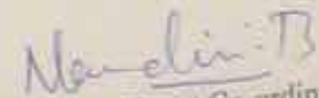

Target Audience and No. of Participants/Beneficiaries: 90 students

Title of the Event: Orientation on “Emerging Trends in Finance and Career Opportunities for Commerce and Management Students”
Venue: MTA Auditorium, PBMMEC, Mysuru – 16

8th August 2024

Purpose & Scope

The purpose of the orientation session was to introduce commerce and management students to the emerging trends in the field of finance and explore potential career opportunities. The session focused on various globally recognized finance certifications, such as CPA, CFP, CMA, CIA, ACCA, FP&A, and FRM, and provided detailed insights into their relevance, duration, fee structures, and potential salary packages upon completion. The goal was to equip students with valuable knowledge about career paths in finance and to help them make informed decisions regarding professional certifications that can enhance their employability in the finance sector.

The Brief of the Event

On the 8th of August, 2024, an orientation session was conducted by **CA Vinod Chandran** from **My Logic Business School** on the emerging trends in finance and career opportunities for commerce and management students. The session, held from **11:40 AM to 1:10 PM**, was designed to provide students with an understanding of the global finance landscape and the certifications that can help them succeed in their careers.

Mr. Chandran presented a comprehensive overview of several key finance certifications, including:

- **CPA** (Certified Public Accountant)
- **CFP** (Certified Financial Planner)
- **CMA** (Certified Management Accountant)
- **CIA** (Certified Internal Auditor)
- **ACCA** (Association of Chartered Certified Accountants)
- **FP&A** (Financial Planning & Analysis)
- **FRM** (Financial Risk Manager)

During the session, Mr. Chandran discussed the relevance of each certification in today's dynamic financial environment. He provided students with a detailed understanding of the **course duration, fee structure, and the potential salary packages** associated with each qualification. He also shared insights on the time commitment required to complete these certifications, emphasizing the growing demand for professionals with specialized skills in areas such as financial risk management, auditing, and planning.

The session was interactive, with Mr. Chandran engaging the audience through discussions and real-world examples, helping students grasp the practical implications of pursuing these certifications. Students actively participated, asking questions related to the certifications and their applicability to different career paths in finance.

The session concluded with a **Q&A segment**, where students had the opportunity to address their concerns and clarify doubts directly with the resource person. Mr. Chandran's extensive knowledge and industry experience provided clarity to students regarding their career options and the qualifications needed to excel in finance-related fields.

The orientation session conducted by **CA Vinod Chandran** was highly informative and well-received by the students. By offering valuable insights into finance certifications, their relevance, and potential career outcomes, the session provided a solid foundation for students to make informed decisions about their professional development in the finance sector. The interactive nature of the session and the expert guidance provided by Mr. Chandran helped students gain a clearer perspective on their future career paths in finance.

Resource Person Details

CA Vinod Chandran, CEO, My Logic Business School, Bengaluru. He is also an experienced Chartered Accountant.

Target Audience:

The session was attended by **133 participants**, including both first and final-year MBA students, as well as faculty members.

Career Guidance & Placement Cell **Opportunities in KEDGE Business Schools**

Seminar on opportunities in KEDGE business school was organized by IQAC and UNI ABROAD in SBRR Mahajan's First Grade College. Mr. Will Maciever Business development director on campus Paris and Mr. Aditya, regional head for Asia was invited as resource persons to the program.

Introduced the difference between our parent's generation and our generation and the opportunities of the job all over the world. The top countries that offer the highest quality education to low money are UK, Canada and Australia. For Indian students, France is the most fascinating country for education. He explained about the France architecture, tourist places, food, clothes, infrastructure, etc. and suggested France for the students. Also introduced unknowing factors about France like illegal to photograph at night, legal to marry a dead person, legal to vote to dead person and also there are thousands of types of queries. They eat 500,000,000 snails every year and also there are some funny laws like illegal to wear trousers for women till 2013. France is spoken by 350 million people it is fifth most spoken language in the world and has been official language to the 29 countries. A fresher will get salary of 49000 euros in France and explained about the on-campus partners in France and interesting degrees offered by KEDGE school of business progression. To motivate the students for the France education and its system, KEDGE business school also holds 7th best French business school award and grand ECOLE award, an award held by only 1% of the business school in the world.

He introduced the cities like Marseille, Bordeaux, Paris and master programs offered in those countries and their fee structure. The very next thing he introduced is 3 types of scholarship to encourage the students. They explained detailly about the course structure and VISA procedure to give a bird eye view of foreign education to the students. They explained about the French government rules, about the bank accounts. They suggested France is the ultimate country for students to study, live and work. They showed the alumni of the university. The program was started by Ms. Sara Tazeen BCA department by welcome speech in Presence of Dr. S. R. Ramesh, CEO and academic advisor and Dr. B. R. Jayakumari Principal.

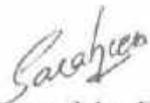

Mr. Will Maciver is an experienced leader in the international education industry and currently spearheads recruitment internationally for our partnership with Kedge Business Development Director. He has studied in both the UK and France and is currently based near Brighton in the South of England.

ONCAMPUS is the first pathway provider to partner with a leading Grande Ecole in France to offer international students' further opportunities for degree students in Europe. Kedge Business School last year successfully joined Cambridge Education Group's ONCAMPUS portfolio, which has a partnership with 22 leading universities across mainland UK, Europe, and the U.S

He further said that Triple accredited KEDGE Business School is among the best business schools in Europe. KEDGE offers students some of the most international undergraduate and postgraduate degree programs in the world, pioneering teaching and, through its global partner universities network, real career mobility experience-driven degree programs. KEDGE has three main campuses in France, based in the strategic locations of Paris, Bordeaux, and Marseille. ONCAMPUS Paris thought in the campus located to the center of the city Centre, in one of Paris's largest business centers. Dedicated to educational innovation and with cutting edge facilities students enjoy an unrivalled experience in one Of the most exciting and iconic cities in the world.

The Career Program has been designed to help students formulate and implement their professional project in line with their aspirations, skills, and the socio-economic reality of the labor market. The 5-year "Grande Ecole" program, consisting of a 3-year Bachelor cycle, followed by a 2-year Master cycle, enables students to acquire solid knowledge while developing their skills through numerous opportunities for practical application. Upon completion of this program, they graduate with a "Master in Management" degree.

Mr. Will said , AtGrandes Ecole's, both public and private, generally offer only professional education while the universities offer higher education in the arts, sciences, and some professional fields. The 5-year "Grande École" Program, consisting of a 3-year Bachelor cycle, followed by a 2-year Master cycle, enables students to acquire solid knowledge while developing their skills through numerous opportunities for practical application. Grande École degrees are usually positioned as equivalent to a Master's degree.

Career Guidance and Placement Cell
A Report on
Strategies to Ace an Interview

Career Guidance and Placement Cell of SBRR Mahajana First Grade College (A) organized a session on 'Strategies to Ace an Interview' by Uniabroad Pvt. Ltd. The program began with a brief inaugural ceremony. This event centred on the resources and opportunities that Uniabroad offers to undergraduate students who want to pursue higher education in foreign institutions of higher learning. Speaking on trends in studying abroad, Mr. Prasad, Team Leader, Uniabroad, brought to the attention of the students difficulties in being admitted to foreign universities. The programme's goal was to give an awareness to the students on the process of applying for admission to foreign universities.

About 120 students of Final BCA, B.Sc., BA and B.Com. attended the programme. Principal Dr. B.R.Jayakumari presided over the programme. Ms. Sara Tazeen the Placement Coordinator introduced the guest and welcomed the gathering. Mr. Prasad said, "The impression you make during the interview often can outweigh your actual credentials, your poise, attitude, basic social skills, and ability to communicate are evaluated along with your experience and education".

Further, he asked the students to engage in a conversation and mutual exchange of information and ideas. Only through such dialogue an individual can determine whether his individuality, the organization and the job are well-matched. "Preparation is the key", the speaker added. Some of the tips shared by the speaker were:

- A candidate should be pay lot of attention to personal grooming fortnight before the interview.
- Personal grooming includes proper hygiene, haircut and getting a proper fit professional attire and footwear
- Gaudy colors should be avoided
- Proper attention should be given to body language like sitting posture, learning to give a firm hand shake and interact with a smile
- While preparing the resume care should be taken to add valid contact number and the mail-id should be created with their name
- To carry multiple copies of the resume
- It is essential to do some research on the company one has applied for
- Know the interviewer's name and the right pronunciation
- A candidate should anticipate some questions that are likely to be asked based on the resume
- Have a pen and a notepad
- Be on time

- One should present oneself professionally
- Greet the interviewer with a firm hand shake and a smile
- Expect the first few minutes to be like an ice breaking session
- It is ok if one is nervous and the same can be expressed
- Tell the truth; Be honest about the qualifications and experience
- It is okay to say 'I do not Know' to a question and disagree gently on a point if there is difference of opinion discussion.
- Focus should be always on right attitude and interviewer's questions
- Watch your grammar
- Close on a positive, enthusiastic note

He shared his thought on pre - screening interview process. The speaker said a screening test should be given to all applicants to ensure a fair hiring process. Screen tests assess a candidate before or in between interviews to determine their technical competencies or soft-skill. Pre-screening interviews help recruitment and leadership professionals determine if a candidate fulfils the job requirements.

The Speaker shared some of the probable questions and how to respond to the same –

- What do you say in an interview when you have no Experience?

One reason I like this job is that I want to improve my skills for X. I have not done X before, but I have done Y. Because of that I am confident I can learn to do X very quickly.

- Why should we hire you?

I have all qualifications required for the job. I have a good feeling that I am the ideal applicant for this position. In addition to my experience from previous projects, this position will benefit from my interpersonal abilities.

- Why do you want this job?

I am excited about this job because it allows me to be part of a company culture that values team work, collaboration and open communication.

(Dr. B R Jayakumari)
