Current Research Interest: In the present day, Tourism and travel industry is regarded as one of the active international service sector industries which inspire global trade and commerce. The significance of tourism has been well recognized in both developed and developing countries. In recent times, it has been entered into a new area of development. The tourism industry has emerged as an economic activity of immense global importance. “Tourism and travel has been an effective instrument for generating employment, earning revenue and foreign exchange, enhancing environmental preservation, rejuvenation of the culture and tradition, and thereby facilitating overall development. The relevance of tourism has reached new heights and has a steadfast place all around the globe. It has acquired immense social, cultural and economic significance in modern society”. Therefore, I am very much interested publish and conduct research on Role of Government in Tourism Promotion and Development, Sustainable Tourism Development Goals in India, Rural women empowerment in Tourism domain, Economic, Socio-cultural aspects in Tourism, Destination branding and Image building, Etc.,

Doctoral Research: The doctoral research was undertaken on “Socio-Cultural and Economic Impacts of Ecotourism- A Study on Select Ecotourism Destinations of Karnataka”. Hence, the study made an attempt to know at the micro level covering different inter-related aspects of ecotourism development and socio cultural and economical development of the local community. The present study has been undertaken with a great emphasis on the impacts of ecotourism on local community and it has much relevance in the present-day world. Despite many endeavors of developers of ecotourism heading to sustainable tourism development with a prime intention to preserve the natural and cultural resources of the destination, many negative effects have resulted from mass tourism. Ecotourism has contributed greatly to the socio-cultural and economic fabrics of the local community. Among other aspects, the importance of the destination environment was always emphasized in ecotourism. The most important contribution of ecotourism to the local environment is the protection and conservation of biodiversity. Wildlife and natural surroundings are the assets of ecotourism, therefore, the eco-tourism development authorities highly focused on conserving and protecting the site. However, the weak eco-tourism planning and operation may lead to inflow of tourists more than the carrying capacity of the destination and also may lead to massive construction of infrastructure in undisturbed natural areas. The various business stakeholders of the tourism and travel sector may take it as an opportunity to engage in business by starting various ventures and start exploiting the natural and cultural resources of the destination. These uncontrolled and less monitored services offered by the business stakeholders leads to deterioration of environmental resources and damage to biodiversity.

Karnataka is a state in India with plenty of natural and cultural resources. The wildlife sanctuaries and national parks of Karnataka is an abode of many unique and endangered species. The biodiversity of Karnataka is very vivid and glorious. The people living around remote and natural areas are rich in culture and traditions. Due to its prosperous natural and cultural wealth, it has been recognized as one of the classic ecotourism hotspots in India. Eco-tourism projects in Karnataka provide income and livelihood options to rural society. “Ecotourism has always advocated the involvement of the local communities in the development initiatives as they are the most affected group during the conservation process. Most of the Ecotourism destinations of Karnataka are inhabited by the weaker sections of the society including tribes who still lag in the path of the development process”.

Ecotourism development requires well-defined planning and developmental procedures. The principles and practices of ecotourism must be strictly followed to ensure the protection and conservation of cultural and natural property while ensuring socio-cultural and economic development to the rural community. The Ecotourism planning and development in natural areas of Karnataka would attract many domestic and foreign tourists and this flow of tourists would help for better livelihood opportunities to the rural communities. Meanwhile, the increased tourist flow causes pressure on the socio-cultural and environmental fabrics of the local community. Eco-tourism plays a pivotal role in the sustainable inclusive growth and development option for poor people. The central point of this scenario is how the community linked tourism activities are significant in overall tourism development of Karnataka, which in turn, helps in inclusive development of the local communities and benefits the other

stakeholders.

Ecotourism may be involved in the comprehensive growth and development of the state and nation. Because, most of the ecotourism destinations are placed amidst the excluded communities, be it the tribes or other marginalized sections. Therefore, the participation of the local community in ecotourism can ensure their inclusion in the development process. These situations need a systematic inquiry into the role of participatory ecotourism in bringing about inclusive development and thereby an equitable social order in the state. To address this aspect, various facets of ecotourism have been looked into inter alia in a community model framework linking stakeholders of the sector in their employment and other livelihood criteria and associated plans. The study highlighted two important aspects of ecotourism development. Firstly, to assess and evaluate the positive socio-cultural and economic impacts of ecotourism development to local community and secondly, the study envisages to estimate the negative socio-cultural and economic impacts of ecotourism development to the local community. The analysis is carried out by evaluating the perceptions and opinion of representatives of eco-tourists who visited various eco-tourism destinations of Karnataka and local community representatives on ecotourism development and related benefits to the local community.

Current research interests:

Travel and tourism: The term travel originates from the Old French word ‘travail’ which meant heavy labor. Travel refers to the movement of people or objects such as airplanes, boats, trains, and other conveyances between various distant geographical locations. Another “etymologically for the world tour as suggested by Theobald in 1994 is that it is derived from the Latin, ‘tornare’ and the Greek, ‘tornos’, meaning ‘a lathe or circle and the movement around a central point or axis’. This meaning changed in modern English to represent ‘one’s turn’ and they suggest the action of movement around a circle. Argument is that a circle represents a starting point, which ultimately returns back to its beginning. Therefore, like a circle, a tour represents a journey in that it is a round-trip, i.e., the act of leaving and then returning to the original starting point

Regulations Governing the Choice Based Credit System Semester Scheme with Multiple Entry and Exit Options in the Undergraduate and Post-graduate Degree Programs in the Faculties of Arts, Science, Commerce and Management (*Framed under Section 44 (1) (c) of the KSU Act 2000*)

Preamble:

Education plays a significant role in building a nation. There are quite a large number of educational institutions, engaged in imparting education in our country. However, our present education system is churning out youth who have to compete locally, regionally, nationally as well as globally. The 21st century has opened up many new challenges in the field of Higher Education. The present alarming situation necessitates transformation and/or redesigning of the system, not only by introducing innovations but developing a “learner-centric” approach. But the majority of our higher education institutions have been following the system which obstructs the flexibility for the students to study the subjects/courses of their choice and their mobility to different institutions. Thus, there is a need to allow flexibility in the education system, so that students depending upon their interests can choose inter-disciplinary, intra-disciplinary and skill-based courses. It should be holistic to train the student into a perfect human being and a useful member of society. The aim of higher education is to develop good, well-rounded and creative individuals. It has to enable an individual to study one or more specialized areas of interest at a deeper level, while at the same time building character, ethical and constitutional values, intellectual curiosity, spirit of service and capabilities across disciplines including sciences, social sciences, arts, humanities as well as professional, technical and vocational crafts. At the society level higher education must enable development of an enlightened, socially conscious, knowledgeable and skilled nation that can uplift its people, construct and implement solutions to its own problems. It is also to bridge the increasing gap between an undergraduate degree and employability.

The New Education Policy (2019) initiated and developed by the Ministry of Human Resource Development (HRD), Govt. of India, was approved by the Central cabinet on 29th July 2020. The National Education Policy (NEP) has brought several reforms in Indian education which includes broad based multidisciplinary Undergraduate Education with 21st Century skills while developing specialized knowledge with disciplinary rigor. It is to bring equity, efficiency and academic excellence in National Higher Education System. The important ones include innovation and improvement in course-curricula, introduction of paradigm shift in learning and teaching pedagogy, evaluation and education system.

The role of Universities and colleges in the 21st century extends far beyond traditional knowledge creation and dissemination to encompass new expectations for innovations that will have broader, social and economic benefits. To cater to the needs of students with diverse talents, aspirations and professional requirements, it is necessary to make qualitative changes in its undergraduate and postgraduate programs. In this backdrop, the National Education Policy has recommended a Multi-disciplinary Undergraduate Program with multiple exit and entry options with certificate/diploma/degrees at each of the exits. A nation-wide ecosystem of vibrant multi-disciplinary graded higher educational institutions (Universities and Colleges) are to be developed. In this context, a liberal approach has to be the basis of undergraduate education in all fields and disciplines at the UG/PG, including professional education. UG/PG curriculum needs to be focused on creativity and innovation, critical

thinking and higher order thinking capacities, problem solving abilities, team work, communication skills, more in-depth learning and mastery of curricula across fields.

The University Grants Commission has asked all the universities in the country to implement the multi-disciplinary and holistic education across disciplines for a multi-disciplinary world, in all the Universities and Affiliated colleges. The Karnataka State Higher Education Council has also communicated general guidelines in this regard.

Further, the Karnataka State Higher Education Council has proposed a model curriculum framework and an implementation plan for the State of Karnataka. It is to suggest and facilitate the implementation of schemes and programs, which improve not only the level of academic excellence but also improve the academic and research environment in the state. The proposed curriculum framework endeavors to empower the students and help them in their pursuit for achieving overall excellence.

The proposed Four-year Multi-disciplinary Undergraduate program is a fundamental transformation of the current undergraduate education which replaces the conventional undergraduate programs of universities in the State. Outcome Based Education (OBE) practices are to be used to design the curriculum. It is proposed to develop Graduate Attributes at appropriate level which will act as common denominator for curriculum across universities.

Curriculum shall focus on critical thinking and problem solving. Conscious efforts to develop cognitive and non-cognitive problem-solving skills among the learners shall be part of the curriculum. Use of Bloom's Taxonomy in designing curriculum to move from lower order thinking skills to higher order thinking skills is a desired option. The programs designed shall empower graduates as expert problem solvers using their disciplinary knowledge and collaborating in multi-disciplinary teams.

Hence the **University of Mysore/SBRR Mahajana First Grade College** thought it fit to implement the multi-disciplinary and holistic education in all the under-graduate programs and the consequential post-graduate programs, with multiple entry and exit options with multiple certificate/diploma/degrees in the Faculties of Arts, Science, Commerce and Management to replace the present undergraduate degree programs effective from the academic year 2021-22. Hence these Regulations.

Students will have the option to exit after one year with a certificate, 2 years with award of the diploma and after 3 years with the award of the bachelor degree. Successful completion of the 4 years program will lead to award of the bachelor degree with honors in particular subjects. Continuation of the undergraduate program for the fourth year in colleges is optional, in subjects in which they are not offering postgraduate programs. But it is a preferred option. The graduates of these colleges can seek admission to the fourth year program in the respective postgraduate departments in the university or in the colleges wherever it is offered, as the present post-graduate programs in subjects will be restructured into one year Master's degree for honors degree holders and two years masters degree for the basic degree holders in the concerned subjects.

1. TITLE AND COMMENCEMENT

- a) **These regulations shall be called “The Regulations Governing the Choice Based Credit System Semester Scheme with Multiple Entry and Exit Options in the Undergraduate, and Postgraduate Degree Programs in the Faculties of Arts, Science, Commerce and Management”.**
- b) These regulations shall come into force from the Academic Year 2021-22.

2. SALIENT FEATURES OF THE FOUR YEARS MULTIDISCIPLINARY UNDERGRADUATE PROGRAM WITH MULTIPLE ENTRY AND EXIT OPTIONS

- a) The program shall be structured in a semester mode with multiple exit options with Certification, Diploma and Basic Bachelor Degree at the completion of first, second and third years, respectively. The candidate who completes the four years Undergraduate Program, either in one stretch or through multiple exits and re-entries would get a Bachelors degree with Honours.
- b) The four year undergraduate Honors degree holders with research component and a suitable grade are eligible to enter the ‘Doctoral (Ph.D.) Program’ in the relevant discipline or to enter ‘Two Semester Masters Degree program with project work’.
- c) Candidates who wish to enter the masters/doctoral program in a discipline other than the major discipline studied at the undergraduate programs, have to take additional courses in the new discipline to meet the requirement or to make up the gap between the requirement and the courses already studied.
- d) There may be parallel five year integrated masters degree programs with exit options at the completion of third and fourth years, with the undergraduate basic degree and post-graduate diploma in a discipline, respectively.
- e) There may also be an integrated doctoral program with exit option at the end of the first year with the Masters degree.
- f) The students who exit with Certification, Diploma and Basic Bachelor Degree shall be eligible to re-enter the program at the exit level to complete the program or to complete the next level.
- g) The Multi-disciplinary Undergraduate Program may help in the improvement of all the educational outcomes, with a flexible and imaginative curricular approach. The program provides both breadth and depth in diverse areas of knowledge. A range of courses are offered with rigorous exposure to multiple disciplines and areas, while specializing in one or two areas. The program fulfills knowledge, vocational, professional and skill requirements along-side humanities and arts, social, physical and life sciences, mathematics, sports etc.

- h) The curriculum combines conceptual knowledge with practical engagement and understanding that has relevant real world application through practical laboratory work, field work, internships, workshops and research projects.
- i) A few courses are common to all students which contribute to the breadth of study and two areas of specialization in disciplinary areas provides depth of study.
- j) The areas of specialization which the students are required to choose are either two disciplines/subjects or a discipline called 'major' (e.g. History or Economics or Physics or Mathematics) and an area of additional discipline called 'minor' (e.g. Music or Sports or Geography). Students gain deep disciplinary knowledge through theory and practical experiences in their area of specialization (major). They gain a reasonable understanding of the area of additional study (minor) that they choose. Students can choose subject combinations across 'streams' (e.g. a student can choose a 'major' in physics and combine it with a 'minor' in history or Music or Sports). One of the disciplines can also be a vocational subject or Teacher Education.
- k) The students may study two disciplines at the same level or breadth up to the sixth semester and choose one of them for study in the fourth year to obtain the Honours degree in that discipline. A student who wishes to get dual honours degrees may repeat the fourth year of the program in the second discipline.
- l) The students may choose one discipline and vocational subject or Teacher Education for their study in the undergraduate program. This will enable them to get an Honours degree either in the discipline or in the vocational subject/ Teacher Education or both, in the discipline and in the vocational subject/ Teacher Education.
- m) Skills shall be explicitly integrated, highly visible, taught in context, and have explicit assessment. The skills shall include abilities in language and communication, working in diverse teams, critical thinking, problem solving, data analysis and life skills.
- n) Students shall be given options to choose courses from a basket of courses which the institution is offering. There shall be no rigidity of combination of subjects.

The Four-Year Choice Based Credit System Semester Scheme makes the product of a University at par with the global practices in terms of academic standards and evaluation strategies. In the emerging scenario of Internationalization of Indian Higher Education, it is imperative that the Universities in India should follow this system so that the mobility of their products both within and across the geographical jurisdiction becomes possible.

The Salient Features of the Credit Based Semester Scheme:

Each course shall carry certain number of credits. Credits normally represent the weightage of a course and are a function of teaching, learning and evaluation strategies such as the number of contact hours, the course content, teaching methodology, learning expectations, maximum marks etc. In the proposed programs, generally one hour of instructions per week in a semester is assigned one credit. **In terms of evaluation, one credit is generally equivalent to 25 marks in a semester. Thus a 3 or 4 credits course will be assessed for 100 marks, 2 credits courses are assessed for 50 marks and one credit course will be assessed for 25 marks.** What matters for the calculation of Semester Grade Point Average (SGPA) or the Cumulative Grade Point Average (CGPA) is the percentage of marks secured in a course and the credits assigned to that course.

On this basis, generally, a three-year six-semester undergraduate program will have around 144 credits, and a four-year eight-semester honors degree program will have around 186 credits and a five-year ten-semester master's degree program will have 228 credits. The general features of the Credit Based Semester Scheme are :

- a) The relative importance of subjects of study is quantified in terms of credits.
- b) The subjects of study include core, elective, ability/skill enhancement courses.
- c) The program permits horizontal mobility in course selections.
- d) The students shall take part in co-curricular and extension activities.
- e) The declaration of result is based on Semester Grade Point Average (SGPA) or Cumulative Grade Point Average (CGPA) earned.

Definitions of Key Words:

- a. **Academic Year:** Two consecutive (one odd + one even) semesters constitute one Academic year.
- b. **Choice Based Credit System (CBCS):** The CBCS provides choice for students to select courses from the prescribed courses (core, open elective, discipline elective, ability and skill enhancement language, soft skill etc.).
- c. **Course:** Usually referred to, as 'papers' is a component of a program. All courses need not carry the same weight. The courses should define learning objectives and learning outcomes. A course may be designed to comprise lectures/ tutorials/laboratory work/ field work/ project work/ vocational training/viva/ seminars/term papers /assignments / presentations/ self-study etc. or a combination of some of these.
- d. **Credit Based Semester System (CBSS):** Under the CBSS, the requirement for awarding a degree /diploma /certificate is prescribed in terms of number of credits to be earned.
- e. **Credit:** A unit by which the course work is measured. It determines the number of hours of instructions required per week in a semester. **One credit is equivalent to one**

hour of lecture or tutorial or two hours of practical work/field work per week in a semester. It will be generally equivalent to 13-15 hours of instructions.

- f. **Grade Point:** It is a numerical weight allotted to each letter grade on a 10-point scale.
- g. **Credit Point:** It is the product of grade point and number of credits for a course.
- h. **Letter Grade:** It is an index of the performance of students in a said course. Grades are denoted by letters O, A+, A, B+, B, C, P and F.
- i. **Program:** A program leading to award of a Degree, diploma or certificate.
- j. **Semester:** Each semester will consist of over 16 weeks of academic work equivalent to 90 actual teaching days. The odd semester may be generally scheduled from June to November and even semester from January to May. **As the case may be.**
- k. **Semester Grade Point Average (SGPA):** It is a measure of performance of work done in a semester. It is the ratio of total credit points secured by a student in various courses registered in a semester and the total course credits taken during that semester. It shall be expressed up to two decimal places.
- l. **Cumulative Grade Point Average (CGPA):** It is a measure of overall cumulative performance of a student over all the semesters of a program. The CGPA is the ratio of total credit points secured by a student in various courses in all the semesters and sum of the total credits of all courses in all the semesters. It is expressed up to two decimal places.
- m. **Transcript or Grade Card or Certificate:** Based on the grades earned, a Grade Certificate shall be issued to all the registered students after every semester. The grade certificate will display the course details (code, title, number of credits, grade secured etc.).

3. PROGRAMS:

3.1 Faculty of Arts:

- a) Bachelor of Arts, B.A., Bachelor of Arts with Honors, B.A.(Hons.), Integrated Master of Arts, M.A.(Integrated) and Master of Arts, M.A. in various Disciplines/ Subjects
- b) Bachelor of Social Work, B.S.W, Bachelor of Social Work with Honors, B.S.W. (Hons.) and Master of Social Work, M.S.W.

3.2 Faculty of Science

- a) Bachelor of Science, Bachelor of Science with honors and Master of Science in various Disciplines/Subjects.
- b) Bachelor of Computer Applications, Bachelor of Computer Applications with Honors, and Master of Computer Applications (MCA).

3.3 Faculty of Commerce

- i) **Bachelor of Commerce, Bachelor of Commerce with Honors and Master of Commerce.**

- ii) **Bachelor of Business Administration (BBA), Bachelor of Business Administration with Honors, BBA (Hons.) and Master of Business Administration (MBA).**
- iii) Bachelor of Business Administration (Hotel and Hospitality), Bachelor of Business Administration (Aviation and International Tourism)

4. DURATION OF PROGRAMS, CREDITS REQUIREMENTS AND OPTIONS

The undergraduate degree should be of either a three- or four-year duration, with multiple entry and exit options within this period, The four year multi-disciplinary Bachelor’s program is the preferred option as it allows the opportunity to experience the full range of holistic and multi-disciplinary education with a focus on major and minor subjects as per the student’s preference. The four-year program may also lead to a degree with Research, if the student completes a rigorous research project in the major area(s) of study.

Thus, the undergraduate programs shall extend over four academic years (Eight Semesters) with multiple entry and exit options. The students can exit after the completion of one academic year (Two semesters) with the Certificate in a discipline or a field; Diploma after the study of Two academic years (Four Semesters) and Regular Bachelor Degree after the completion of Three academic years (Six Semesters). The successful completion of Four Years undergraduate Program would lead to Bachelor Degrees with Honors in a discipline/subject.

Each semester shall consist of at least 16 weeks of study with a minimum of 90 working days (excluding the time spent for the conduct of final examination of each semester).

The credit requirements are as follows:

Exit with	Min. Credits Requirement*	NSQF Level
Certificate at the successful completion of First Year (Two Semesters) of Four Years Multi-disciplinary UG Degree Program	48	5
A Diploma at the successful completion of the Second Year (Four Semesters) of Four Years Multidisciplinary UG Degree Program	96	6
Basic Bachelor Degree at the successful completion of the Third Year (Six Semesters) of Four Years Multi-disciplinary Undergraduate Degree Program	144	7
Bachelor Degree with Honors in a Discipline at the successful completion of the Four Years (Eight Semesters) Multidisciplinary Undergraduate Degree Program	186	8

***Details of credits are described later in this report**

The students shall be required to earn at least fifty percent of the credits from the Higher Education Institution (HEI) awarding the degree or diploma or certificate: Provided further that, the student shall be required to earn the required number of credits in the core subject area necessary for the award of the degree or Diploma or Certificate, as

specified by the degree awarding HEI, in which the student is enrolled.

The progressive curriculum proposed shall position knowledge and skills required on the continuum of novice problem solvers (at entry level of the program) to expert problem solvers (by the time of graduation):

At the end of first year – Ability to solve well defined problems

At the end of second year – Ability to solve broadly defined problems

At the end of third year – Ability to solve complex problems that are ill-structured requiring multi-disciplinary skills to solve them

During fourth year- Experience of workplace problem solving in the form of Internship or Research Experience preparing for

Higher Education or Entrepreneurship Experience

The Integrated Master's Degree Programs shall extend over Five academic years (Ten Semesters) with exit options with Regular Bachelor Degree after successful completion of Three academic years (Six Semesters) of study and Bachelor Degree with Honors in a discipline/ subject at the end of Four academic years (Eight Semesters). Completion of five years of integrated Master's Degree Program would lead to Masters degree in a subject.

Credit Requirements:

**The candidates shall complete courses equivalent to a minimum of
144 credits to become eligible for the Regular Bachelor Degree
186 credits to become eligible for the Bachelor Degree with Honors
228 credits to become eligible for the Integrated Master's Degree.**

**Master's Degree Programs will be of One Academic Year (Two Semesters) for the Four Years Honors Degree holders and
Master's Degree Programs will be of Two Academic Years (Four Semesters) for the three years basic or three years Honors Degree holders.**

Two Years Master's Degree Programs will have exit option at the end of One Academic Year (Two Semesters) with the Post-graduate Diplomas in the respective disciplines/ subjects, provided they earn a minimum of 44 credits as follows:.

**44 Credits after the Bachelor Degree to become eligible for the PG Diploma
88 Credits after the Bachelor Degree to become eligible for the Masters Degree**

It is optional to the candidate to exit or not, after two, four and six semesters of the undergraduate program with Certificate, Diploma and with Regular Bachelor Degree, respectively. He/she will be eligible to rejoin the program at the exit level to complete either the diploma, degree or the honors degree. Further, all the candidates will be awarded Bachelor degrees on successful completion of three academic years (six semesters) of the undergraduate programs.

A student will be allowed to enter/re-enter only at the Odd Semester and can only

exit after the Even Semester. Re-entry at various levels as lateral entrants in academic programs should be based on the earned credits and proficiency test records.

5. ACADEMIC BANK OF CREDITS (ABC)

The Academic Bank of Credits (ABC), a national-level facility will promote the flexibility of the curriculum framework and inter-disciplinary/multi-disciplinary academic mobility of students across the Higher Education Institutions (HEIs) in the country with appropriate “credit transfer” mechanism. It is a mechanism to facilitate the students to choose their own learning path to attain a Degree/Diploma/Certificate, working on the principle of multiple entry and exit as well as anytime, anywhere, and any level of learning. ABC will enable the integration of multiple disciplines of higher learning leading to the desired learning outcomes including increased creativity, innovation, higher order thinking skills and critical analysis. ABC will provide significant autonomy to the students by providing an extensive choice of courses for a program of study, flexibility in curriculum, novel and engaging course options across a number of higher education disciplines/institutions.

The multiple entry and exit options for students is facilitated at the undergraduate and Master’s levels. It would facilitate credit accumulation through the facility created by the ABC scheme in the “Academic Bank Account” opened for students across the country to transfer and consolidate the credits earned by them by undergoing courses in any of the eligible HEIs. The ABC allows for credit redemption through the process of commuting the accrued credits in the Academic Bank Account maintained in the ABC for the purpose of fulfilling the credits requirements for the award of certificate/diploma/degree by the authorized HEIs. Upon collecting a certificate, diploma or degree, all the credits earned till then, in respect of that certificate, diploma or degree, shall stand debited and deleted from the account concerned. HEIs offering programs with the multiple entry and exit system need to register in the ABC to enable acceptance of multi-disciplinary courses, credit transfer and credit acceptance.

The validity of credits earned will be for a maximum period of seven years or as specified by the Academic Bank of Credits (ABC). The procedure for depositing credits earned, its shelf life, redemption of credits, would be as per UGC (Establishment and Operationalization of Academic Bank of Credits (ABC) scheme in Higher Education) Regulations, 2021.

Monitoring, Support and Quality assurance by Universities/College and ABC

- (1) It shall be the responsibility of Registered Higher Education Institutions, to monitor the development and operationalization of the ABC program at the university level and at the level of their affiliated autonomous colleges.
- (2) Registered Higher Education Institutions shall offer teacher or staff training, mentoring, academic and administrative audit and other measures for improving the quality of performance of the ABC facility and promotion of holistic/multi-disciplinary education with the support of ABC, which may be in the form of Faculty Development Programs or Quality Improvement Programs or Professional Development Programs or Technology Inculcation Programs.

- (3) The Quality assurance of the implementation of ABC at the level of the registered university or autonomous college shall be developed by the University or autonomous college concerned either through the Internal Quality Assurance Cell (IQAC) or any other appropriate structured mechanism as may be decided by the Registered Higher Education Institution.**
- (4) Every Registered Higher Education Institution shall upload, annually, on its website, a report of its activities vis-a-vis the Academic Bank of Credits, as well as of measures taken by it for Quality assurance, Quality sustenance and Quality enhancement.**
- (5) There shall be an Academic Bank of Credits-Grievance Redressal Mechanism at the level of Central Government/University Grants Commission/Academic Bank of Credits, and at the level of every Higher Education Institution registered with Academic Bank of Credits to address the grievance/appeals of students.**

Study Webs of Active Learning for Young Aspiring Minds (SWAYAM) is India's national Massive Open Online Course (MOOC) platform (www.swayam.gov.in), designed to achieve the three cardinal principles of India's Education Policy: access, equity, and quality. The University Grants Commission (Credit Framework for Online Learning Courses through SWAYAM) Regulations, 2021 have been notified in the Gazette of India, which now facilitates an institution to allow up to 40 percent of the total courses being offered in a particular program in a semester through the online learning courses offered through the SWAYAM platform. Universities with approval of the competent authority may adopt SWAYAM courses for the benefit of the students. A student will have the option to earn credit by completing quality-assured MOOC programs offered on the SWAYAM portal or any other online educational platform approved by the UGC/regulatory body from time to time.

The details of the Course Patterns (hours of instructions per week) and the Schemes of Examinations of the different degree programs are approved by **BoS of the College**. The syllabi of the courses shall be as prescribed by the college.

11. ASSESSMENT AND EVALUATION

Assessment is an integral part of the teaching learning process. A multi-disciplinary program requires a multi-dimensional assessment to measure the effectiveness of the diverse courses. The assessment process acts as an indicator to both faculty and students to improve continuously. The following are the guidelines for effective assessment of the program:

- a) Student assessment should be as comprehensive as possible and provide meaningful and constructive feedback to faculty and student about the teaching-learning process.
- b) Assessment tasks need to evaluate the capacity to analyze and synthesize new information and concepts rather than simply recall information previously presented.
- c) The process of assessment should be carried on in a manner that encourages better student participation and rigorous study.
- d) Assessment should be a combination of continuous formative evaluation and an end-point summative evaluation.
- e) A range of tools and processes for assessment should be used (e.g. open book tests, portfolios, case study/assignments, seminars/presentations, field work, projects, dissertations, peer and self-assessment) in addition to the standard paper-pencil test. The teachers concerned shall conduct test / seminar / case study, etc. The students should be informed about the modalities well in advance. The evaluated courses / assignments shall be immediately provided to the students.

- f) Paper-pencil tests should be designed rigorously using a range of tools and processes (e.g. constructed response, open ended items, multiple-choice with more than one correct answer). Faculty may provide options for a student to improve his / her performance in the continuous assessment mode.
- g) Continuous/ Internal assessment marks shall be shown separately. A candidate who has failed or wants to improve the result, shall retain the IA marks, provided he/she fulfils the minimum eligibility requirements.

12. BLENDED MODE (BL) AS A NEW MODE OF TEACHING-LEARNING

UGC suggests implementing Blended Mode (BL) as a new mode of teaching-learning in higher education. BL is not a mere mix of online and face-to-face mode, but it refers to a well-planned combination of meaningful activities in both the modes. The blend demands consideration of several factors, mainly focusing on learning outcomes and the learner centered instructional environment.

Implementing BL requires a systematic, planned instructional process. An effective teaching learning process in a blended environment calls for understanding and skills of using appropriate pedagogies with suitable technologies. The UGC Concept Note provides guidelines for implementation of BL.

13. CONTINUOUS FORMATIVE EVALUATION/ INTERNAL ASSESSMENT:

Total marks for each course shall be based on continuous assessments and semester end examinations. As per the decision of the Karnataka State Higher Education Council, it is necessary to have uniform pattern of 60 : 40 for Semester End examinations and IA respectively, in all the Universities, their Affiliated and Autonomous Colleges.

Total Marks for each course	= 100
Continuous assessment (C1)	= 20 marks
Continuous assessment (C2)	= 20 marks
Semester End Examination (C3)	= 60 marks

Evaluation process of IA marks shall be as follows

- a) The first component (C1) of assessment is for 20 marks. This shall be based on test. This assessment and score process should be completed after completing 50% of syllabus of the course/s and within 45 working days of semester program.
- b) The second component (C2) of assessment is for 20 marks. This shall be based on assignment, seminar, case study, field work, internship / industrial practicum / project work etc. This assessment and score process should be based on completion of remaining 50 percent of syllabus of the courses of the semester.
- c) During the 17th – 19th week of the semester, a semester end examination shall be conducted by the College for each course. This forms the third and final component of assessment (C3) and the maximum marks for the final component will be 60.

- d) In case of a student who has failed to attend the C1 or C2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the **Program Coordinator / Principal**. The HoD / Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such candidate on the date fixed by the concerned teacher but before commencement of the concerned semester end examinations.
- e) For assignments, students should write assignment in blue books and submit to concerned department.
- f) For Internal Tests, the college will provide answer sheets & graph sheets for C1 or C2.
- g) In the case of study analysis, concerned department will take necessary steps.
- h) The outline for continuous assessment activities for C1 and C2 shall be as under.

Outline for continuous assessment activities for C1 and C2

Activities	C1/C2
Session Test	C1 - 20 marks
Seminars/Presentations/Activity Case study /Assignment / Field work / Project work etc.	C2 – 20 marks
Total	40 marks

- For practical course of full credits, seminar shall not be compulsory. In its place, marks shall be awarded for Practical Record Maintenance.
 - Conduct of seminar, case study / assignment, etc. can be either in C1 or in C2 component at the convenience of the concerned teacher/HoD.
 - The concerned Convener shall conduct test. Students should be informed about the modalities well in advance. The evaluated test papers / assignments of component I (C1) and component II (C2) of assessment are immediately provided to the candidates after obtaining acknowledgement in the register by the concerned teachers(s) and maintained by the Department Head in the case of a College Post-Graduate Department and the Principal / Director in the case of affiliated institutions. Before commencement of the semester end examination, the evaluated test, assignment etc. of C1 and C2 shall be obtained and maintained till the announcement of the results of the examination of the concerned semester website.
- i) The marks of the internal assessment shall be published on the notice board of the department / college for information of the students.
- j) The Internal assessment marks shall be communicated to the Controller of Examinations at least 10 days before the commencement of the College examinations and the Controller of Examinations shall have access to the records of such periodical assessments.

- k) There shall be no minimum in respect of internal assessment marks.
- l) **Internal assessment marks may be recorded separately. A candidate, who has failed or rejected the result, shall retain the internal assessment marks.**
 In case a student is not satisfied with the assessment, the student can make an appeal to the Grievance Cell within 10 days from the date of announcement of the results. Otherwise, it is presumed that the student has no objection to the marks awarded.
- m) The student can appeal to the Grievance Cell by paying the prescribed fee as fixed by the College. The Grievance Cell is empowered to take corrective measures. The concerned course teacher has to provide all the relevant documents to the Grievance Cell. The decision taken by the Grievance Cell is final.
- n)

14. CONDUCT OF EXAMINATIONS:

A candidate shall register for all the courses/papers of a semester for which he/she fulfills the requirements, when he/she appears for examination of that semester for the first time.

- (a) There shall be Theory and Practical examinations at the end of each semester, ordinarily during November-December for odd semesters and during May-June for even semesters, as prescribed in the Scheme of Examinations.
- (b) Unless otherwise stated in the schemes of examination, practical examinations shall be conducted at the end of each semester. They shall be conducted by two examiners, one internal and one external (In special cases, exemption may be given by the Controller of Examinations). The Practical examination shall never be conducted only by internal examiners. The statement of marks sheet and the answer books of practical examinations shall be sent to the Controller of Examinations by the Chief Superintendent immediately after the practical examinations. In case, the practical examination extends till late in the evening, the marks lists shall be deposited with the Chief Superintendent of Examination and the same will be handed over to the Controller of Examinations on the following day. In case the following day happens to be Sunday/general holiday the answer scripts will be handed over to the Controller of Examinations on the immediate subsequent working day.
- (c) The candidate shall submit the record book for practical examination duly certified by the course teacher and the HoD/staff in-charge. It shall be submitted during the practical examination.
- (d) Examination will be conducted in 1,3,5 (odd –odd semester) and 2,4,6 (even-even semester) pattern only.

15. EXAMINATION AND EVALUATION FOR C3

15.1 Question paper setting

- a) **Each department shall have the Board of Examiners, which will scrutinize and approve the question papers for all the courses of that program.**

- b) **One question paper should be set by the internal examiner and two question papers are to be set by the external examiners.**
- c) **While preparing question paper only 10 to 15% (Maximum) repetition of previous question paper in that course is permitted. BoE is responsible for any deviation.**
- d) **Question Paper must be prepared as per the syllabus and BoE should ensure that all the units of the syllabi are covered while preparing the question paper.**
- e) **For all examination related work the members should be selected from approved panel of Examiners only. However, under extraordinary circumstances, concerned Chairman can obtain the permission from Controller of Examinations with the approval of the Principal and appoint an examiner from outside the panel. This will be only to meet the exigencies.**

15.2 Evaluation

- a) **Before the evaluation the answerscripts shall be coded.**
- b) **There shall be centralized and single evaluation of the C3 theory answerscripts.**
- c) **C3 component of the Practicals will be conducted with two examiners of whom, at least, one is an external examiner.**

Any examiner on the approved panel of examiners of the college not belonging to the parent college will be an external examiner.

- d) **Minimum experience for evaluation : 5yrs teaching experience for theory and 3yrs for practical (In special cases permission may be obtained from the Controller of Examinations/Principal for inviting an examiner who has lesser experience than stated above).**
- e) **UG:**
Projects shall be evaluated as per the scheme recommended by the relevant Board of Studies. C1 and C2 components of the projects shall be evaluated by the project supervisor for 30 marks each. C3 component of the projects shall be evaluated jointly by the project supervisor and one external examiner for 40 marks.
- f) **Each evaluator must value 40 scripts per day (20 scripts in the morning session and 20 scripts in the afternoon session).**
- g) **15% of the answer scripts to be reviewed by Chief/DC. Additionally, the scripts of the students scoring 90% and above should be compulsorily reviewed.**
- h) **The Chief/DC should evaluate 30 scripts per day (20 scripts to be evaluated and 10 scripts to be reviewed). However, provision has been made to claim for 40 scripts by the reviewer as board average.**

15.3 Normally results of all examination will be announced within one month of the completion of the examination, unless the situation warrants extra time.

16. PHOTOCOPY, RE-TOTALING AND REVALUATION

16.1 A student can avail the following services by paying the prescribed fee to the college within 15 days from the date of announcement of the results:

- **Photocopy of the answerscript (C3)**
- **Viewing and Re-totaling**
- **Revaluation.**

16.2 The Re-totaling facility shall be provided for checking whether all the answers have been valued, and the totaling is correct.

In case any answer or part thereof has not been valued, that part may be referred to another valuer, and marks so awarded shall be added to the total.

In case there is a mistake in totaling or carry over of marks from the inside sheet to the facing sheet, then the Controller of Examinations shall have it corrected with the approval of the Principal.

The Principal will have powers to fine the erring examiner. The fine amount will be decided by the Malpractice Committee.

16.3 The result of Re-totaling shall be announced within a week from the date of applying for the same.

16.4 The result of the revaluation shall be announced within twenty days from the last date of the receipt of the application.

16.5 Re-valuations shall be carried out by an external examiner who has not valued that particular script.

- If the difference between the original marks and the revaluation marks does not exceed 15% of the maximum marks prescribed for that theory paper, the higher of the two will be the final award of marks.**
- If the difference between the original marks and the revalued marks is more than 15% of the maximum prescribed for that theory paper, such script shall be valued by another external examiner outside the college and marks awarded by the third valuer will be final.**
- In case one or more answers are not valued by the first examiner, then the marks awarded by the subsequent examiner as far as these answers are concerned shall be taken as they are, without averaging with the marks of other answers**
- In case where there is a difference between the original marks, first revaluation marks or/and these second revaluation marks clearly indicating that a particular examiner has been erratic in his/her valuation, then such cases shall be referred to the *Malpractice and Lapses Inquiry Committee* to establish whether or not any punitive measures need to be taken.**

- e) **If there is a complaint of unfair valuation of answerscripts for a group of students, the Principal may, after a preliminary inquiry, order for reevaluation of the paper concerned. After such reevaluation, a random sample of 10% of the answerscripts, subject to a minimum of ten, shall be referred for review.**

Such candidates shall be eligible for the degree, only after completion of all the lower semester examinations.
- (f) If a candidate fails in a subject, either in theory or in practicals, he/she shall appear for that subject only at any subsequent regular examination, as prescribed for completing the program. He/she must obtain the minimum marks for a pass in that subject (theory and practicals, separately) as stated above.
- (g) The students who have paid the semester's prescribed examination fee are allowed to continue their studies in next semester. However, they should pay the prescribed fee for the subsequent examinations.**18. CARRY OVER:**
- a) Candidates who fail in lower semester examinations may go to the higher semesters and take the lower semester examinations.
- b) The students who have paid the semester's prescribed examination fee are allowed to continue their studies in next semester. However, they should pay the prescribed fee for the subsequent examinations.

19. CLASSIFICATION OF SUCCESSFUL CANDIDATES:

- The eight points grading system which is described below will be the basis for the declaration of results. The declaration of result is based on the Semester Grade Point Average (SGPA) earned at the end of each semester or the Cumulative Grade Point Average (CGPA) earned at the completion of all the eight semesters of the program and the corresponding overall alpha-sign grades. If some candidates exit at the completion of first, second or third year of the four years Undergraduate Programs, with Certificate, Diploma or the Basic Degree, respectively, then the results of successful candidates at the end of second, fourth or sixth semesters shall also be classified on the basis of the Cumulative Grade Point Average (CGPA) obtained in the second, fourth, sixth or eighth semesters, respectively for award of
 - Certificate in Arts / Science / Commerce
 - Diploma in Arts / Science / Commerce
 - Bachelor's Degree in Arts / Science / Commerce
 - Bachelor's Degree with Honours in a Discipline / Subject
- In addition to the above, successful candidates at the end of tenth semester of the integrated Master's Degree Programs, shall also be classified on the basis of CGPA obtained in ten semesters of the Programs. Likewise, successful candidates of one year or two semesters Master's Degree Programs are also classified on the basis of CGPA of two semesters of the Master's Degree Programs.

Table II: Final Result / Grades Description

Every order made under this rule shall be subject to ratification by the Appropriate University Authorities.

25.Repeal and Savings

The existing Regulations governing three years Bachelor degree programs in the faculties of Arts, Science and Commerce shall stand repealed. However, the above Regulations shall continue to be in force for the students who have been admitted to the program before the enforcement of this regulation.

26 SGPA and CGPA

26.1 Semester Grade Point Average (SGPA)

Credit Points for the paper (CP) = No. of Credits assigned X Grade Point secured for that course

SGPA indicates the performance of a student in a given Semester. SGPA is based on the total credit points earned by the student in all the courses and the total number of credits assigned to the courses/papers in a Semester.

Note: SGPA is computed only if the candidate passes in all the courses (gets a minimum P grade in all the courses) of a semester.

$$\text{SGPA of a semester} = \frac{\text{Total Credit Points in the Semester}}{\text{Total Credits in that Semester}}$$

26.2 Cumulative Grade Point Average (CGPA)

CGPA refers to the Cumulative Grade Point Average weighted across all the semesters. CGPA is obtained by dividing the total number of credit points (CP) in all the Semesters by the total number of credits in all the Semesters. The final result at the end of all the semesters is declared in the form of CGPA.

$$\text{CGPA} = \frac{\text{Total Credit Points in all the Six semester the Semester}}{\text{Total Credits in that Semester}}$$

26.3 Classification of results

The final grade point to be awarded to the student is based on CGPA secured by the candidate and is mentioned below :

$$\text{Equivalent/Overall percentage} = 10 \times \text{CGPA}$$

26.4 The overall percentage in a courses is $10 \times \text{SGPA}$.

26.5 The overall percentage in a program is $10 \times \text{CGPA}$.

27. Class Declaration

The final Qualitative Index to be awarded to the student is based on CGPA. It is given as:

CGPA	Qualitative Index
$5 \leq \text{CGPA} < 6$	Second Class
$6 \leq \text{CGPA} < 8$	First Class
$8 \leq \text{CGPA} \leq 10$	Distinction

28.1 The Principal shall nominate a Faculty Member as NEP Nodal Officer who will act as a liaison with the University and facilitate the implementation of the program.

28.2 Head of the Departments shall be the Program Co-ordinator, who shall be responsible for the Student Advisor's work and students support services.

28.3 Every student will have a member of faculty of the department as Student Advisor. All teachers of the departments shall function as Student Advisors and will have more or less equal number of students. The Student Advisor will advise the students in choosing elective courses and offer them all possible assistance.

29. DISCIPLINE

29.1 Every student is required to maintain discipline and decorum both inside and outside the campus in accordance with the instructions of the college and also as per the instructions issued by the University of Mysore/Government of Karnataka/UGC from time to time as per Student Conduct Rules.

29.2 Any act of indiscipline of a student is first to be considered by the Disciplinary committee of the college for necessary action. If the issue demands more serious consideration, the act of indiscipline will be reported to the Principal who will initiate appropriate action.

29.3 Principal may suspend a student pending inquiry depending upon the prima facie evidence.

29.4 The suspended student may appeal to the Principal whose decision will be final and binding.

30. Scheme of the Program

30.1 The minimum duration for completion of a UG Program is six or eight semesters. However, the maximum period to complete UG program is double the duration of the program.

31. Grievance Cell

For every UG program there will be one Grievance Cell. The composition of this cell is as follows:

- Principal (or his/her representative).**
- Head of the Departments.**
- One senior faculty member from each Department.**

32. Others

Any issue not specifically mentioned in these regulations shall be decided by the Principal in consultation with the appropriate authorities.

Any matter which is not covered under this regulation shall be resolved as per the regulations of University of Mysore.

Guidelines for Continuous Internal Evaluation and Semester End Examination:

The CIE and SEE will carry 40% and 60% weightage each, to enable the course to be evaluated for a total of 100marks, irrespective of its credits. The evaluation system of the course is comprehensive & continuous during the entire period of the Semester. For a course, the CIE and SEE evaluation will be on the following parameters:

Sl. No.	Parameters for the Evaluation	Marks
	Continuous Internal Evaluation(CIE)	
1	Continuous & Comprehensive Evaluation (CCE) – (A)	20Marks
2	Internal Assessment Tests(IAT) –(B)	20Marks
